ACADEMICS

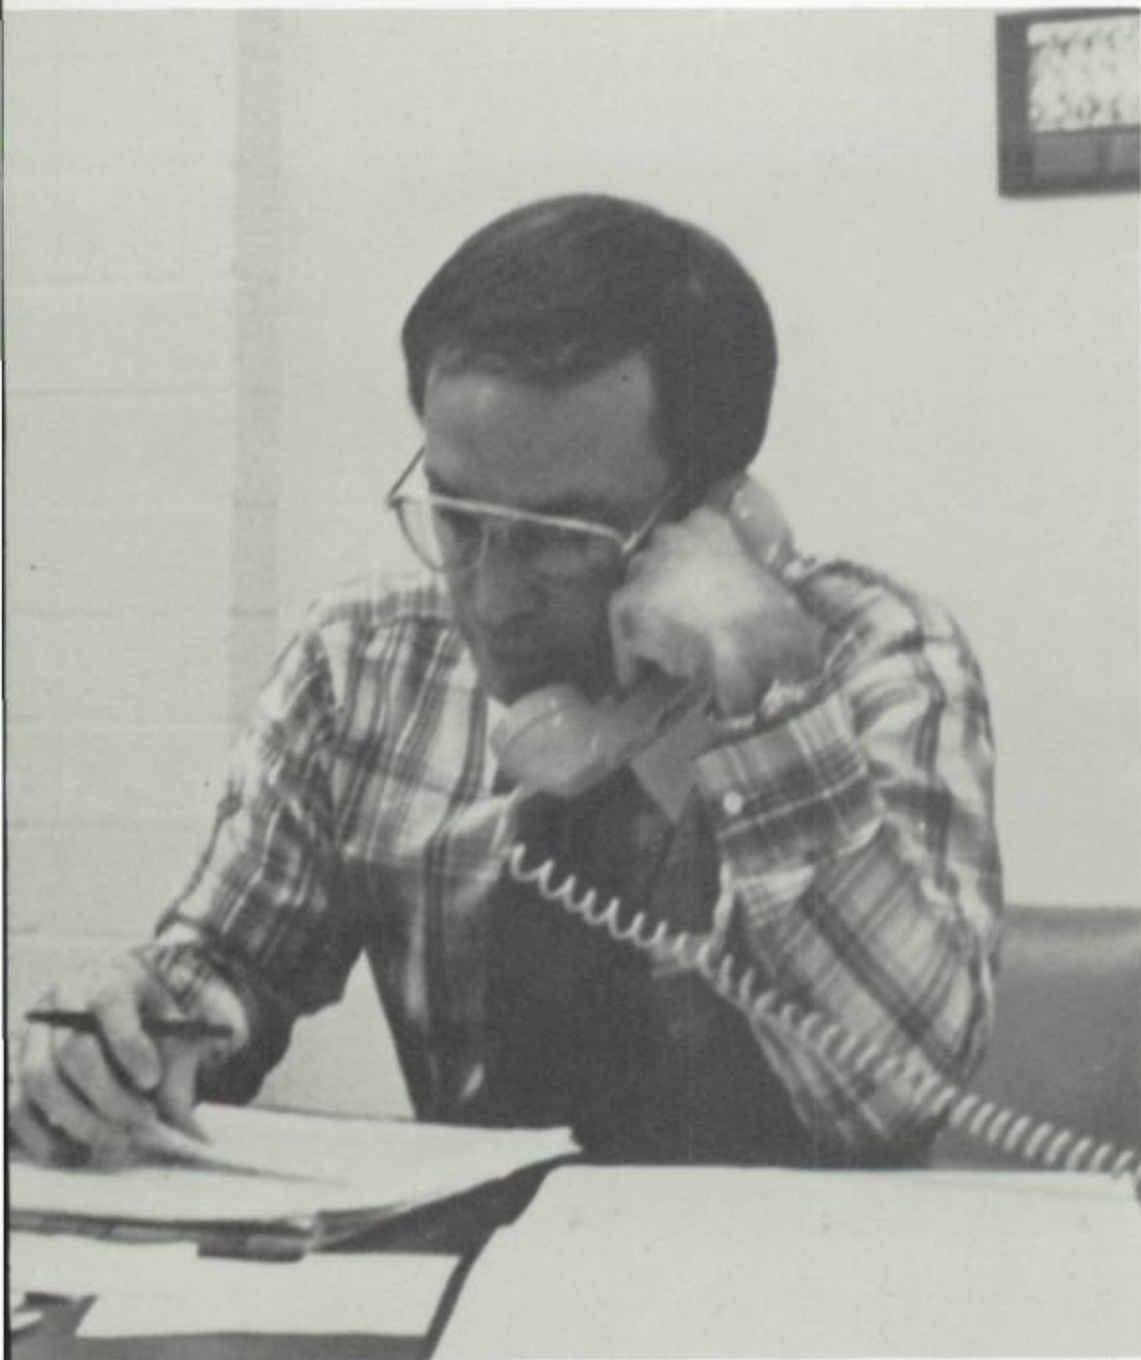

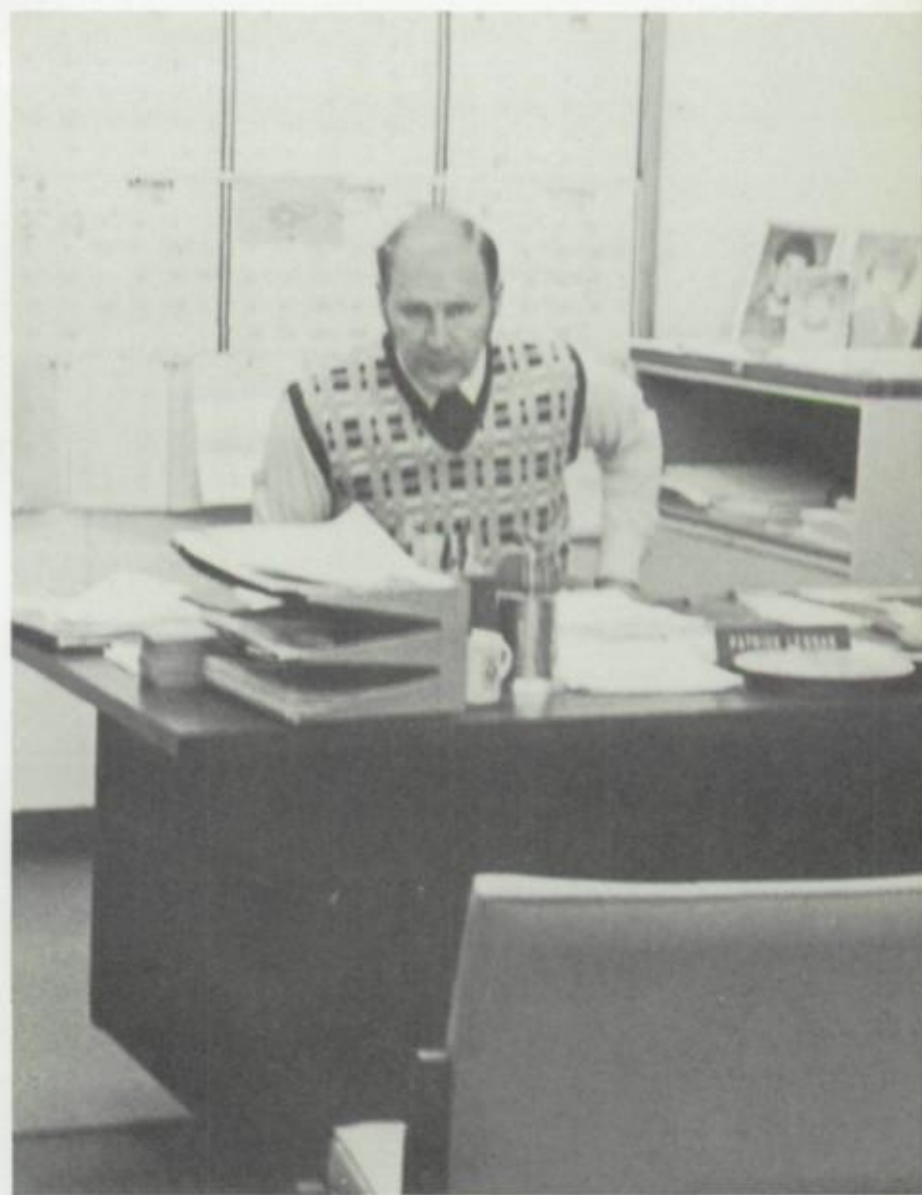

Administration Sets Horizons

Canyon del Oro's administration had two new personnel positions filled this year. Mr. Art Mangels, ex-Varsity Football head coach, was the new coordinator of athletics. Ann Butler was an English teacher and the coordinator of budgeting. Canyon del Oro had several new programs added, one of which was the Teacher Advisor program. Teachers helped students prepare their schedule for problems they might have had. The students received much more individual attention. Another new addition to the program was the Support of Diagnostic Center. The program was designed for students who were having problems in these specific areas and could go into the Gifted Program or Support Center which included the Life Planning center. In this center you can find information about any career that interests you. The Learning Disabled Program was for people who are physically handicapped.

Counselors Lend a Hand

Helping students become aware of their interests, aptitudes and abilities was the major goal of Canyon's counseling department. The counselors worked with the students on a wide variety of problems. A great amount of material was made available to students about colleges and specific careers. Each counselor had a realm of responsibility. Mrs. Benson handled the educational domain. She helped students with filling out college forms and applications. Mr. DeWeerd taught the Personal Growth and Adjustment class; it assisted students with social problems. He gave aid to all students with problems of this type. Mrs. Nordale offered information about vocational jobs and careers, and she became a full time member of the staff. Mrs. Swofford covered all of the testing done by the school and was the chairman of the awards committee. Mr. Smith handled registration and orientation, and he oversaw the jobs done by the other counselors.

Striving for Better Learning

With an advancing and changing world, the English department continued to fulfill the expectations of graduating students from C.D.O. The department featured courses which helped prepare the student for the job market or to ready him for college.

This year, the advanced English programs for Sophomores and Freshmen were discontinued due to a school board mandate. John Weismiller, head of the department, hopes the program will be continued the following year. Yearbook was also reinstated as one-half year English credit for all Juniors, Seniors, and Editors. The class hadn't been an English credit for the past two years.

Chris Wallace and Mirian Morgan were two new additions to the staff, although they weren't new faces around the school. Mrs. Wallace, who taught sophomore English and media classes, was a substitute teacher at Canyon for two years. Ms. Morgan, after a one year absence, returned as advisor of the Palantir, the school newspaper. "These different varieties of courses from which the students could choose," said Mr. Weismiller, "provided a rich experience for the students."

Picture 2, Mrs. Ashley takes a time out from class activities to have her picture taken by a yearbook photographer.

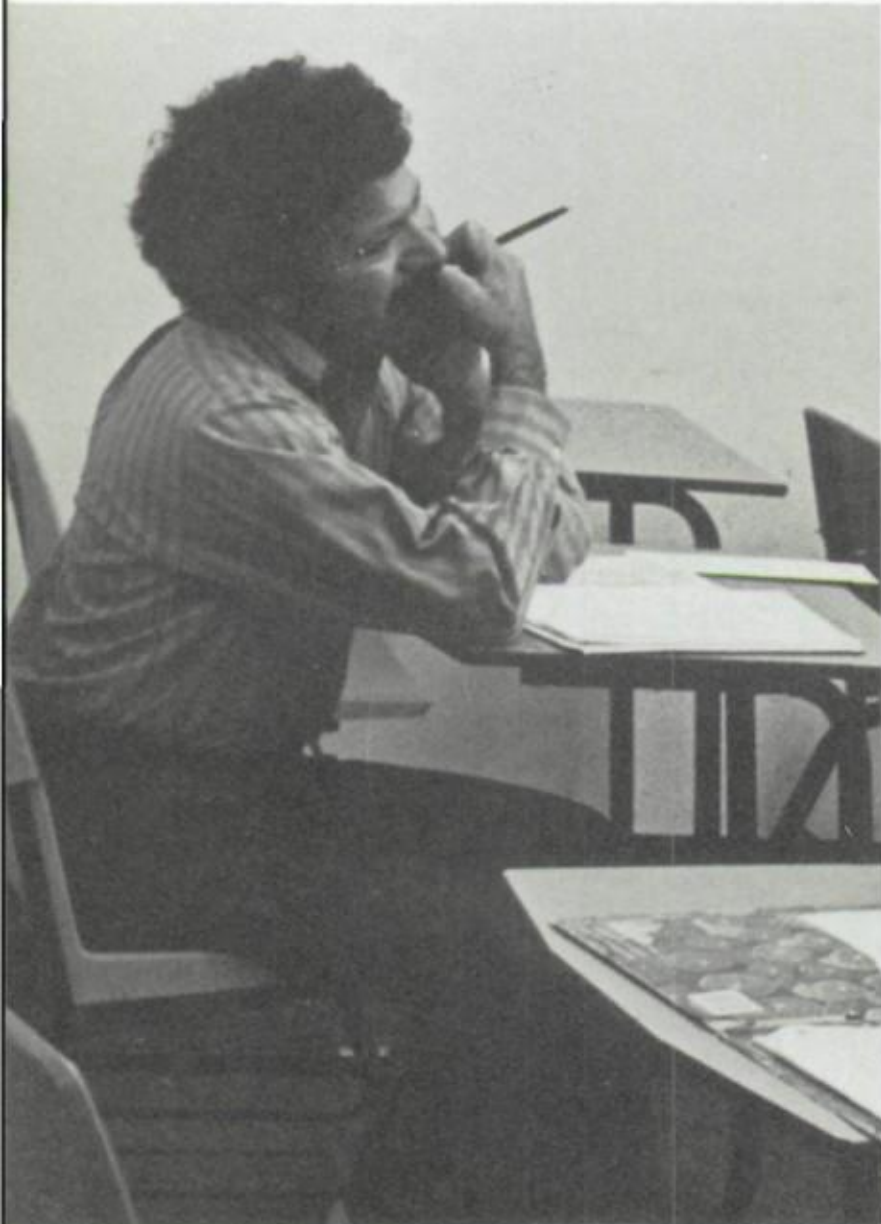

People and Customs

Expressing thoughts in speech and writing was one of the main objectives of the Foreign Language Department. Courses were designed to help students communicate in a foreign language. Emphasis was placed on the development of the student's ability to comprehend what they heard directly without translation.

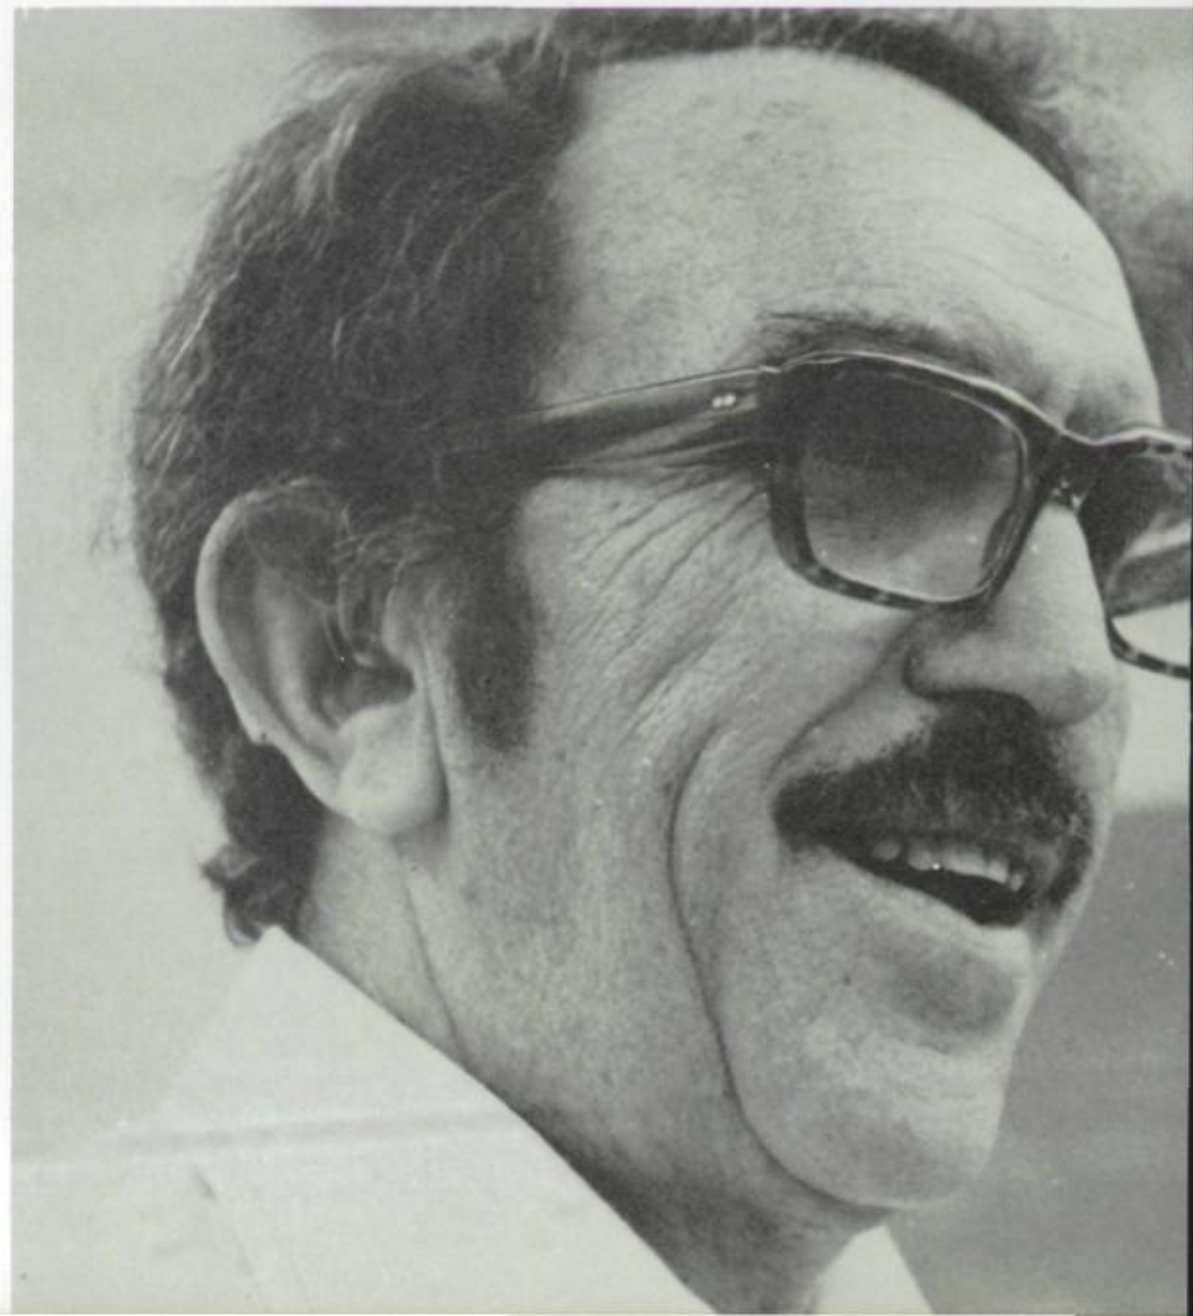

Conversational Spanish, a new course, was for students with two previous years of Spanish. Dialogues and written work composed the classroom activities. Spanish Two also received a new textbook which enabled the teachers and students to work with up to date material. Students from the German classes along with some students from other schools in the area, took a trip to West Germany during the summer. The students stayed in youth hostels and attended some school classes. They visited the cities of Cologne, Hannover, and West Berlin. It was such a great success that the German class have planned to do it again this summer. The more advanced Spanish classes were able to take a number of field trips. Among the places they visited were the Phoenix Museum of Art.

Page 27: Picture 1, Señor Gavitt makes up final exam. Picture 2, Señorita Hass gives oral quiz. Picture 3, Señor Lomaglio reads a passage out of a book.

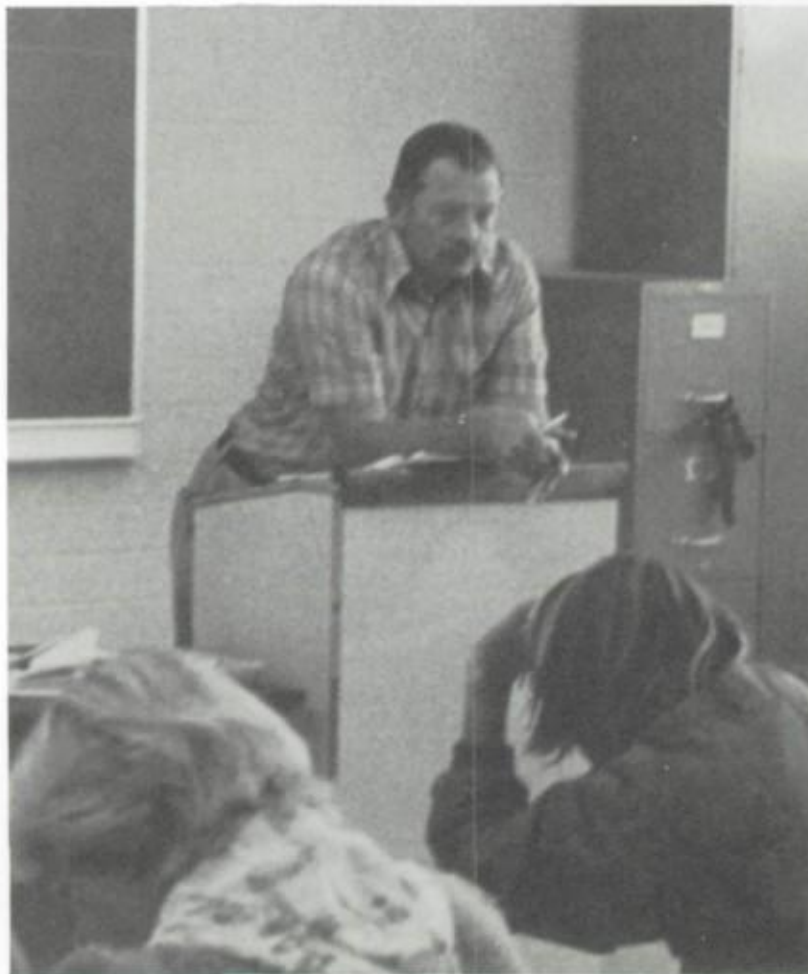

3

History: Past and Present

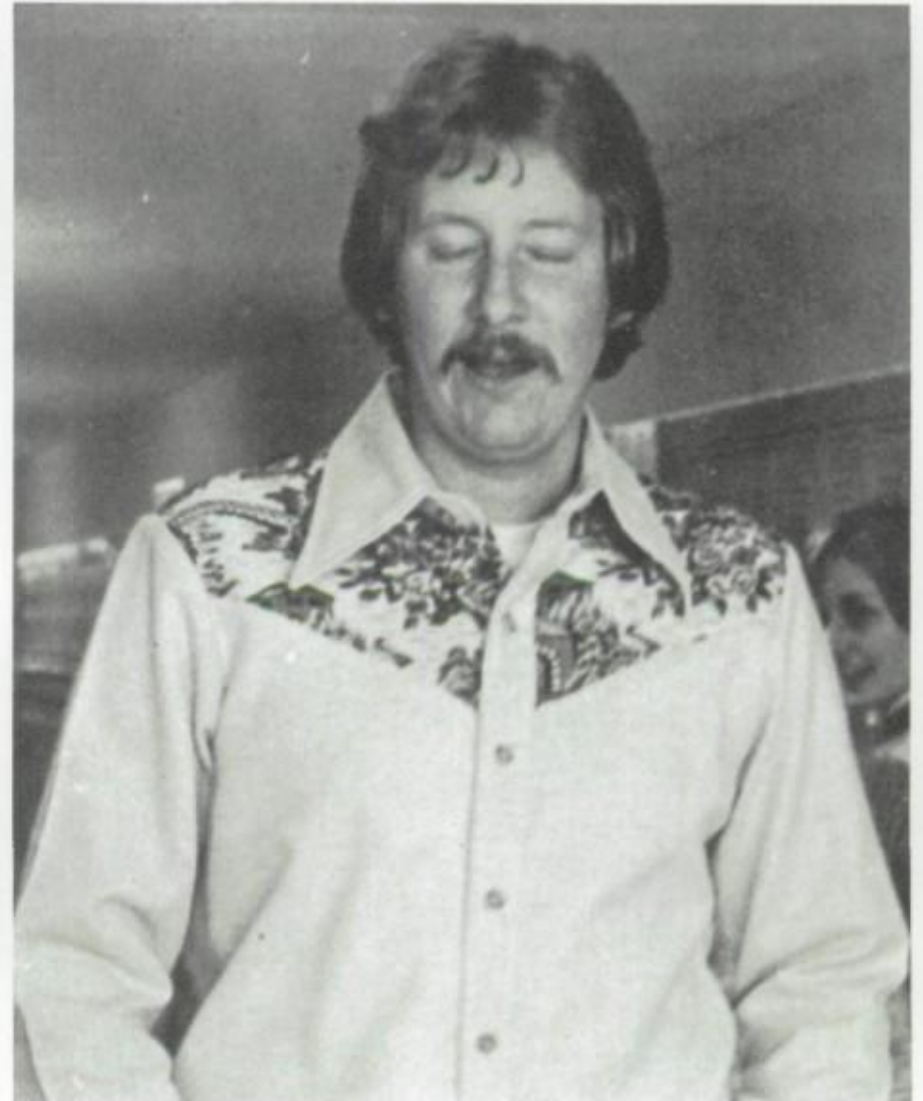

More classes were added to the history department. This year, an addition to the History Department was a special U.S. History Course. It's emphasis was on reading. New classes will be added next year too, but they haven't been definitely decided what they will be.

All of the new classes added in previous years at C.D.O. have been complete successes. Teachers at C.D.O. were pleased with the results of the nine-week mini-courses. The good thing about the mini-courses was that each student was able to choose among a variety of courses. This made history enjoyable for the student, as well as for the teachers.

"In view of the variety of courses offered, and of the well trained faculty at C.D.O.," Charles Herner, head of the History Department this year at C.D.O., was saying, "I think that we have one of the best History Departments in the entire state of Arizona."

Using Your Imagination

Music, Art and Drama are the three subjects that compose the Fine Arts Department at Canyon del Oro. Mr. Hoopes, the band director, and Mr. Hanky, the director of ensemble and chorus, helped build students skills with their instruments or with their voices.

Art director, Mr. Fausher, instructed students to build their skill in the various fields of ceramics, oils and watercolors. Also emphasized is the appreciation and understanding of art and artists.

Miss Cook, director of the drama department helps the students build confidence in themselves and to act and perform in front of others. A few other areas for students individual skills are make-up, mime, lighting and stagecraft.

A new program has been added to the Fine Arts Department since last year. It was the Acting Directing Workshop, conducted by Miss Cook. This program is an intermediate course between Beginning Drama, which is a requirement for this course, and Advanced Drama. It gives the student a chance to direct and prepare for Advanced Drama.

Quantities, Numbers and Symbols

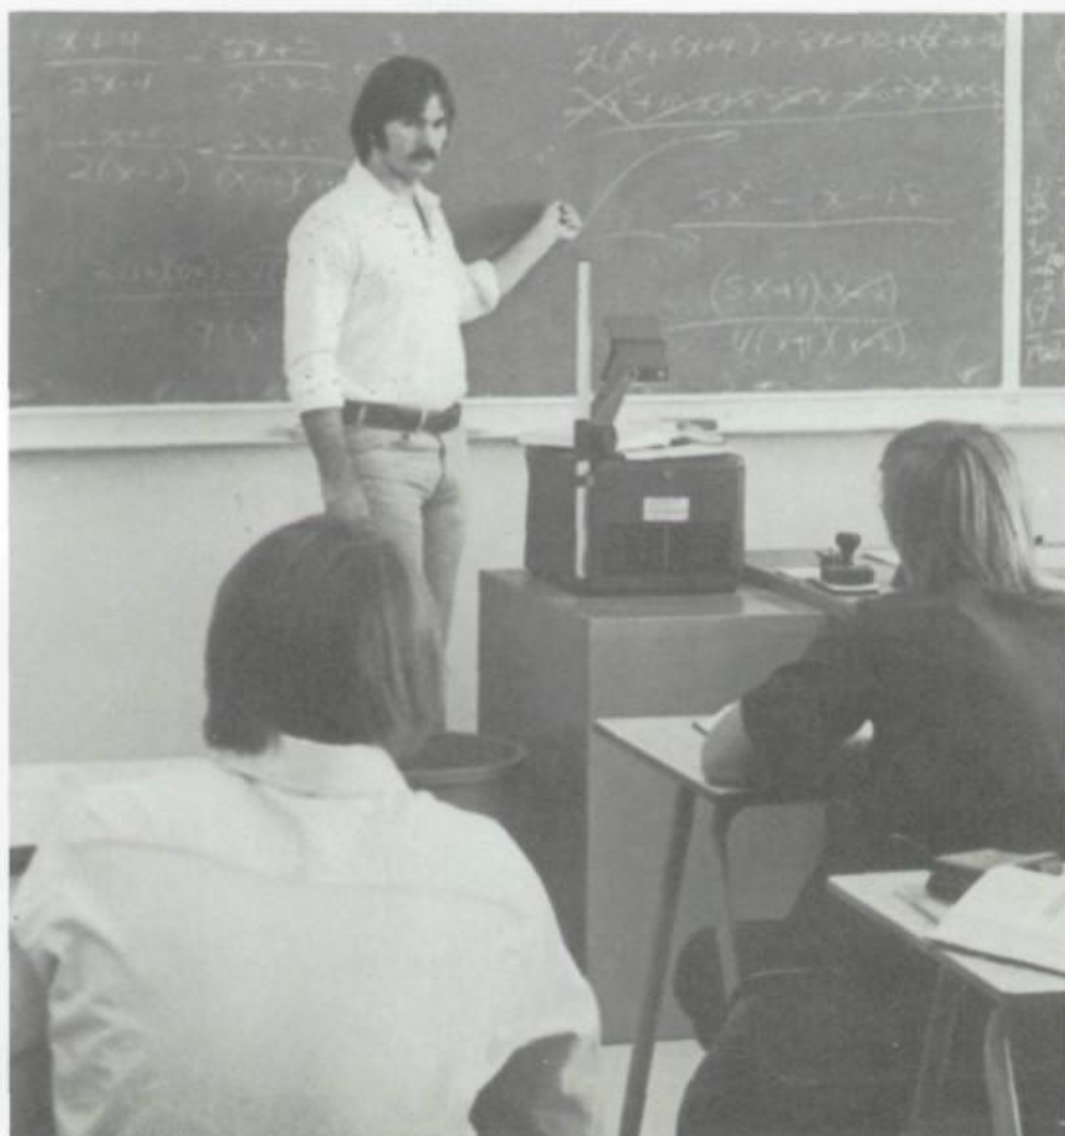

Because the world has reached the age of computerization, a new Computer II class was offered in addition to the Computer I classes introduced in the past year. Because it interfered with the calculus classes the Computer II course will be offered second semester in the following year.

Three new teachers were added to the staff. Pat Wentworth taught freshman math and geometry I. Mr. Ford taught for a semester at C.D.O. last year; he taught freshman math, Algebra and geometry. Mr. Huff came from Cross Junior High School and taught freshman math, geometry I and Algebra.

In the beginning of the year, the freshman took a math placement test to determine whether they could get into Algebra I. They had to score 60% or better on the placement test. If you failed there was a general math course, where the students were allowed to pace themselves according to their own ability.

Science: Learning by Doing

From frog's entrails to atoms, this year's science department dedicated all of their resources to providing CDO students with the basic skills of modern science. The science teachers taught a variety of lab orientated and activity centered classes. The students learned to understand the work of scientists by doing experiments and by using scientific methods.

Two new science classes were offered at Canyon this year, General Science and Science Seminar. General Science, taught by Mr. Hart, fulfilled the science requirement for graduating students. The course was for students who weren't planning to continue in science.

Science Seminar, taught by Mr. Leffingwell, gave any interested student an opportunity to research a project of his own choosing.

A new asset for CDO students was the beginning of constructing a new science building. The science faculty eagerly awaited the completion of the wing, which will allow for an expanded curriculum. Second year biology and chemistry courses, as well as some specialty courses, are planned.

Industrial Arts: Planning Ahead

Industrial Technology makes up the world. As industry grows, so does the demand for new laborers, and skills. A greater percentage of students took shop classes this year than in previous years at C.D.O. In this department will be our future technicians. This is the starting point of our future.

Many courses were offered in this field. Among them were auto-mechanics, metal shop, wood shop, and mechanical drawing. Industrial Technology was divided into two different categories. The industrial arts classes, which were for general education, and the vocational classes, which taught a specific skill. The industrial arts classes taught basic wood-working skills, such as safety, and the handling of different tools. The vocational classes taught specific skills in a certain area, and were for students training toward a career in a particular area. All of these shop classes work together to make up the Industrial Art center at C.D.O.

Page 37: Picture 1, "Are you sure that's the way it goes?" Picture 2, Learning the basics is the most important part of the shop classes. Picture 3, "How do you work this contraption?"

Preparing for Life

A higher percentage of students at Canyon have accepted the independent study program system. Students have been so highly in favor of the system that attendance and grades have risen tremendously. According to Mrs. Anderson, "Lower quality students tend to make better grades than they would on the normal course program." Students have also discovered that if they are not in any class, they can study in the library. If a student is having problems in an independent study course, then that student can put in more time with the part of the course that he or she is having problems with. The flexibility of scheduling business courses has made them highly desirable. Due to the high quality courses, students from CDO have been accepted into the business community. A Child Development class and Job's n Food course were new Home Economics classes. Child Development taught students how to treat and to take care of children. Job's n Food was a course designed to show students how to work in the fast food industry.

P.E. Teaches Recreational Awareness

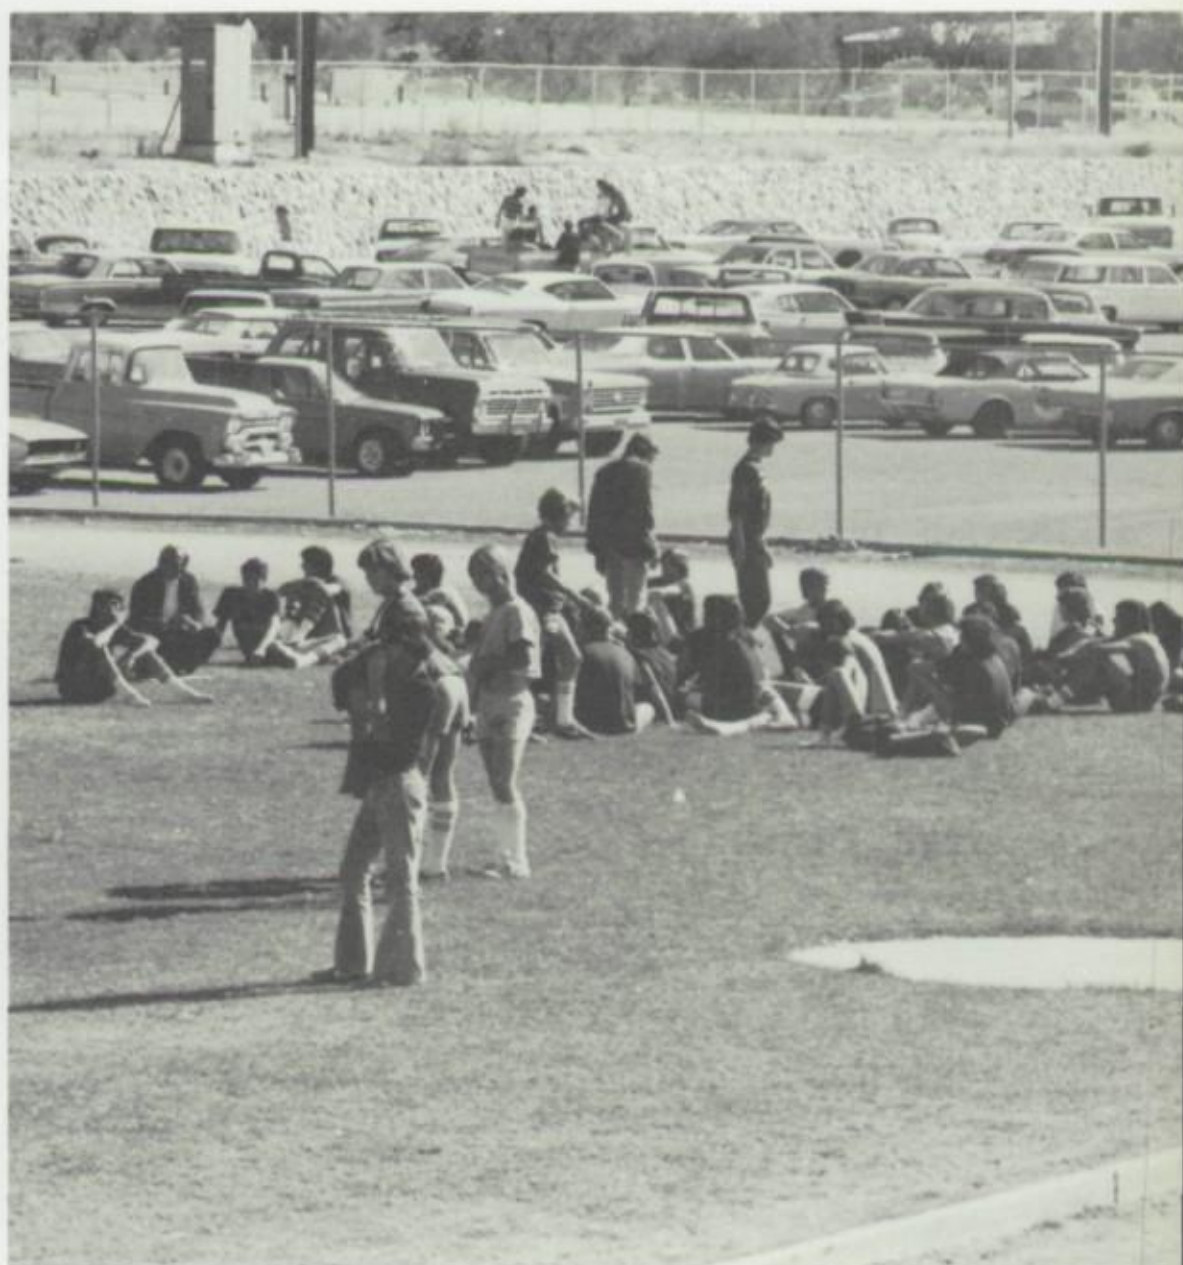

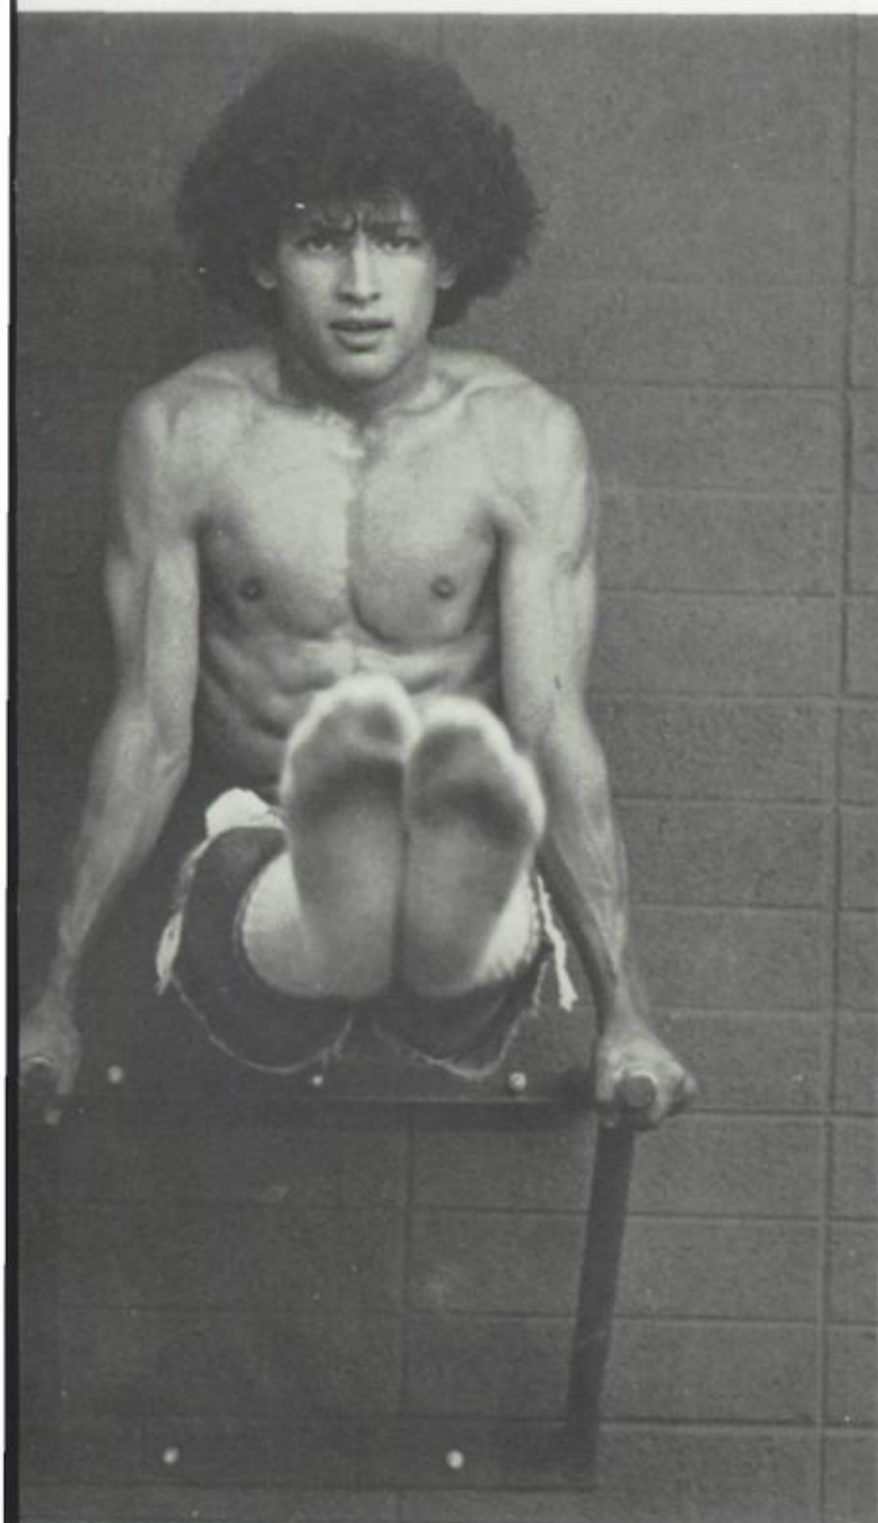

Touch Football, weight lifting, Soccer, the Physical Education Tests, the grueling twelve minute run. These and more were all a part of Boys' Physical Education. Students discovered that participating was more exciting with a variety of different activities, such as the use of the Dennis Weaver swimming pool during the fall and early summer for the Sophomore classes. An Interscholastic P.E. class was offered during seventh hour. This enabled athletes who were going out for a sport to practice at this time, and it fulfilled one's P.E. requirements. The boy's P.E. teachers were Mr. Bailey, Mr. Tissaw, Mr. Mangels, and Mr. Evers.

1

 Page 41: Picture 1, Carlos Huerta works out in the weight room. Picture 2, P.E. class waits for Mr. Mangels to finish taking roll.

Sport Means Action

The Canyon del Oro Girl's Physical Education Department provided students with the opportunity to become involved in athletic endeavor whether in class or on one of the teams. Katie Frey was the department head. Other members of the physical education staff included Mrs. Eerkes, Miss Leffler, and Mrs. Dreyer. Two years of physical education were required of all students. These requirements could be filled by either the regular Freshman or Sophomore courses, or by involvement in team sports such as volleyball, softball, Powder Puff football, basketball, or cheerleading. An excellent gymnastics program was also offered. A new program that began this year was Adventure Sports. Sailboating instruction as well as scuba diving in the depths of the Dennis Weaver pool were just some features of this program which also included helpful tips on hiking and camping.

Sunrise to Sunset Workers

The Canyon Del Oro cafeteria staff worked hard to keep the student body well-nourished with type A meals. The students were also well-nourished with the breakfast program which C.D.O. offered. Students were pleased with the new menu, which had more varieties of food. The cafeteria staff, headed by Elsie Morrison, consisted of twenty-one workers. Mrs. Morrison said, "I wish the students at C.D.O. would realize the importance of a well-balanced meal and I would like to see all the students taught more on nutrition." She had also mentioned the possibility of having a nutrition class established at C.D.O.

The eleven member custodial staff had many new activities which had to be taken care of. The head custodian Gene Kopec stated, "The students this year weren't as messy as last year and everyone had been more cooperative." But, he also added, "There's always going to be something that needs to be cleaned up which means that there is always room for improvement. We need more cooperation from the students to do a thorough and complete job."

Books Bought and Borrowed

Action finally took place at C.D.O. to curtail the high percentage of book thefts. A new electronic security system was installed in the library for the new year of 1976-77. In it's trial run it has proven to be a great success. The library has been able to keep a close watch on the whereabouts of their books with the help of the new machine.

The checkpoint system is monitored through bags, briefcases and clothing. When a student exited through a turnstile the librarian could tell whether or not the books the student was carrying were checked out by the sound of a beeper.

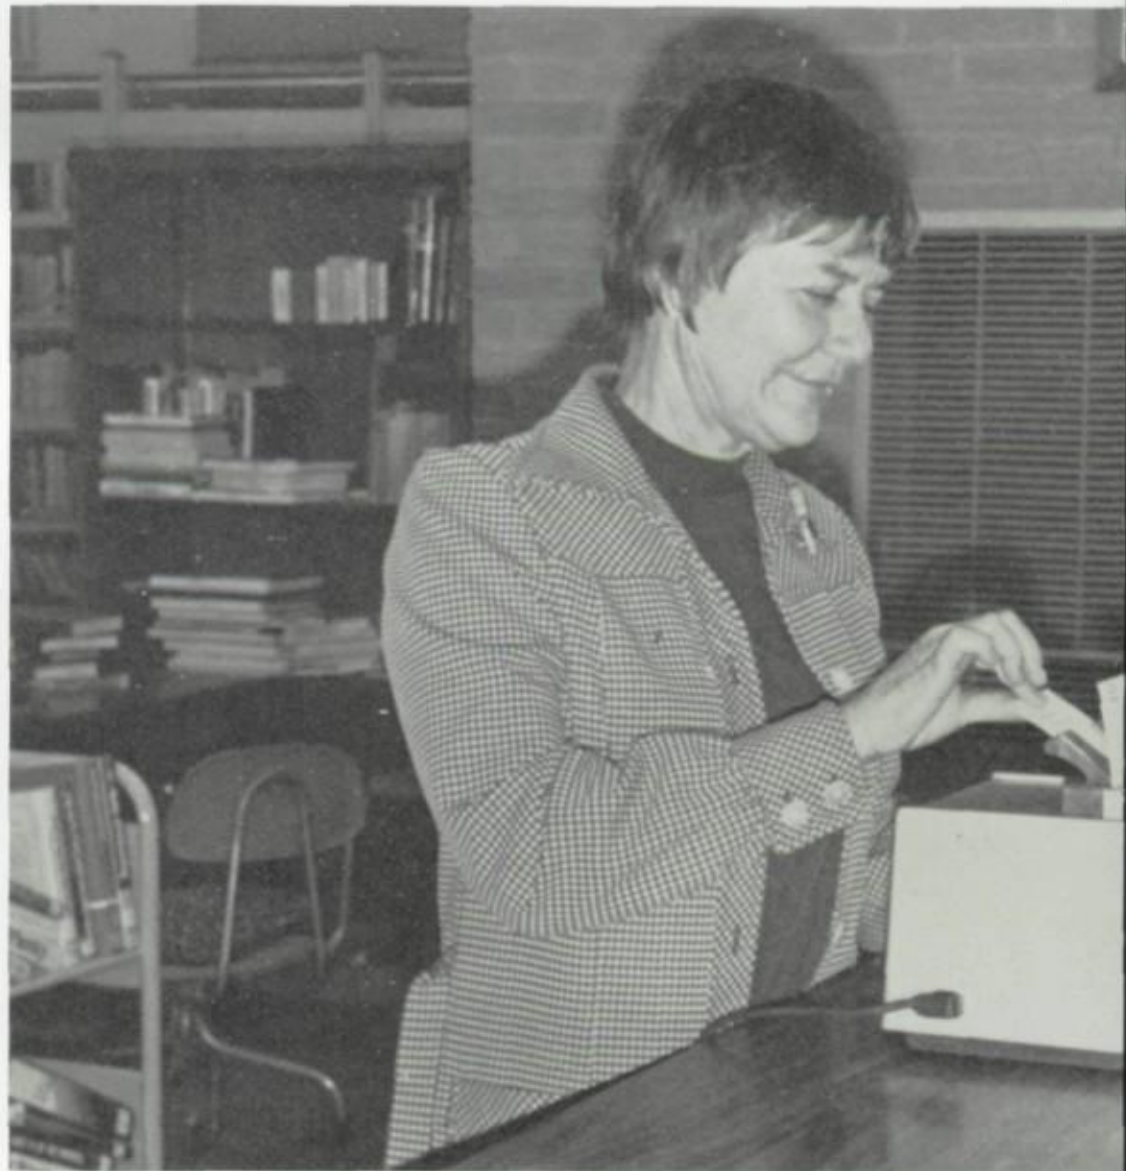

The bookstore was not only successful in helping the students with their books but was active in trying to keep the book prices down to help save the students some extra money. During the first two weeks of school the bookstore stayed opened till 9:00 o'clock in the evenings. Students were relieved of having to stand in line for an annoying amount of time. The bookstore also helped the Años del Oro staff by helping to sell the yearbooks.

People Seeing People

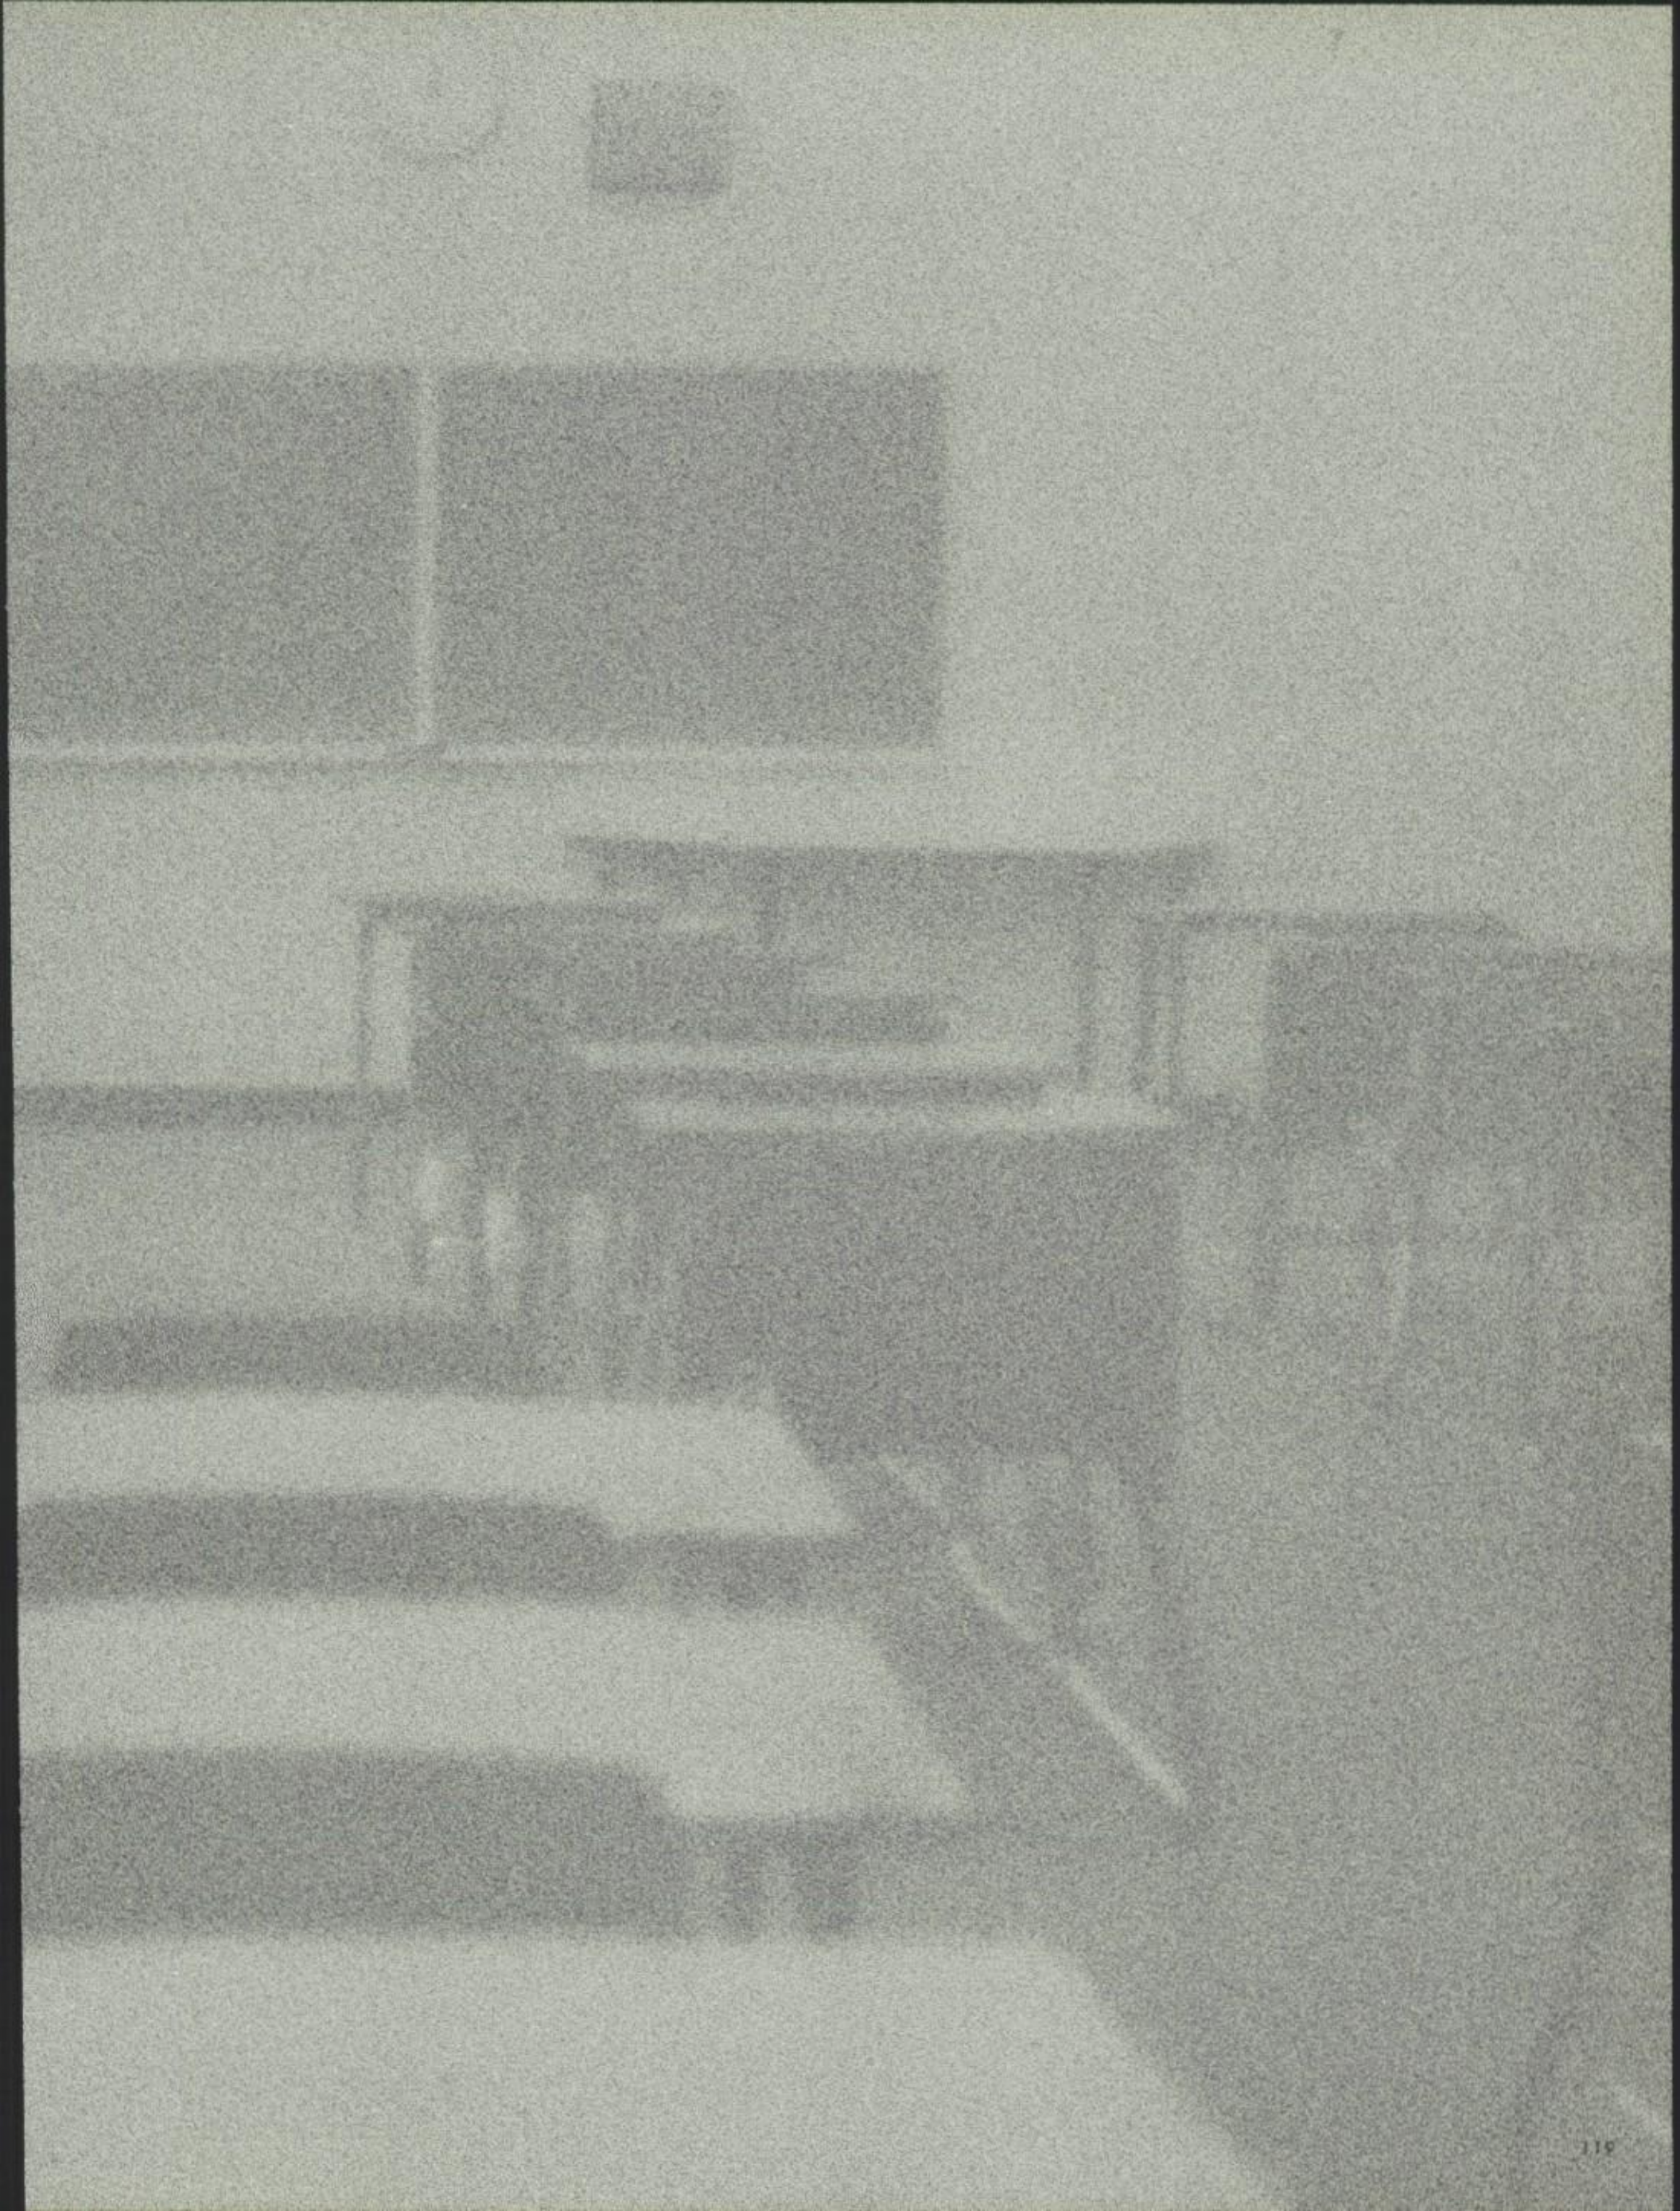

1

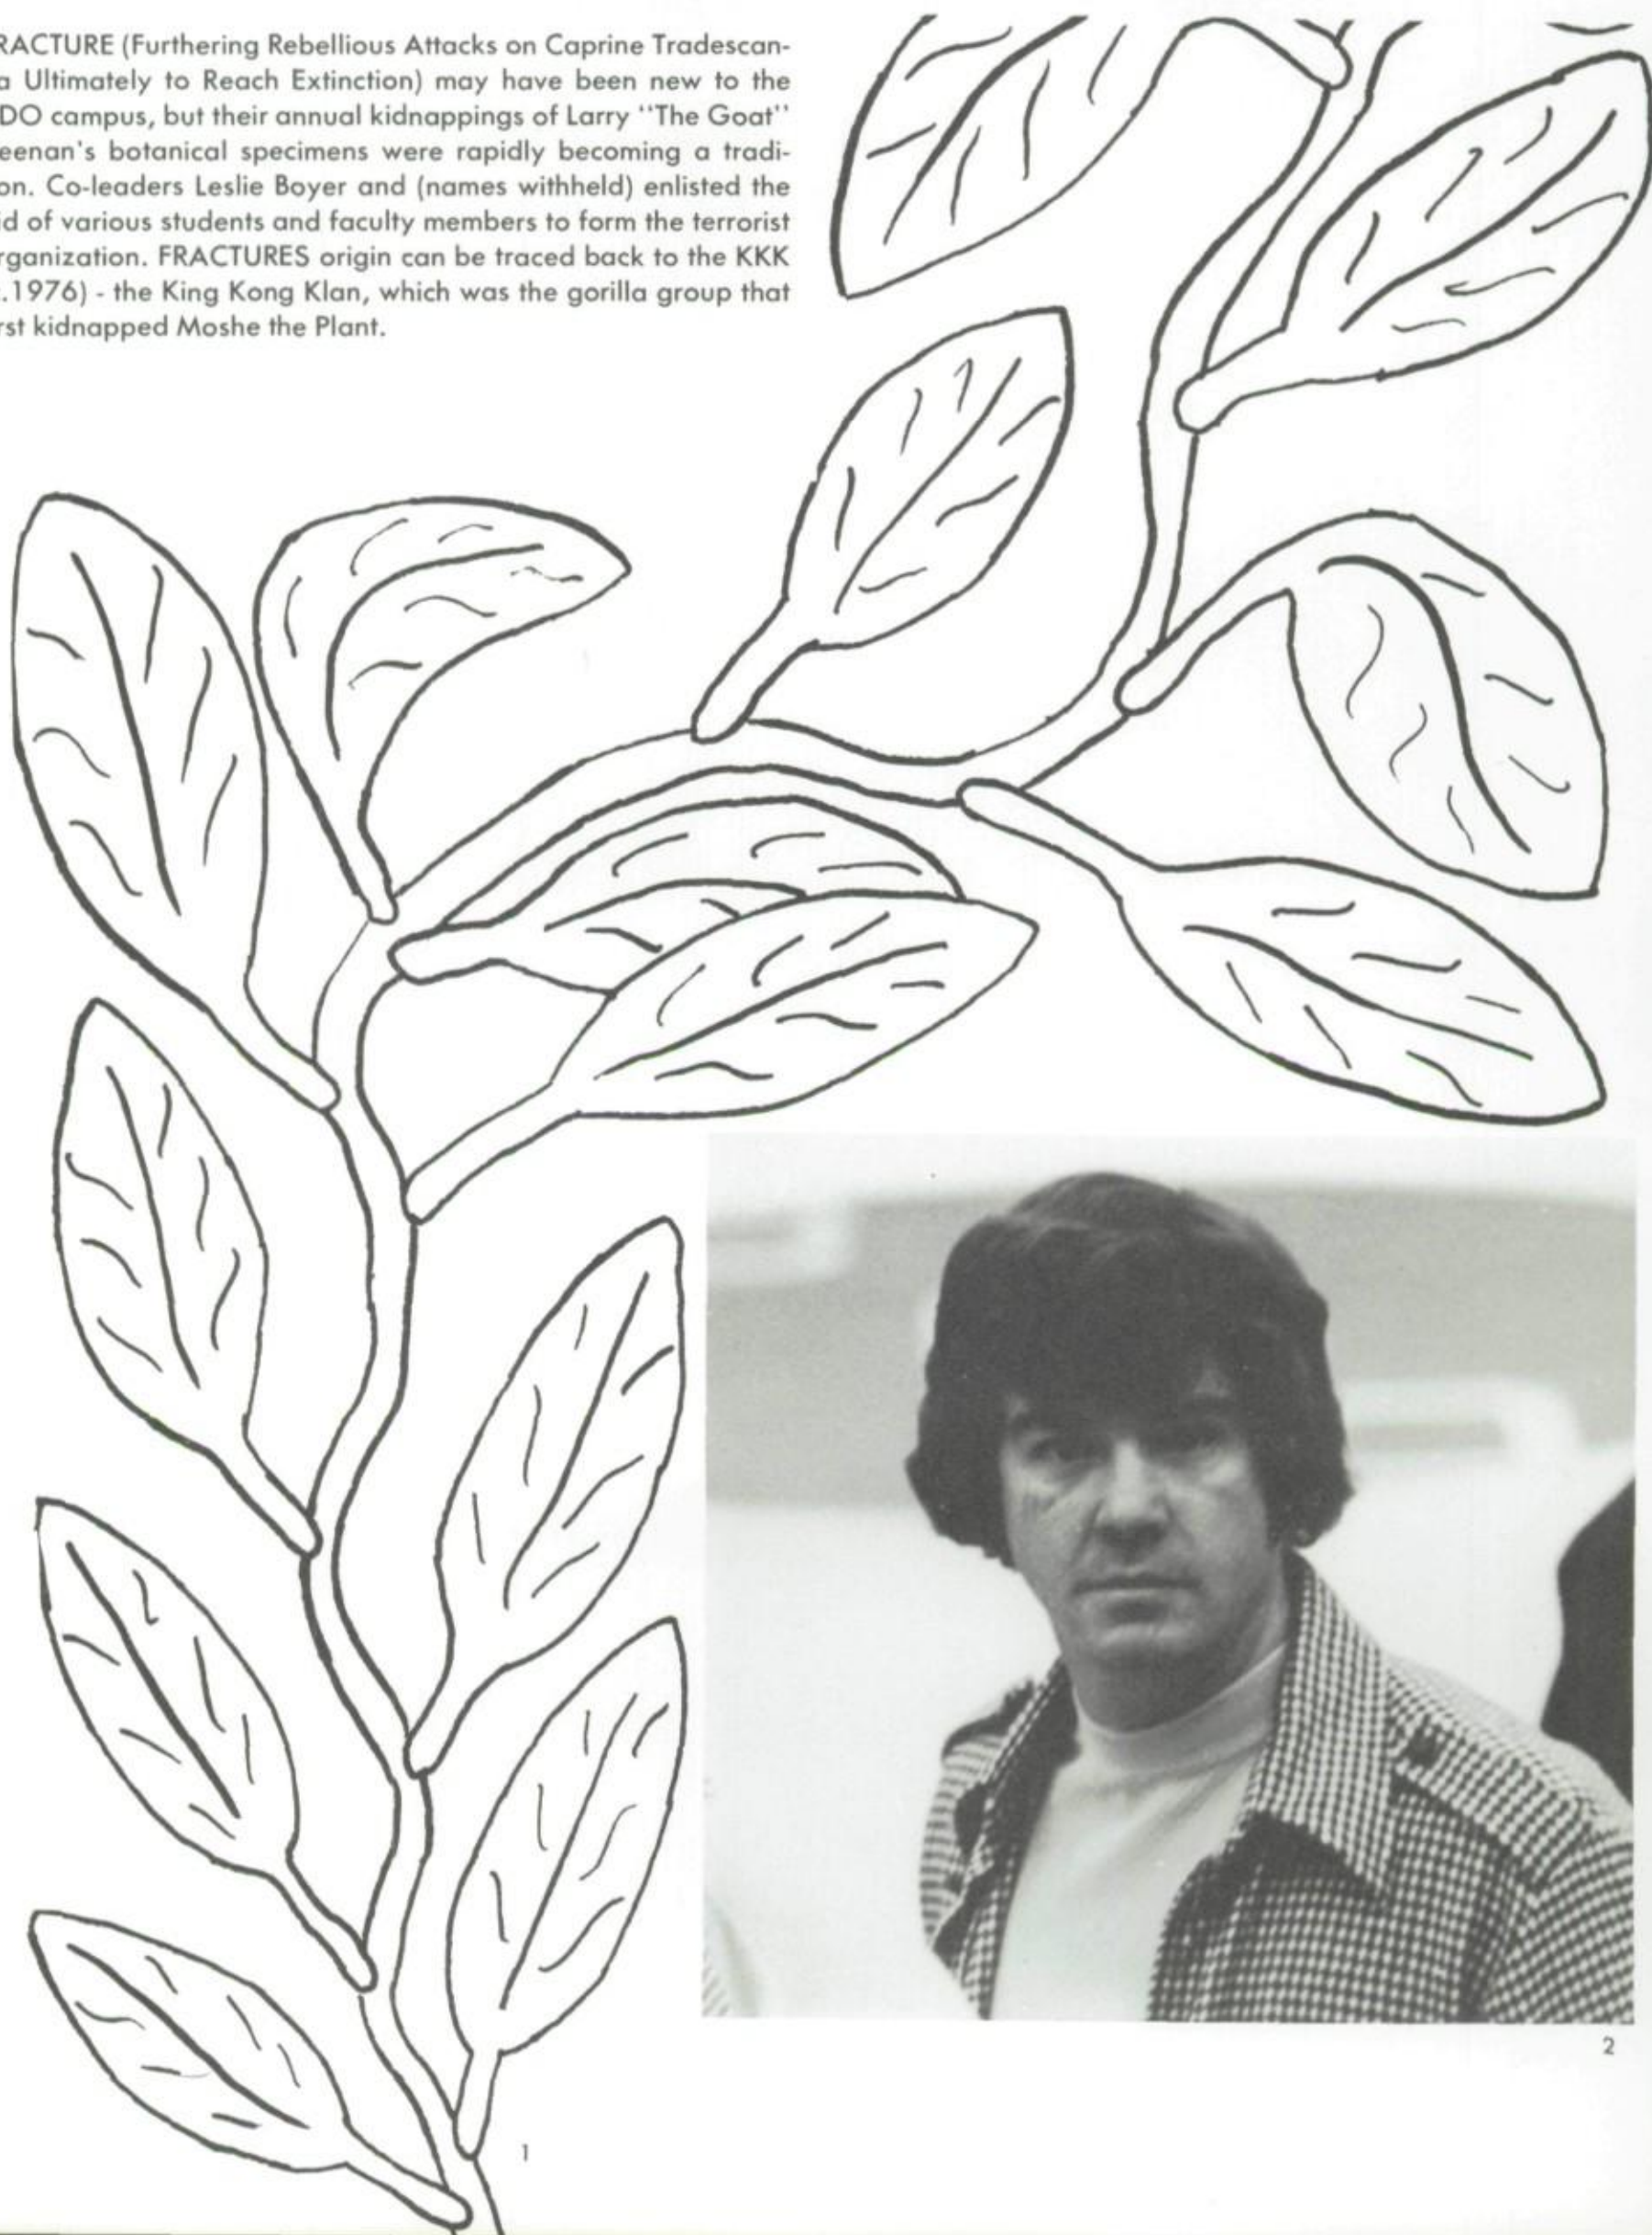

3

In an attempt to lessen the duties of the counselors, the Teacher Advisor (T.A.) Program was added to the school agenda. The T.A. period was on Tuesdays and Thursdays from 7:45 to 8:15. Each teacher assisted twenty students with any school problems they had. Conferences were held with each student so that the teachers could become acquainted with him. There were problems with the program. Many students didn't bother to see their counselors; others viewed the T.A. period as an extra half hour of sleep. To remedy this, club meetings and assemblies were held during the period, and missed work could be made up then.

Terrorists Invade CDO

FRACTURE (Furthering Rebellious Attacks on Caprine Tradescantia Ultimately to Reach Extinction) may have been new to the CDO campus, but their annual kidnappings of Larry "The Goat" Keenan's botanical specimens were rapidly becoming a tradition. Co-leaders Leslie Boyer and (names withheld) enlisted the aid of various students and faculty members to form the terrorist organization. FRACTURES origin can be traced back to the KKK (c.1976) - the King Kong Klan, which was the gorilla group that first kidnapped Moshe the Plant.

SK. WRESTLING! Friday
SWEEP THE DUST DEVILS!
VS. ELOY
ELOY

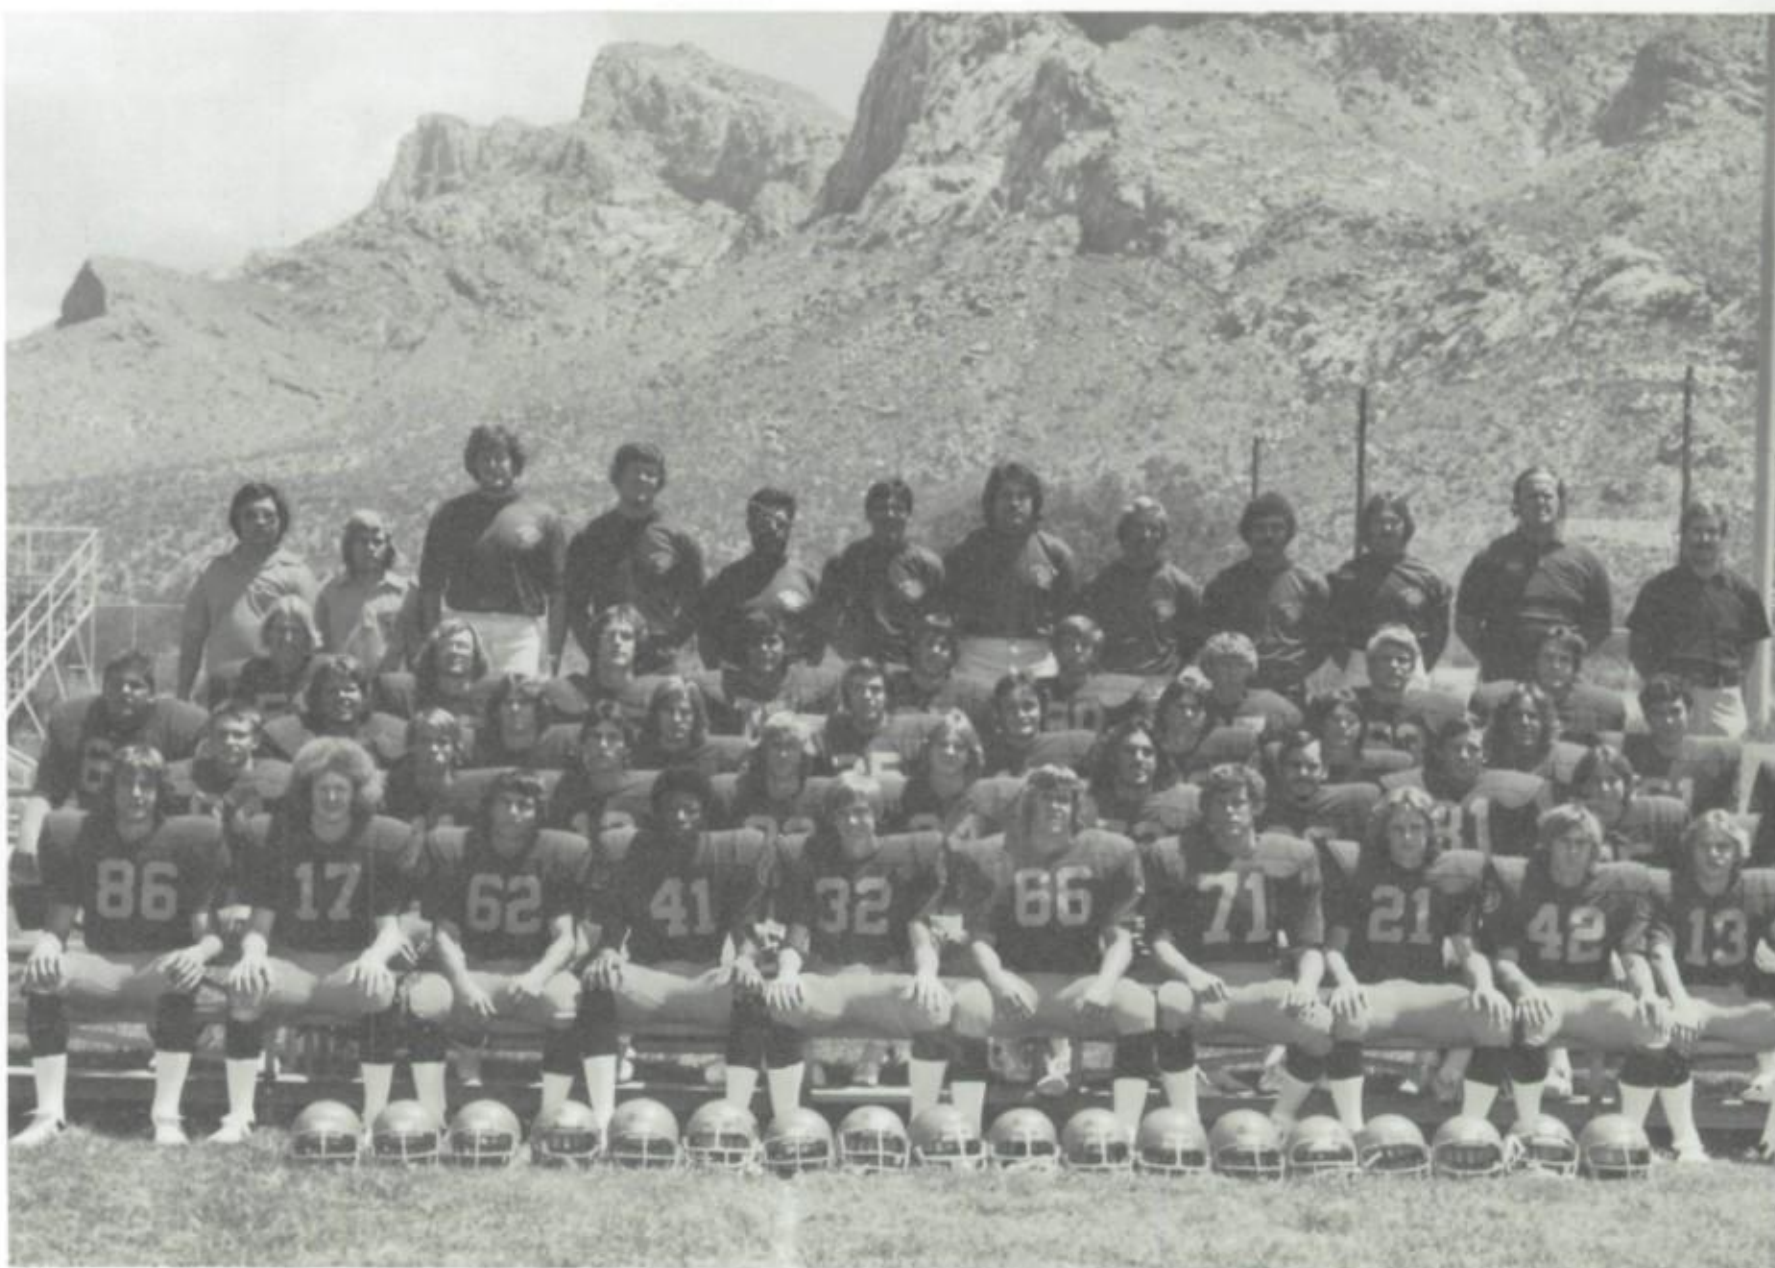

Come watch Beat Palo Verde

A difficult problem faced by the Canyon del Oro faculty was the pandemonium created in the cafeteria during the lunch hours. Many different approaches were tried, including teachers patrolling the area, and a campus clean-up week. In spite of these measures, the "Fruit Wars" still raged and the janitors had to clean up food concoctions that even Julia Child couldn't have dreamed up. Why did students engage in these "skirmishes?" According to many, it is simply the fact that the lunch hour is an extremely boring period. Whatever the reason, the problem was left unsolved at the end of the '77 school year.

Dorados Take AA State Title

Overpowering. Maybe this is the word that best described Canyon's first undefeated State Champion Football team. The Dorados were ranked first in the AA at the outset of the season, a position they held until the end of the year.

The drive towards the championship started early. Before the season began, the team set up five goals—beat Amphi (who they hadn't beat since 1971), defeat Douglas and Flowing Wells, capture the Division and win the State Championship. All five were accomplished. There were a number of significant changes made from last year's 6-4 team. Bob Smith replaced Art Mangels as Head Football Coach, and the Wishbone replaced the Veer. The change of offense was evident against Eloy, as CDO won a tough game, 14-6. Amphi jumped out to a

14-0 lead early in the first quarter, but led by Steve Eastman and Greg Connor, the Dorados came back to win, 27-20. Douglas, the team which CDO later beat in the state game, couldn't mount much of an offense and lost, 20-7. The division was locked up with a win over rival Flowing Wells, and in what was supposed to be a tough game against #2 ranked Winslow in the state playoff game was a 27-0 romp. In the State game, a 17-0 lead was too much for Douglas and CDO won 24-15. In all, it was the defense that carried Canyon to the crown, as six shutouts were recorded. Although most of the players will have graduated, Canyon will have enough talent to make another run at the State title next season.

Page 129: Picture 1, Eugene Puga (#31) calls out signals to the defense. Picture 2, Defense tightens to hold a fourth down attempt.

Blood, Sweat and Tears

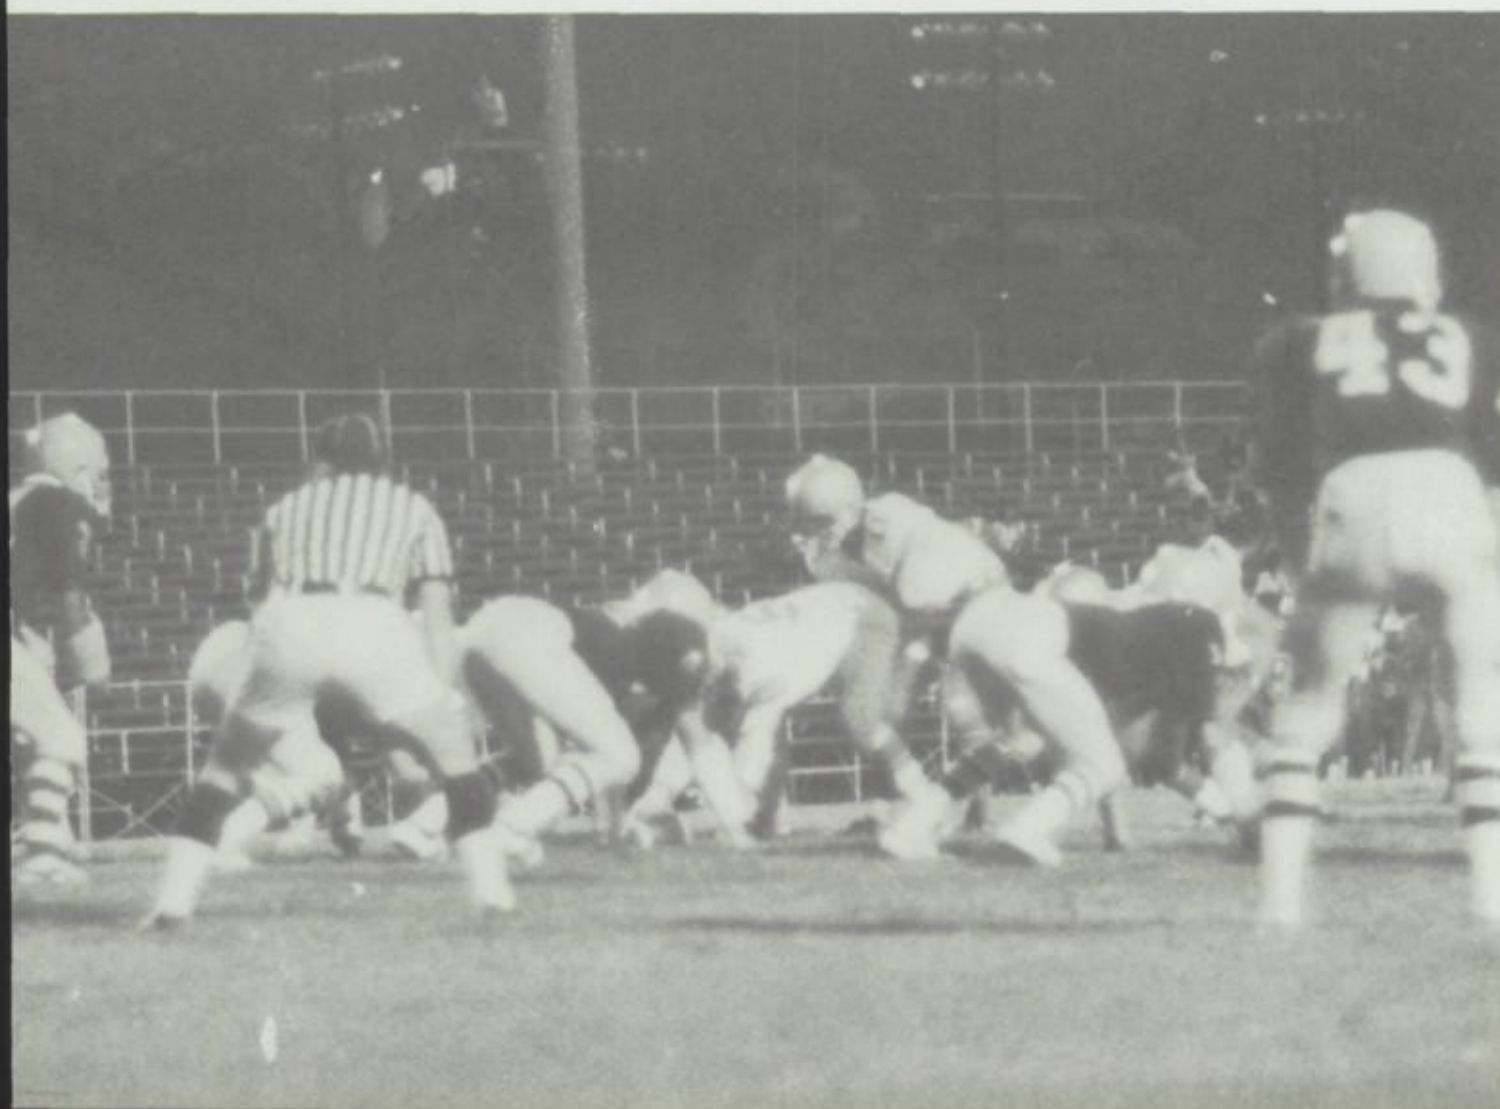

The Canyon del Oro Junior Varsity Football Team had a superior year. Coached by Mr. Evers and Mr. Coons, they finished the season with a 6-3 record and placed second in their conference. The outstanding players on the squad were Sophomores Jeff LeCompte and Eugene Puga and Junior Steve Gallagher. These members and the rest of the team put together an excel-

lent performance to beat arch-rival Flowing Wells.

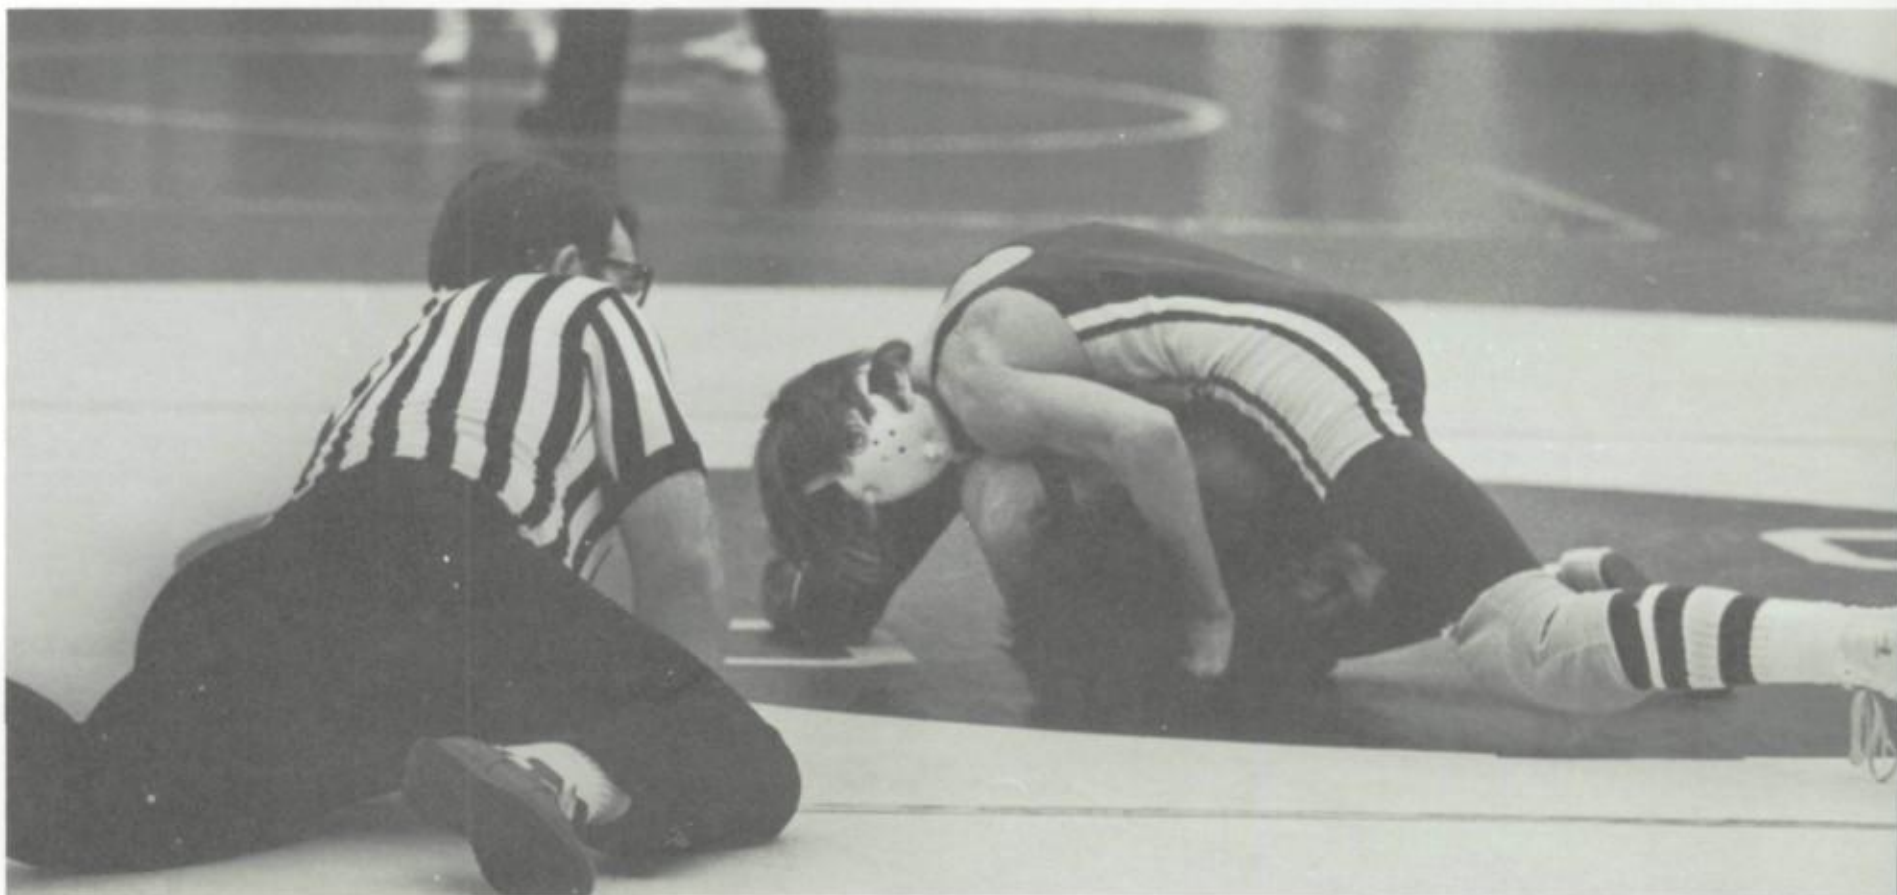

The Dorado's Freshman Football Team in spite of their hard work and dedication, finished with a disappointing 3-6 season. Although the Varsity Football Team lost much of its starting lineup to graduation, the prospects from the Junior Varsity looked good.

Page 131: Picture 1, Canyon placed third in the Flowing Wells Invitational Tournament. Picture 2, Brett Hamilton scores on a reversal. Picture 3, Mr. Schmidt and Coach Gann assist an injured wrestler.

3

Pinning Down the Title

Canyon del Oro's Varsity Wrestlers, who were last year's AA State Champions, began this year with hope and a few problems. The grapplers main problem of the season was the loss of four starters due to injuries. The Grapplers took second at the Canyon del Oro Invitational, third at Flowing Wells, and fourth at Chaparral, in which Canyon was the only AA team invited.

The individuals who brought the team together were seniors Clayton Martin at 98 pounds, John Christiani at 138, Pete Gannon at 195, and Brian Biesmeyer at 167. This year's goal was the same as last year's, to become Divisional and AA State Champions. CDO has won 24 out of 26 of it's last duel meets, dating back to the '76 season.

3

Grappling to Victory

With Brad Kohl, Tom Furrier, Jeff Volk, and Tom Martin leading the way, the Junior Varsity Wrestling team amassed a record of twelve wins and two losses. The team, under the coaching of Larry Keenan, finished first in the conference overall, with most of its strength coming from the upper weight classes.

The Freshman Wrestlers compiled a record of eight wins and two losses, and placed second in the conference. The team was led by Scott Paine, Adam Nelson, Randy Gast and Kim Bird. First year players Mike Gould and Alan Davis also performed well. Mr. Gann was the Freshmen Coach.

Page 132: Picture 1, A CDO wrestler attempts to pin a Flowing Wells grappler. Picture 2, A CDO wrestler sizes up an opponent. Picture 3, Warming up before a meet.
Page 133: Picture 1, The Freshman team waits nervously before a meet.

1

2

Roundballers Rebound From Last Year

After failing to reach the State Playoffs last season, this year's Varsity Basketball team appeared to be one of the favorites, along with Douglas, Nogales, and Flowing Wells, to win the AA Conference. Led by Senior Kyle Doda, the leagues scoring leader, and Mark Jung, the teams leading rebounder, the Dorados defeated such teams as rival Amphi and powerhouse Palo Verde.

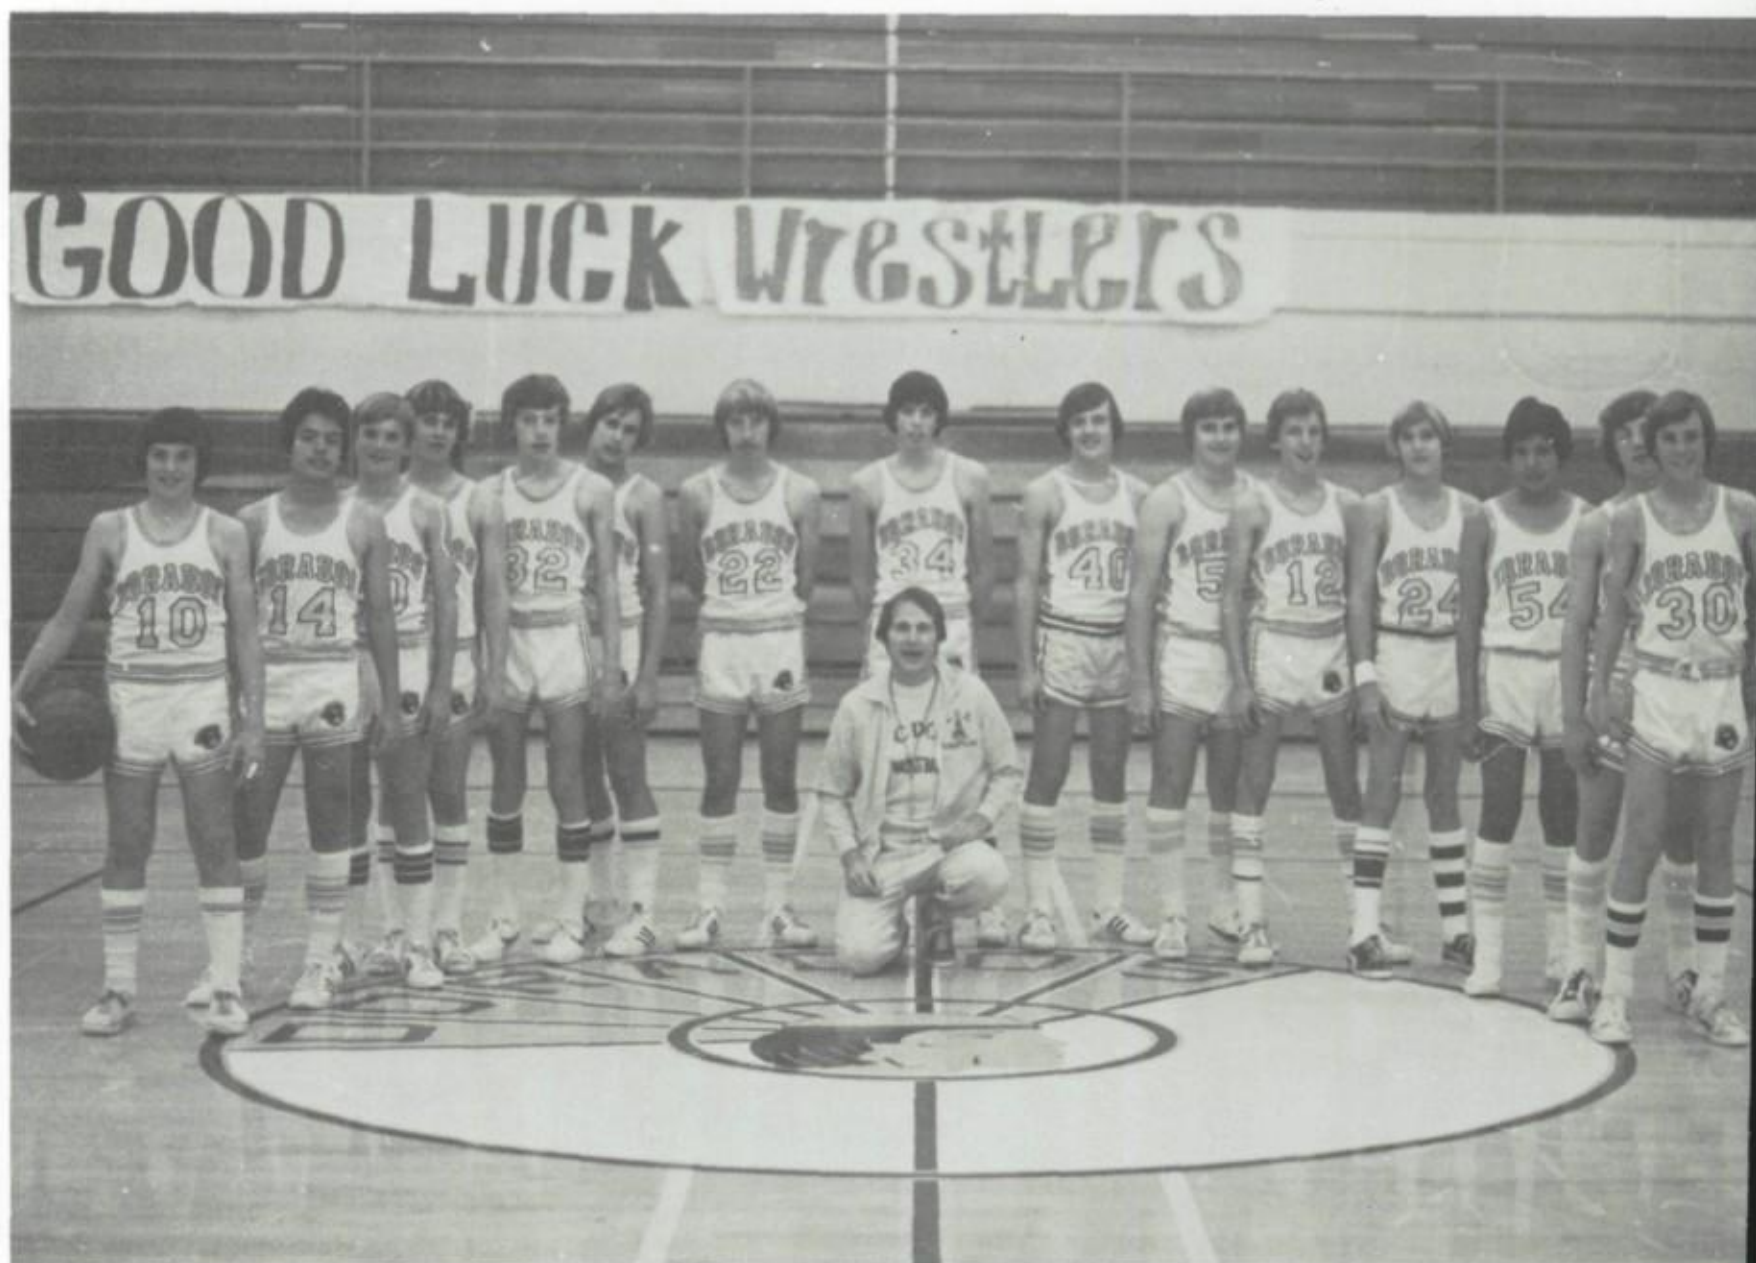

The starters of the team were Tyler Gibson, Doug Ewing, Mark Jung, Kyle Doda, and Mark Fisher.

2

Page 134: Picture 1, Kyle Doda scores in an easy win against Globe. Picture 2, The crowd watches Tyler Gibson closely as he penetrates Safford's zone defense.

Page 135: Picture 1, John Tissaw drives the lane in a game against Safford. Picture 3, Kelly Tracy and a Safford player battle for a rebound under the Bulldogs basket. Picture 3, Mark Jung averaged about 17 points a game, third in AA conference play.

Page 136: Picture 1, Freshman left to right—Murray Hicks, Jeff Ruiz, Tim Grady, Dave Cooper, Jim Herrold, Ed Niec, Red Anderson, George Henderson, Brian Dalke, Lorin Crosby, David Buchler, Tobin Doda, Dave Jaramillo, Jan Cummings, Tom Murphy. Picture 2, Mike Reisner lays the ball in the basket as Scott Humphreys and Konrad Hildebrandt move in for the possible rebound.

Page 137: Picture 1, Junior Varsity left to right—Mitch Earhart, John Lewis, Gary Tay, Bob Gamble, Mike Reisner, Aaron Nymeyer, Eric O'Reilly, Coach Reyes, Richard McClincy, Ray Young, Scott Humphreys, Mike Fisher, Chuck Grady, David Stedransky, Jeff Le Compte. Picture 2, Jeff LeCompte scores on a layup in a game against Globe.

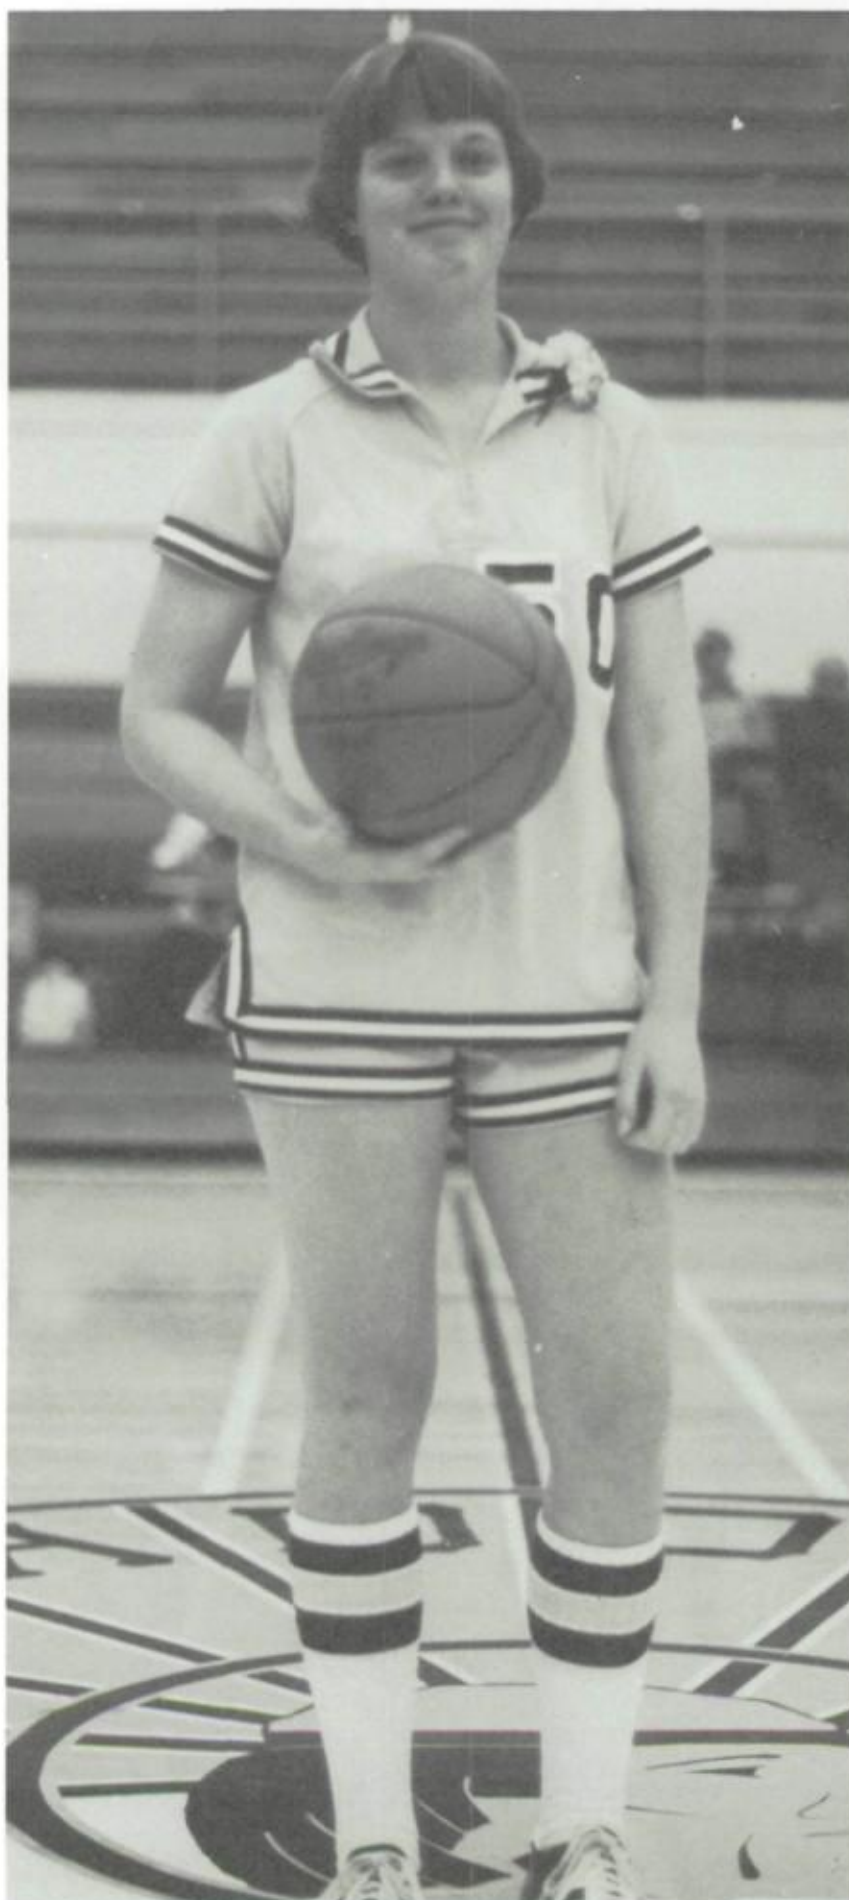

Dribbling to Victory

Under the professional guidance of Coach Reyes the Junior Varsity Basketball Team displayed a successful season. Among the most outstanding members of the squad were sophomores Mike Reisner, top rebounder and scorer Richard McClincy, and Aaron Nymeyer. The over all excellence and demonstration of serious effort by team members this year promised not only an out-

standing season, but also good prospects for the coming year's Varsity Team. The Freshman Basketball Team also scored many impressive victories. The top scorers were Tobin Doda and Dave Buehler, who both averaged fifteen points per game. The top rebounder was Rod Anderson, who averaged ten rebounds per game.

1

Page 138: Picture 1, You've got the ball, babe! Picture 2, Kathy Bucher keeps the ball away from her opponent. Picture 3, Darcy Della Flora wins a jump ball from a Nogales player.
Page 139: Picture 1, With excellent concentration Kathy Bucher receives the ball and heads for the basket. Picture 2, Girl's Varsity Basketball Team.

2

3

Girls Come Alive

This was the first year that C.D.O. had a Girl's Basketball team. The girls showed a great deal of interest in this activity. The girls team played the same amount of games as the Boy's Basketball team and had identical regulations. On the Varsity team, coached by Ina Leffler, the starting five were Debbie Matheson,

Kathy Bucher, Deanna Butler, Lori Lefferts and Lise Seiber.

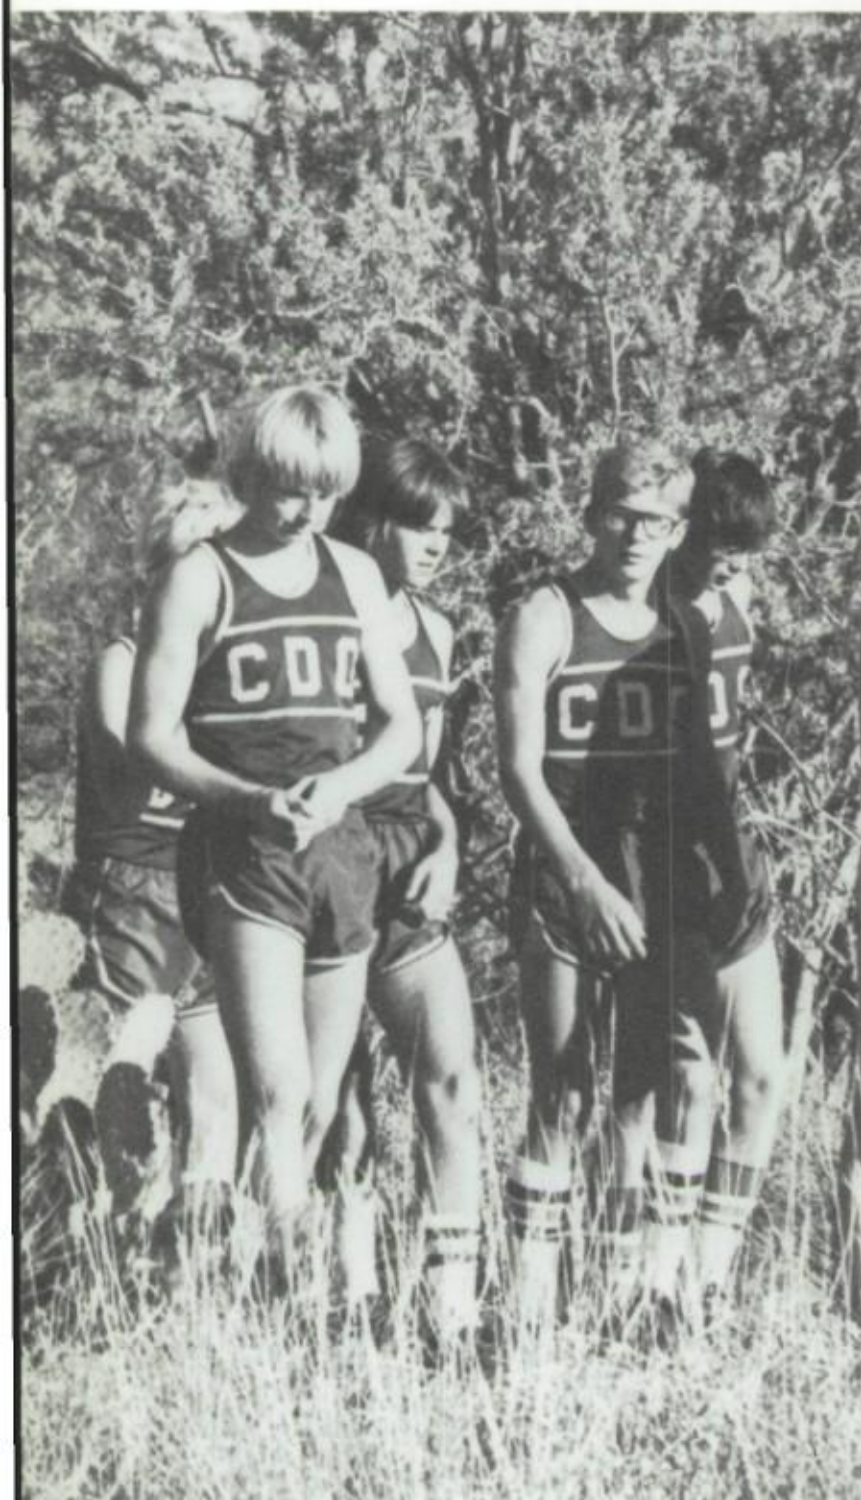

On the J.V. team the starters were Darcy DellaFlora, Linda Cole, Valery Middleton, Terry Welsh and Liz Davis. Their coach was Linda Stoltz. With all the after school practice and hustle on the courts they had a fairly successful season.

Cross Country Runs to Victory

The Canyon del Oro Cross-Country Team completed another successful year, finishing tenth in the State of Arizona. The team was coached by Alan Hart. The team ran through Oro Valley roads, and the entire track was five miles in length and consisted of large hills, ditches, and long straight-a-ways.

Varsity runners included seniors Steve Weary, Dean Cearnly, Todd Saunders, Clayton Martin, Barry Upchurch, Bob Carlson, and Dale Cole; Juniors included Chuck (Charles) White, Tom

Dwan, Carry Gruensfelder, David Gibson, Gary Russ, and Freshman Paul Stephan.

The Junior Varsity team finished 4-7. Runners for Junior Varsity included Rob Humphreys, Chris Cogswell, Tracy Cowle, Jeff Conboy, Dan Grammar, and David Cummings.

As well as finishing tenth in State, the Varsity team finished third in Divisionals.

Page 143: Picture 1, Go! Fight! Win! Picture 2, Teammates practicing together. Picture 3, Good Serve!

Spikers Place Third in Divisionals

Coached by Mrs. Eerkes, the Canyon del Oro Girl's Volleyball Team had another successful season. Besides the Varsity and Junior Varsity Teams, C.D.O. had a Freshman Team this year also. Tryouts and training, which began in August, were of running the track and doing exercises to build up their muscles. By

the time of the first game, it was obvious they had worked very hard and were putting out a lot of effort. The teams did not take state, but the Varsity did place third in divisionals. All the teams felt they tried their hardest and represented C.D.O. the best they could.

Page 145: Picture 1, Junior Varsity Gymnasts. Picture 2, Junior Yvonne Padilla practices on the parallel bars.

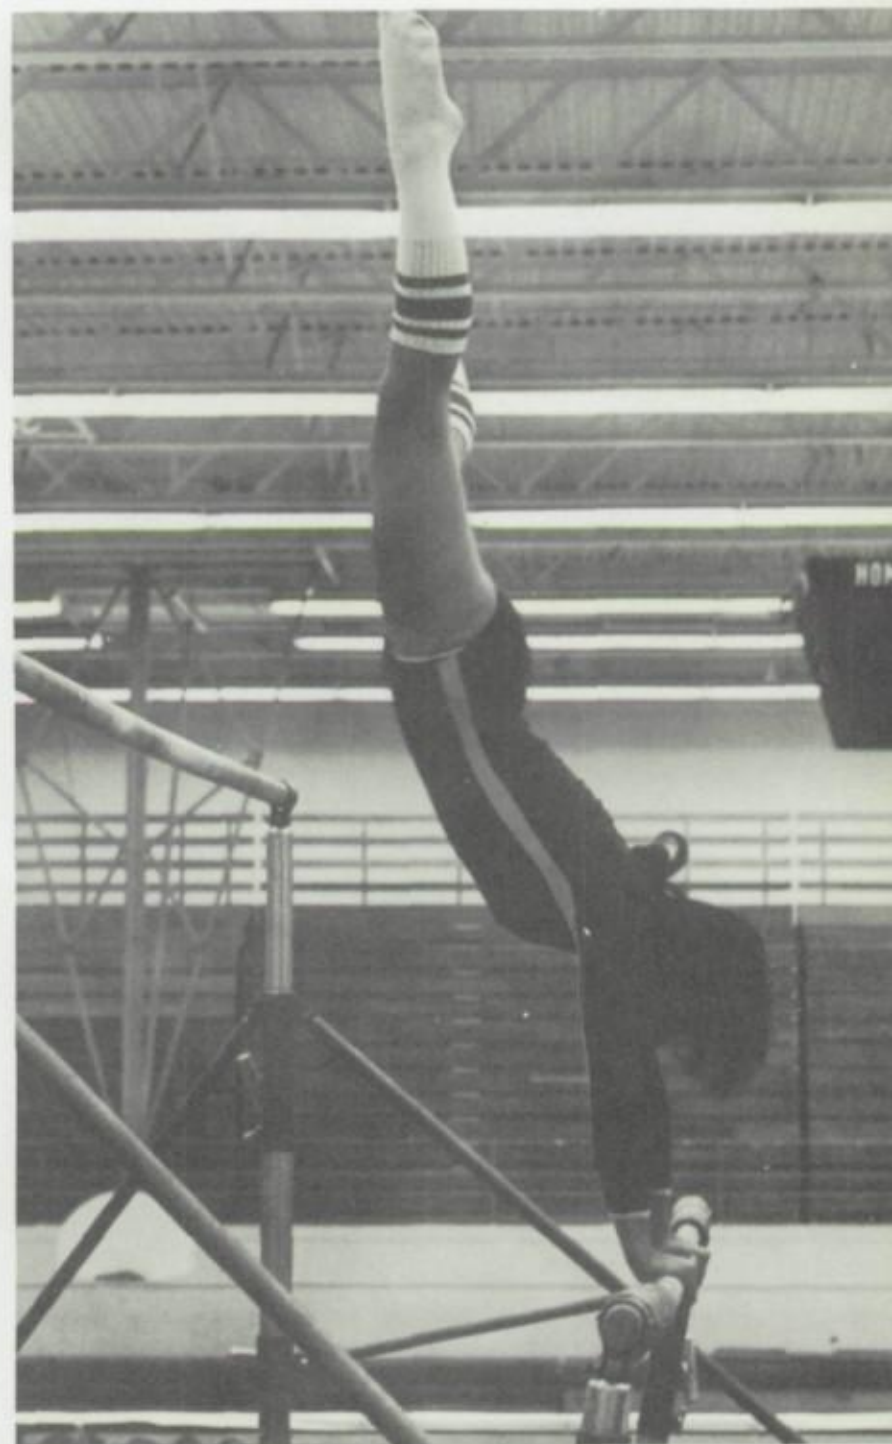

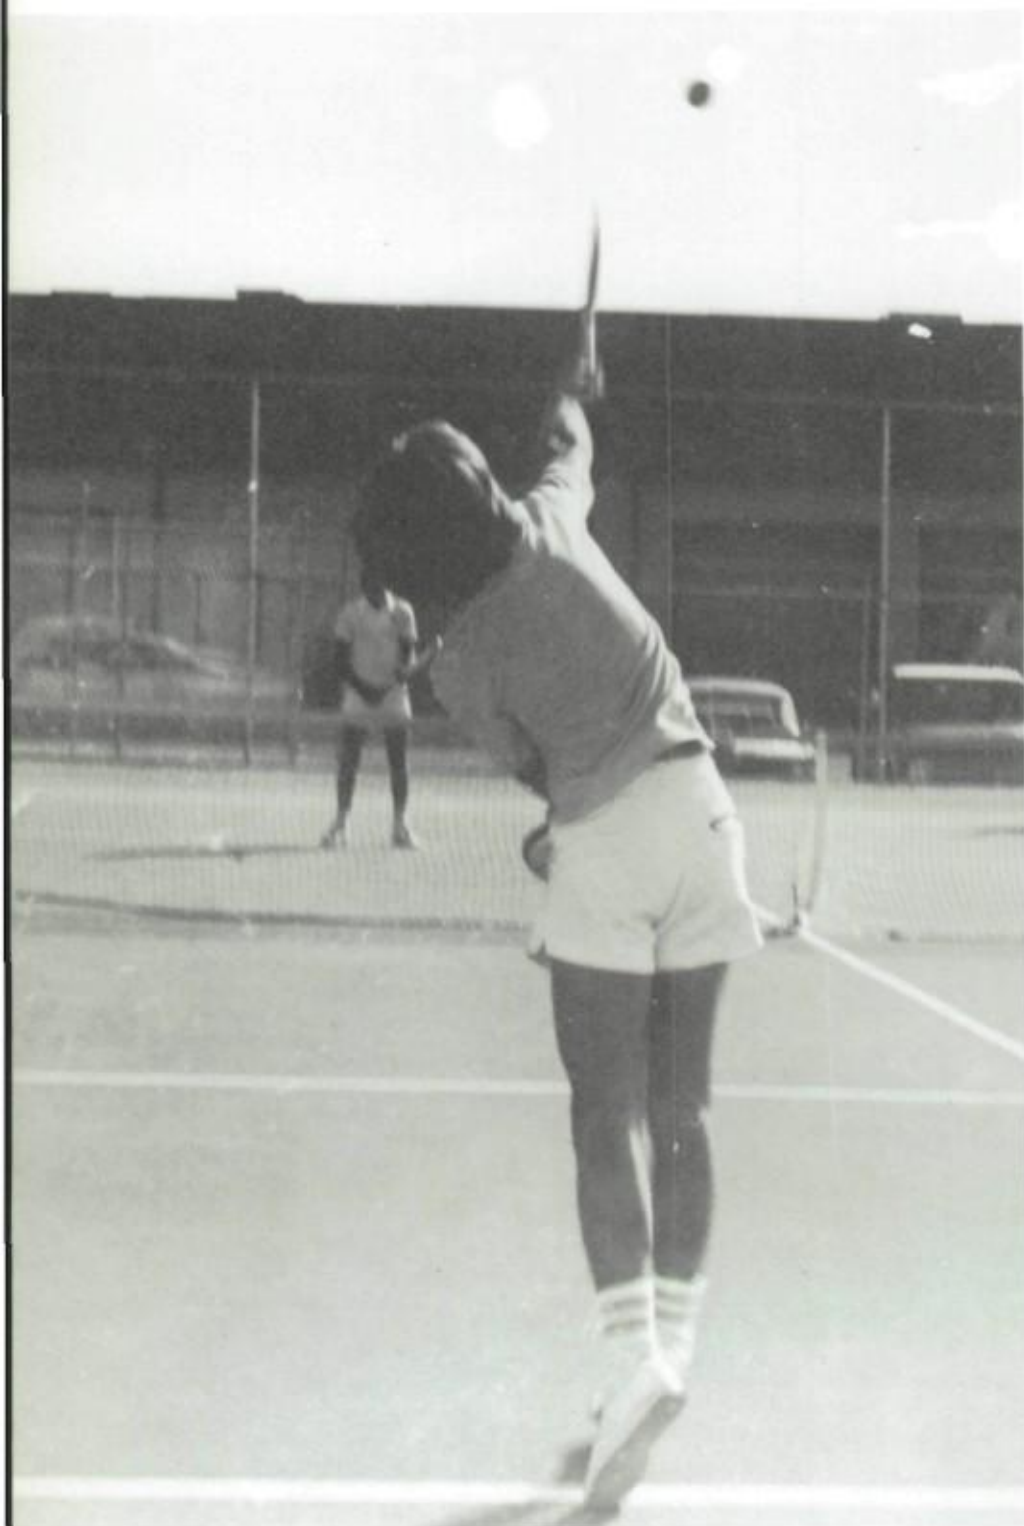

3

Poetry in Motion

Gymnastics is a sport that requires a great amount of talent and endurance. The qualities necessary for becoming a gymnast would consist of a limber body, strength, and a great deal of courage. The twelve member varsity team, coached by Katie Frey, were looking forward to participating in the state championship. Pat Wentworth, the junior varsity coach, worked with a group of nine girls who had high hopes of making the varsity

team next school year. The girls began practice in November to prepare for the gymnastic competition that began in March. Disciplining the body to do the various strengthening exercises required the girls to be in top physical condition. Good coaching and eager gymnasts, combined with school spirit, made this competitive group of girls Canyon del Oro's hope for the future.

Page 147: Picture 1, Bobby Woods leaps high during a match with Dwain Smith. Picture 2, Bobby Woods carefully places a shot.

2

Stroking to Victory

The Canyon del Oro Varsity Tennis Team, led by nationally ranked players Bobby Woods and Dwain Smith, made this year's tennis season a complete success, following the well known Dorado tradition of winning, when last year Canyon del Oro took the State AA championship for varsity Tennis. Led by the excellent coaching of Señor Sanchez (Head Coach), and Mike Rowe (Assistant Coach), all three teams—Varsity, Junior

Varsity, and Freshmen—put together winning seasons.

Other Varsity players included Marty Sheber, Mike Goldsmith, Steven Buchsbam, and Jeff Franks. Although most of the Varsity team has graduated, Canyon del Oro was still expected to have another winning team next year, because of the depth of the Junior Varsity. Junior Varsity players included Kurt Weber, Mark Morris, and Tim Courtright.

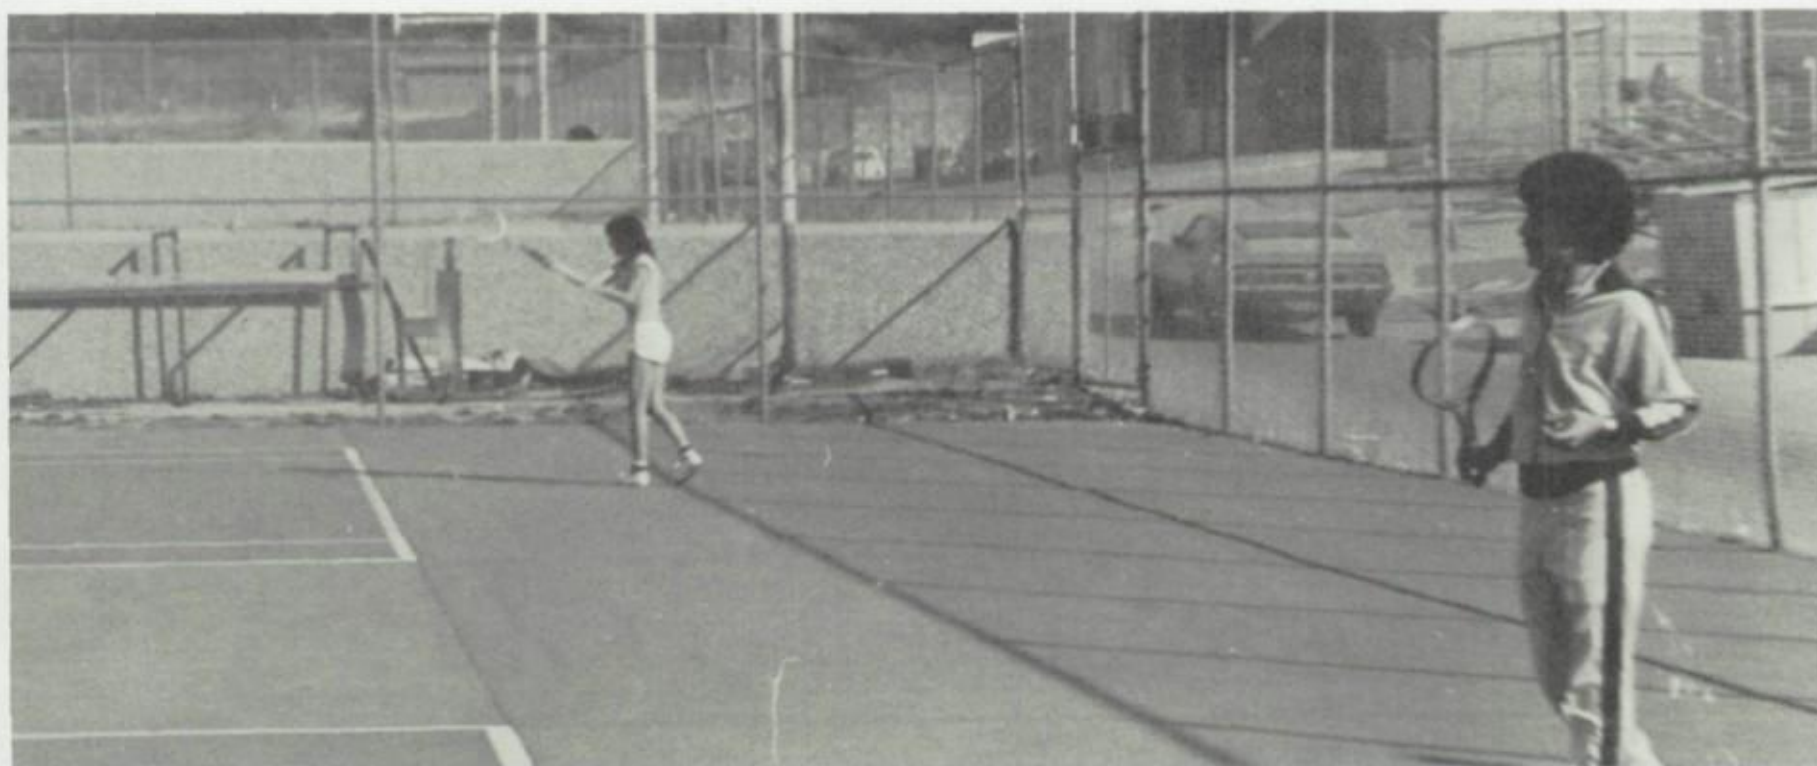

2
Page 148: Picture 1, Oh, those bouncy little things! Picture 2, Bucky Hazen instructs Girls Tennis team. Picture 3, Chris Caldwell and Georgia Dada demonstrate their good sportsmanship. Page 149: Mr. Hazen serves to a member of the tennis team. Picture 5, A good hit.

Smashing Through Another Year

The Varsity Girls Tennis Team, as well as the Junior Varsity and Freshmen teams, were coached this year by Coach Bucky Hazan. This was Coach Hazan's first year as Head Girls Tennis Coach at Canyon del Oro. The Varsity Girls Tennis Team completed their successful season because of the determination and

hours of practice that each girl put in every day after school. The official Varsity season started in early January, and ended with the State Tournament in May. Varsity players included Casey Esparza, Lourie Zipf, Janice Fay, Chris Caldwell, Georgia Doda and Jenny Jones.

Page 151: Picture 4, FORE!! Picture 5, Golf's motto; hurry up and wait.

3

Golf; Driving to Victory

This years Boy's Golf Team proved that with much patience and hard work perfection can be achieved. The team played hard and succeeded in showing the fantastic grace and form they possessed. Led by James Silvey, Don Agers, Bob Dewitt, and coached by Mr. Ruiz, the Canyon Del Oro Golf Team could be

as successful as last years state champions. Others seeing action on the squad were Tracy Kelly, Doug Becken, Paul Gold, John Ruiz, and Mark Shipione. The team practiced at the Oro Vally Golf Course. In the past, the Canyon Del Oro Golf Team has won three AA championships.

3

Varsity Baseball Looks Towards State

The Varsity Baseball team had a lot of enthusiasm this year. Coach Metz hoped for all the players to do their best and to have a great season. Last year the C.D.O. varsity baseball team came in second in state, and this year they had good hopes in achieving even more.

The returning starters this year were pitchers and outfielders Bob

Cooper and Tyler Gibson. Jeff Fisher played second and Tod Oney played third base.

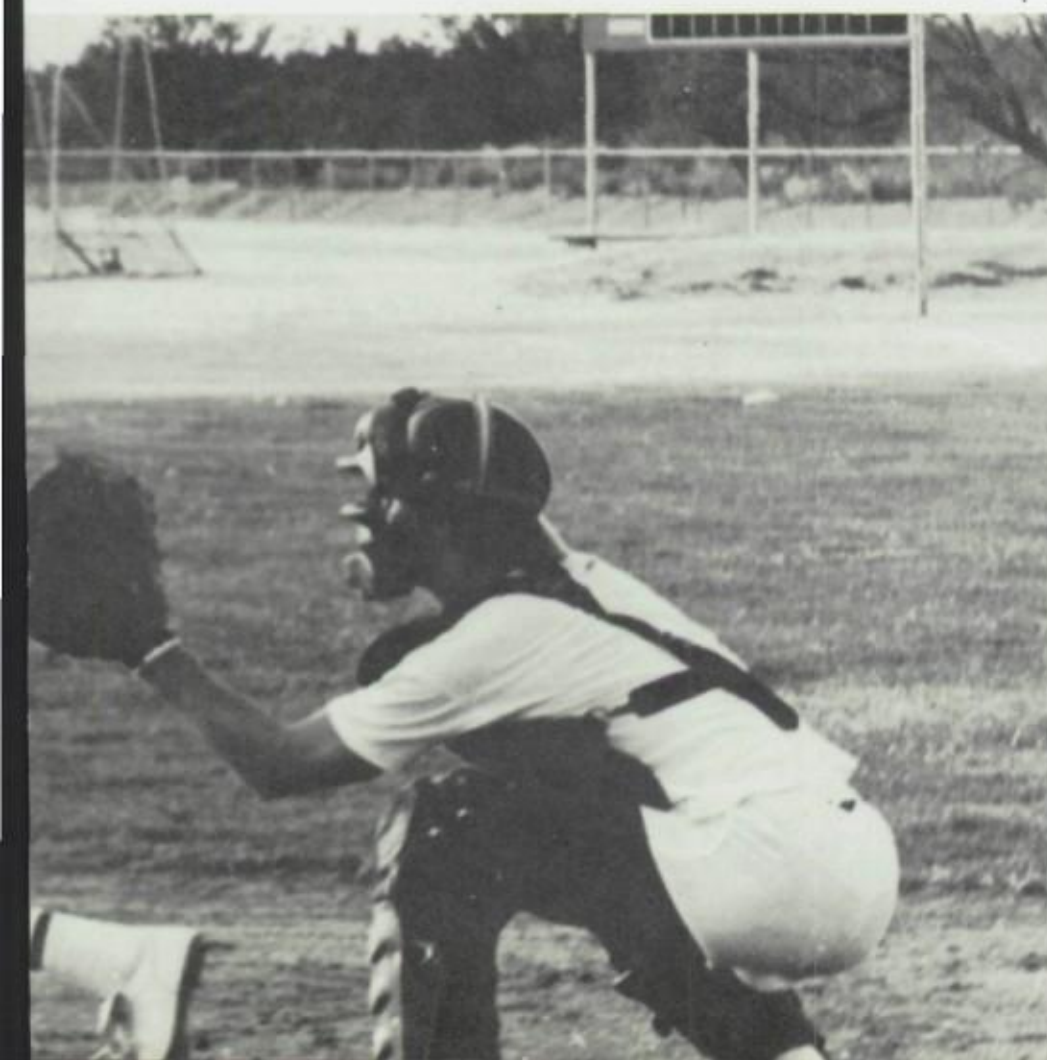

Chuck and Mark Hoyack were two new players on varsity this year. The J.V. players from last year playing on varsity this year were Sam Esparza, Kent Kenzie, Clem Rivera, Dion Metz, Jeff Carreon, and Scott Hildebrandt.

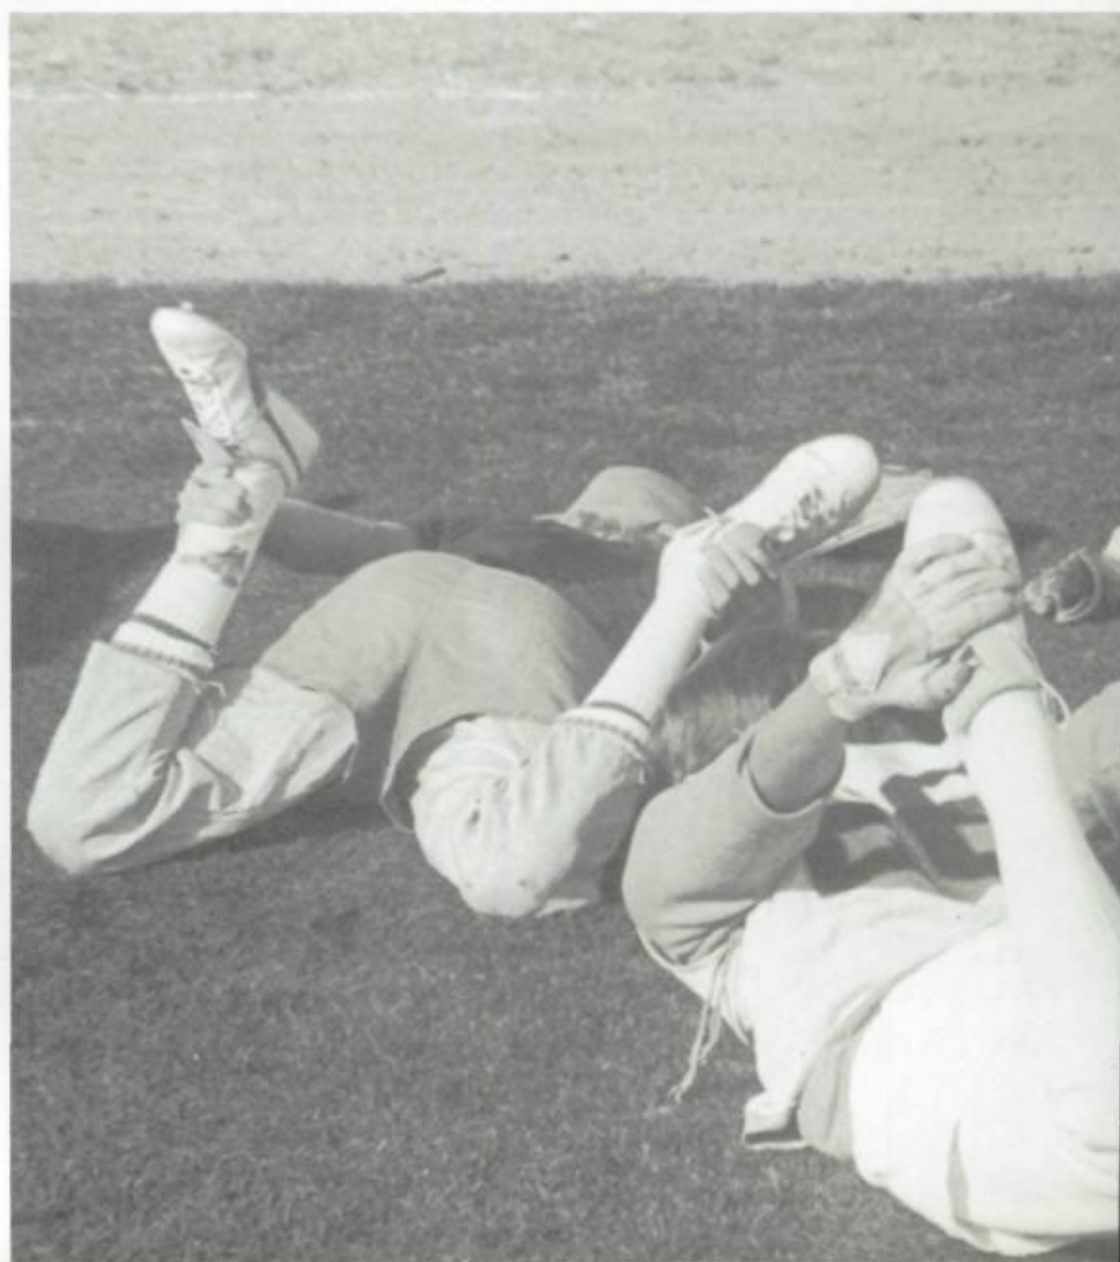

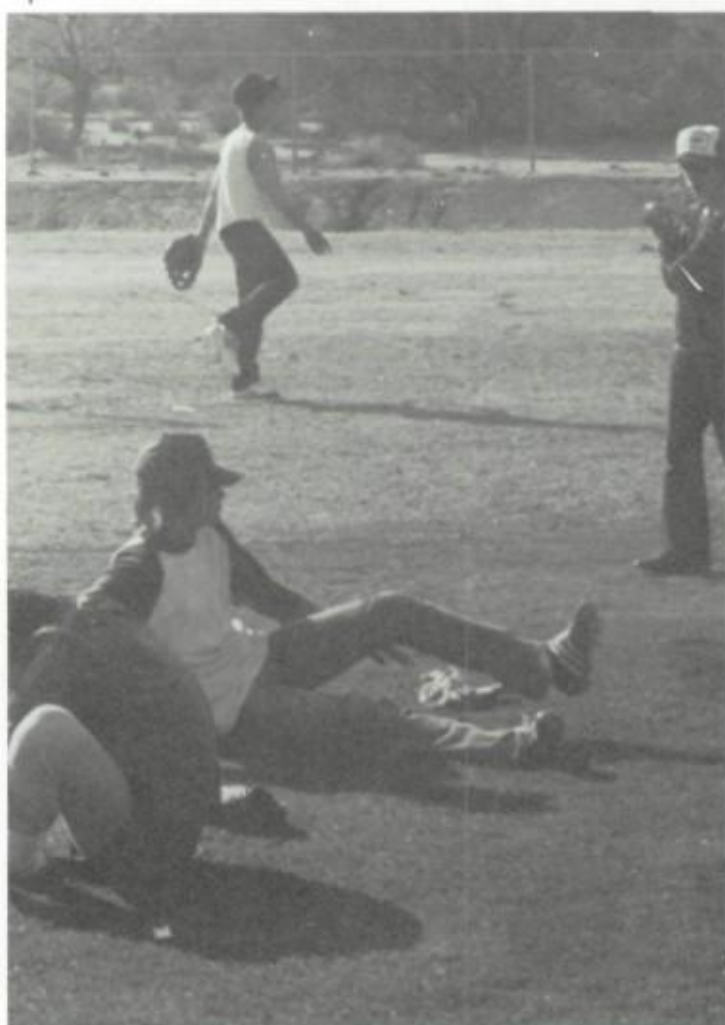

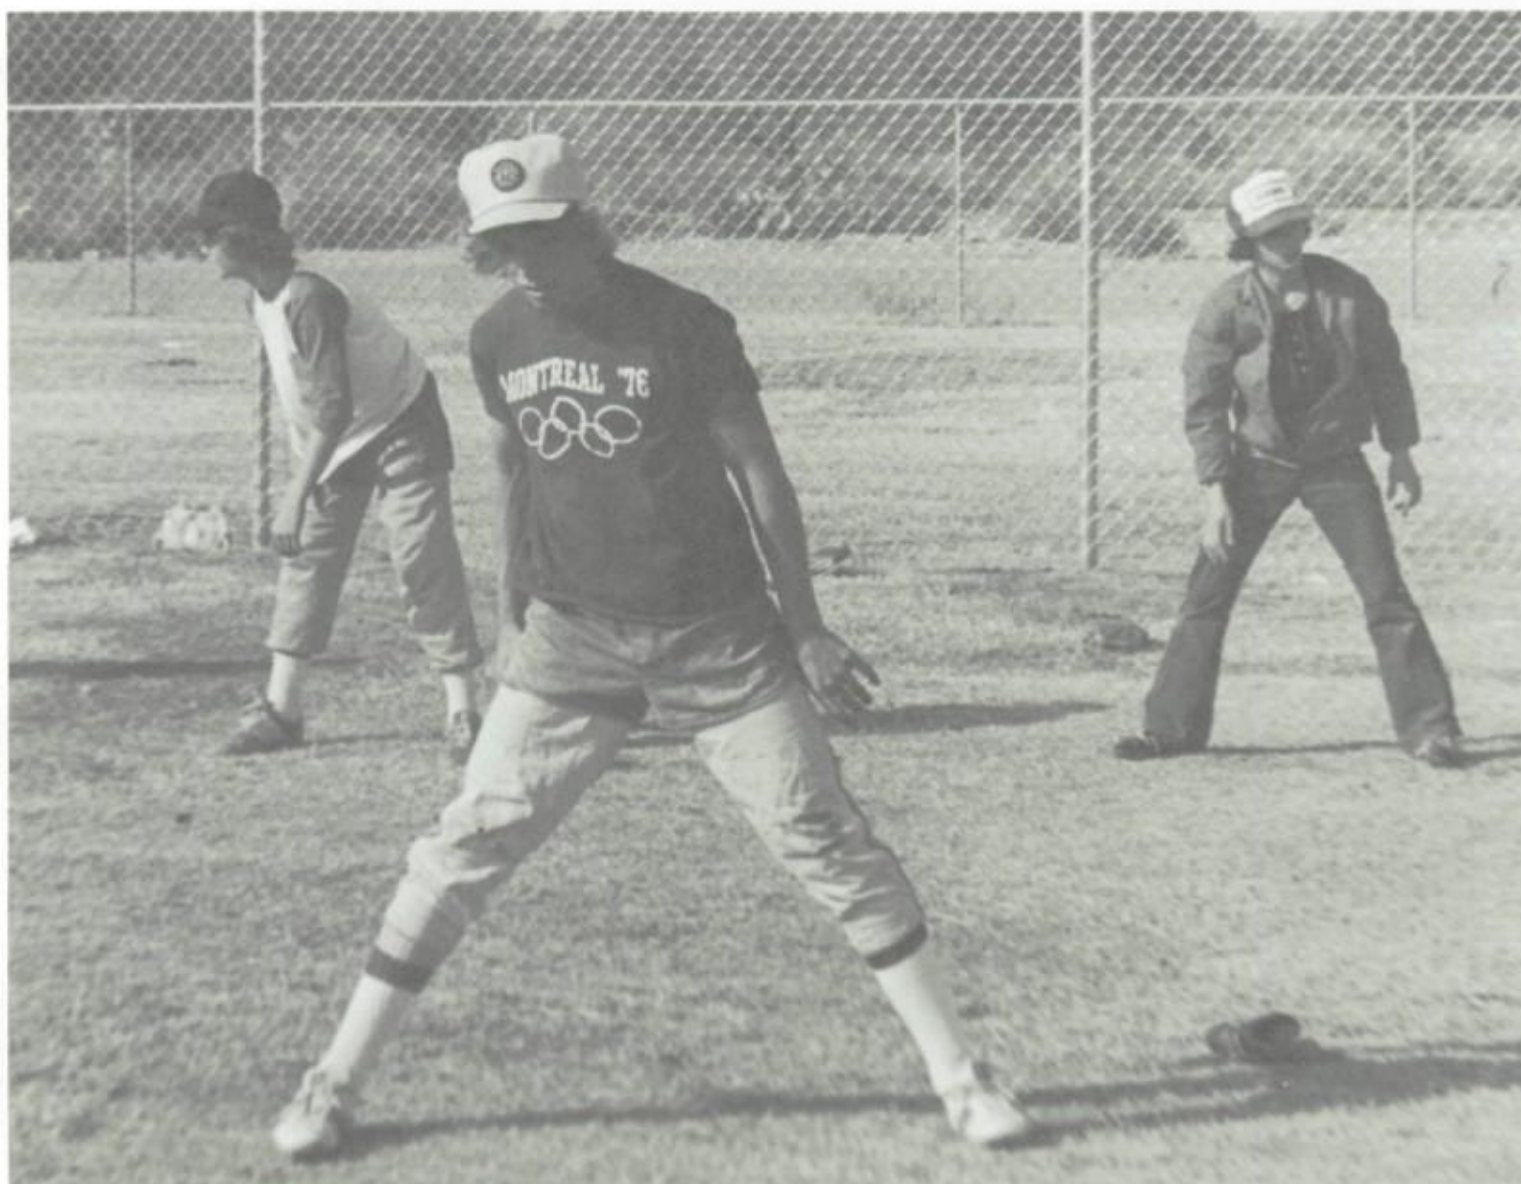

1

2

Defense Key to Conference Titles

1

The Frosh and J.V. Baseball teams showed strong potential this year. The team practiced six days out of the week to insure winning seasons. During Mr. Huff's first year of coaching at Canyon del Oro he aided the team in achieving strength and endurance. Mr. Werbylo has also showed the team what it takes to be victorious. The team was most outstanding in their defense and pitching which are the most effective ingredients of a winning team.

2

Page 154: Picture 1, Larry Gruensfelder stretches before tryouts. Picture 2, Players wait for opening day. Picture 3, To avoid injury, exercises are required before one begins to even throw a baseball. Page 155: Picture 1, Batter awaits the three-two pitch. Picture 2, Players practice with hopes of winning the conference title.

1

2

3

Dorados in a Rebuilding Year

Considerable strength in both track and field events should lead the Boy's Varsity Track Team to a successful season. With a well-balanced returning team, the Dorados are led by long jumpers Glen Bible, Ken Raley, and Mark Elledge, in addition to sprinters Greg Stevenson, Tim Abeln, and Doug Buchanan. Distant runner, Chuck White is also cited by coaches Wally John-

son and Pat Bailey to be a strong performer. The only doubtful team positions are the weightmen who have had little experience in Varsity competition. The Junior Varsity and Freshman squads, eager and anxiously awaiting their season, look to be a team with a lot of potential and promising individuals.

1

2

Page 156: Picture 1, Greg Stevenson and Jeff Secrest congratulate each other after a race. Picture 2, Rocky Ostermeyer leads the pack with a fellow runner. Picture 3, Of course, I'm number one!

dling time.
Page 159: Picture 1, The CDO girls Track Team.

2

Girls' Track Runs for State

The Girls Track and Field Team, state champions of '76, seemed to have a similar season in store for them this year. They began conditioning by lifting weights and running. Of the twenty-four girls who tried out, four of them were returning members: senior Mary Mayti, who achieved an outstanding second in the 880 at State last year; juniors Emily Stoner, high jump; Linda Cole,

440; and sophomore Stephanie Burkett, the discus. Unable to complete the preceding season, but who showed promising ability, were senior Lise Sieber and junior Liz Murphy. The remaining members consisted of mostly freshman with strong potential. Coaches Pat Bailey and Alan Hart assisted Mrs. Candy Dreyer in guiding the team toward their goal, another state championship.

1

Page 160: Picture 1, The victorious Junior Team.
 Page 161: Picture 1, The bold Senior Team.

It was a tough fought game
 at times the game got out of hand
 fistfights . . .
 curses . . .
 dirtytricks . . .
 after the game, we got together
 all of us--from both sides--
 to assure each other--
 it was only a game.

Kathy Rosenbluth '78

Juniors Slip Past Seniors

December 13, 1976 was the traditional junior versus the seniors Powder Puff football game. Thirteen may be an unlucky number but not for the Canyon juniors. In order to break a twelve all tie at the end of regulation play, a sudden death overtime was required. Each team ran four plays, and the team that covered the most yards would win the game. The juniors emerged victorious.

Kathy Bucher and Tami Young scored the two junior class touchdowns while Angie Bitgood and Deana McClure scored for the Seniors. After a lot of hard work and practice after school and at nights under the lights on the football field, it all went to show who practiced the hardest. It was the first time in C.D.O.'s history the senior class was defeated by the junior class.

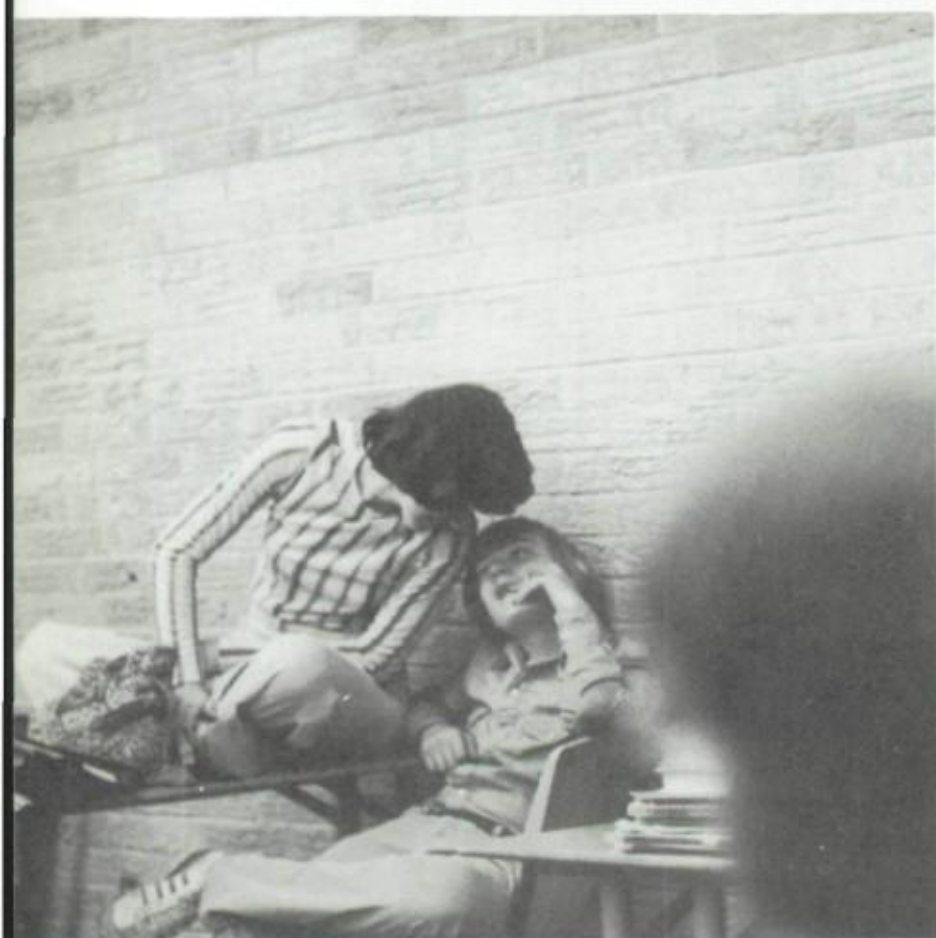

CLUBS

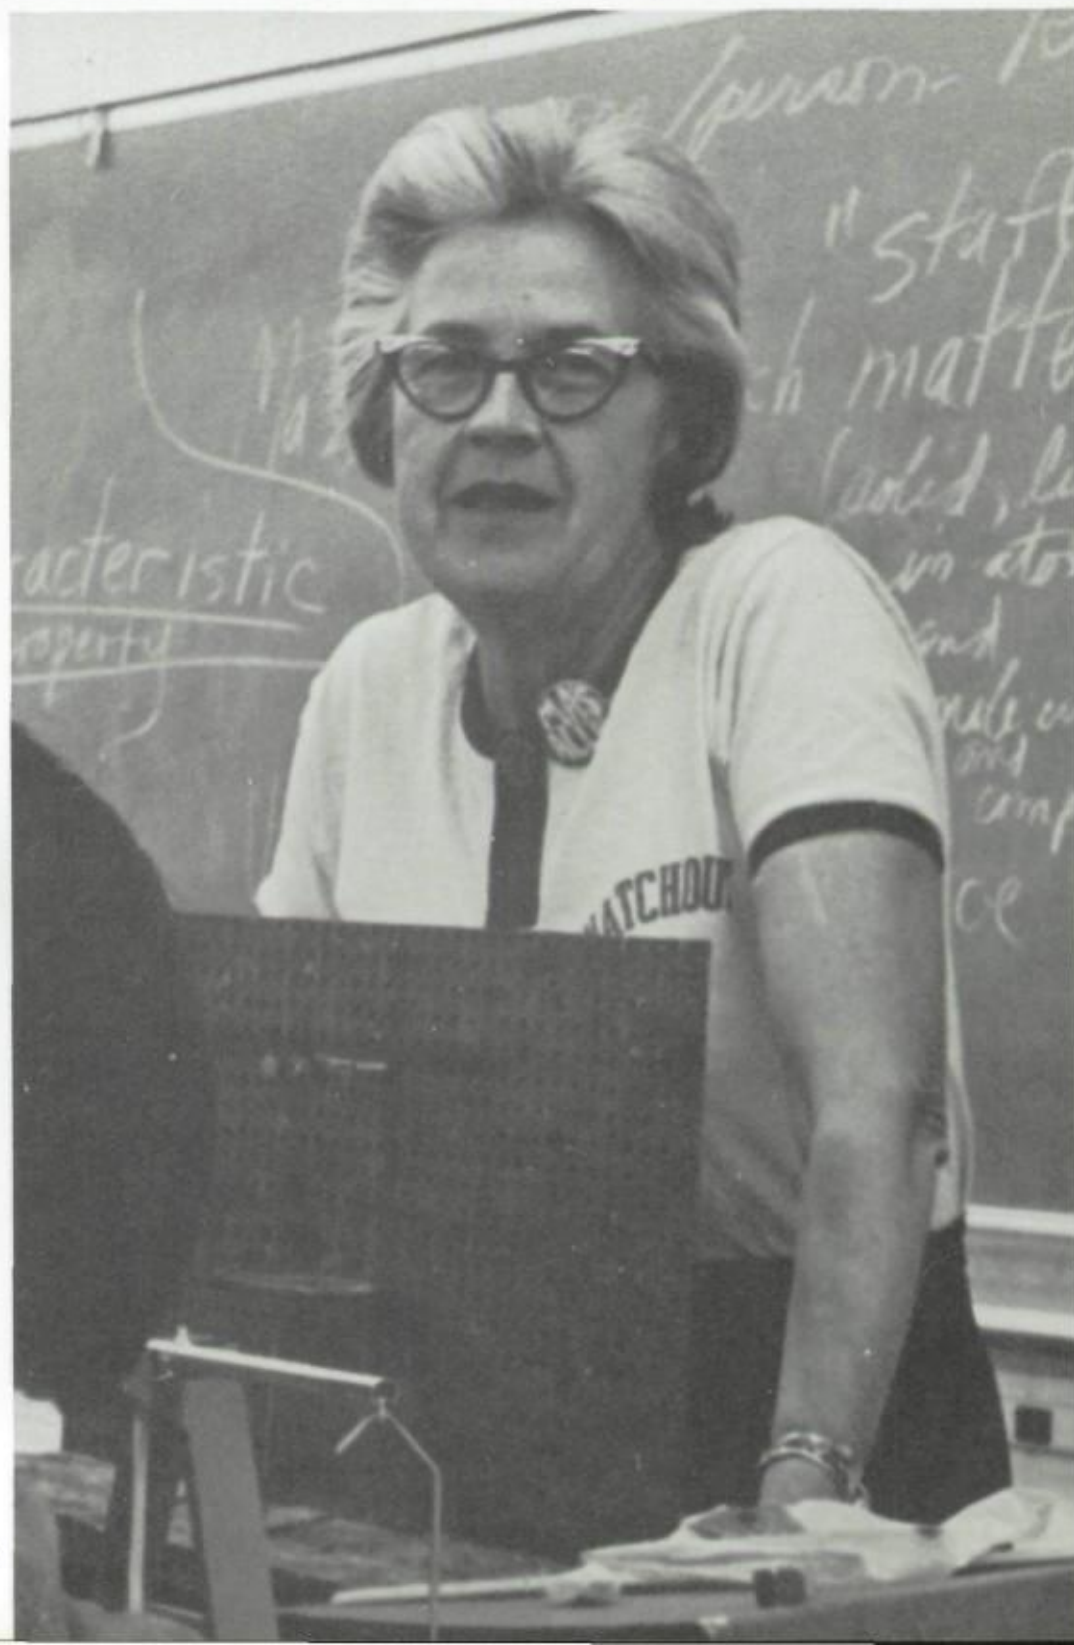

1

2

Page 164: Picture 1, The A.F.S. Club members. Picture 2, Well, what do you think? Picture 3, Mrs. Barnes, head of the A.F.S. Club.

Page 165: Picture 1, Barbara Bernstein, C.D.O.'s foreign exchange student to Chile. Picture 2, Now listen up people! Picture 3, Do you think they're listening?

3

Hands Across the Water

The function of the A.F.S. club has been to bring to C.D.O. each year a foreign exchange student. In order to do this, the club has had to raise \$850.00 annually. Fund raising was a major part of the club's activities.

This year the foreign exchange student was Maya Asmino from Indonesia. Among the various ways that the A.F.S. members raised their money was by selling Dorado Head key chains, pins and bumper stickers. They also sponsored a dance, held bake sales and car washes, sold hot pretzels at home basketball games and collected Food Giant Grocery receipts for a penny on the dollar.

Page 167: Picture 1, Jim Hachtel leads band in song. Picture 2, The band plays an important part in producing spirit and enthusiasm. Picture 3, Music under the lights.

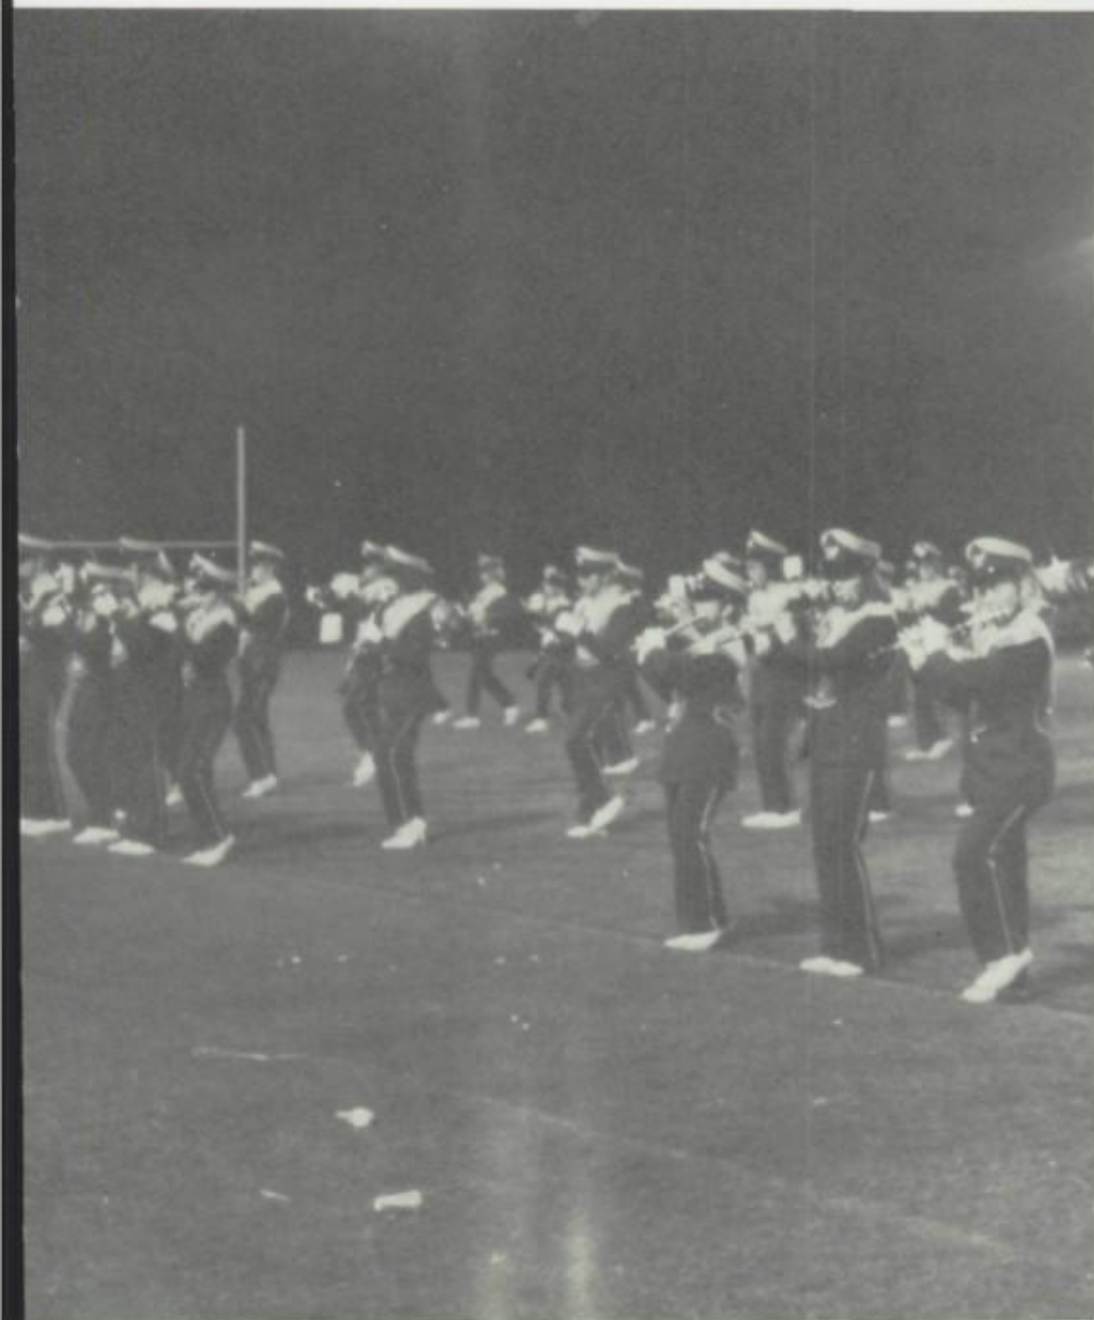

3

Keeping in Step With the Tune

1

Marching at football games, Veterans Day and Rodeo Day parades, and performing at the State Fair kept the band very busy. In previous years, although the band has always excelled in this event, the band decided to stage a protest and declined to attend this year's Band Day at the U of A, because of the lack of organization. The band was divided into two classes, the marching band and the stage band. Mr. Hoopes, the band director, also taught some independent study classes which were the equivalent of private lessons. This year, music theory was dropped but the music department was considering to start a beginning band.

2

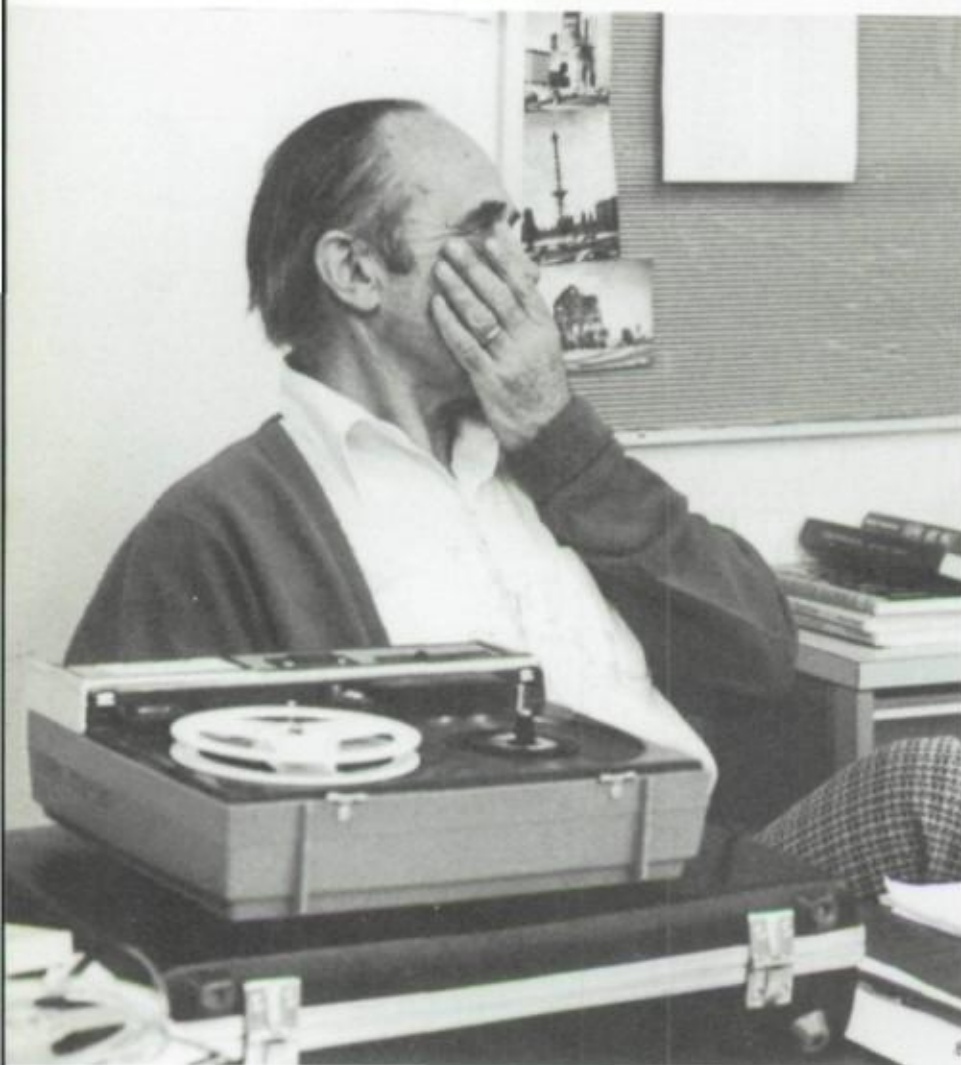

3

Sprechen Sie Deutsch?

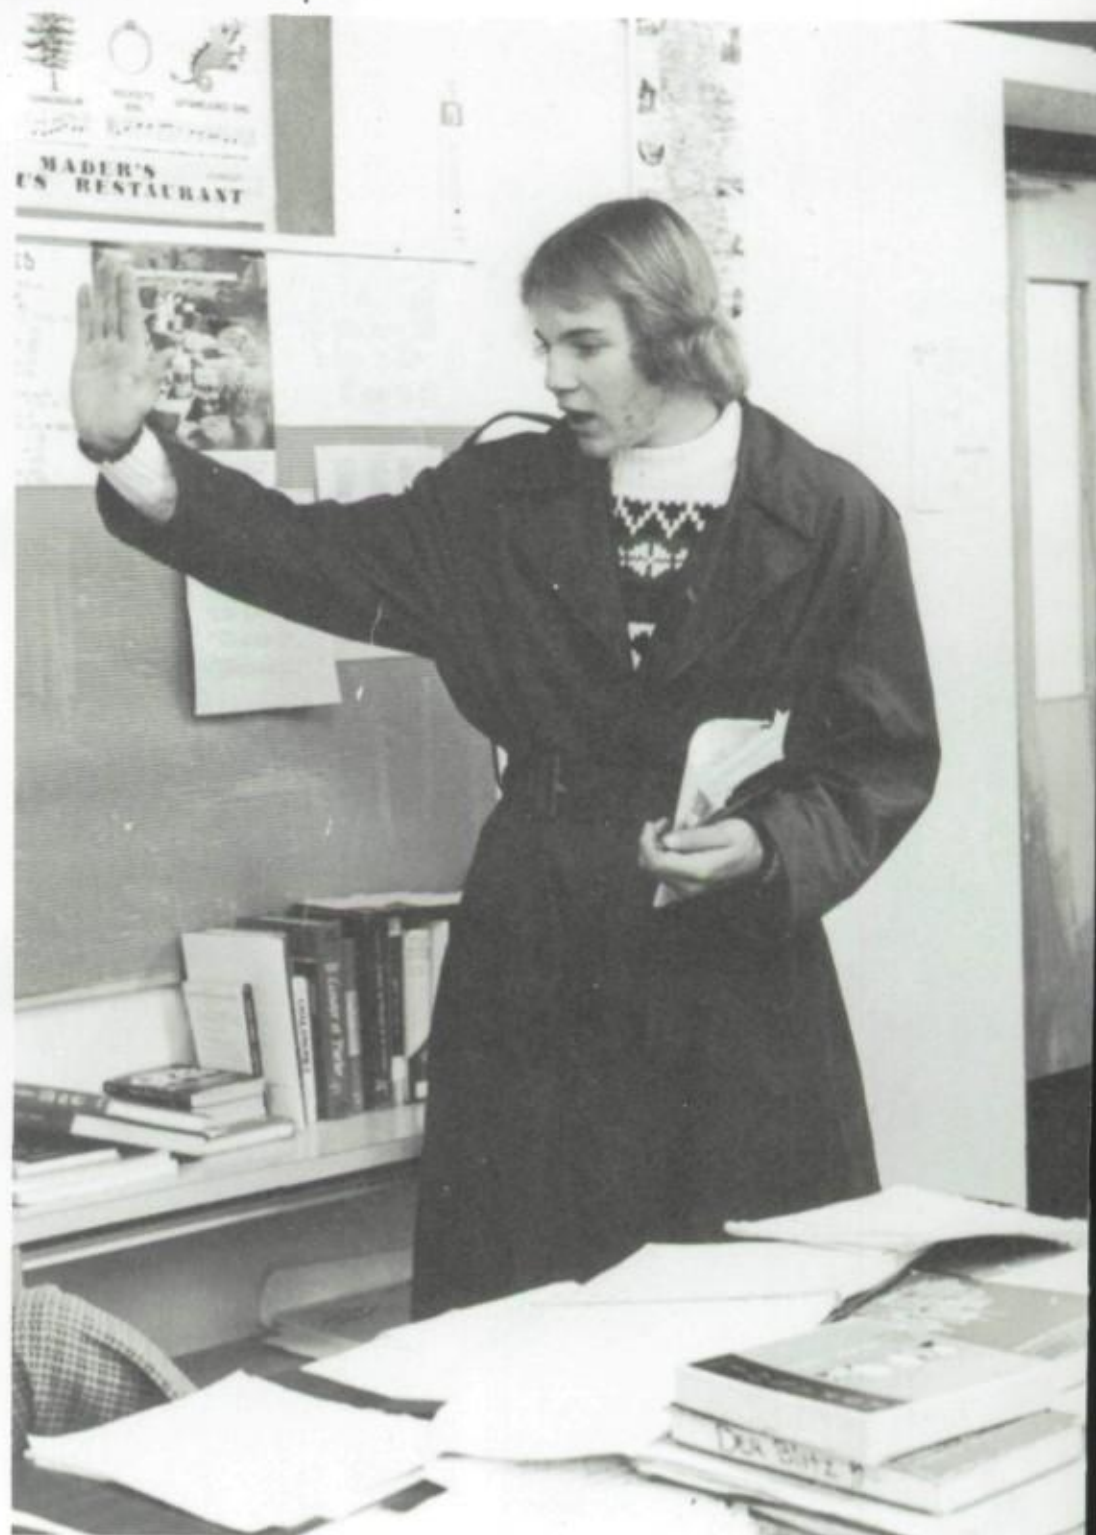

Under the direction of Herr Gavitt, the German Club had a very active year. They held an Oktoberfest, which is a traditional German festival celebrating the harvest. They also went on camping, hiking and fishing trips. A booth featuring German food was sponsored by the club at the Carnival del Oro. The club was composed of German students from all four years. They tried to meet every two weeks to plan their next project. The club also worked with the U of A's German Club. Officers of the club were president Dino Green and treasurer Jon Hurst.

1

2

Page 168: Picture 1, The German Club. Picture 2, Herr Gavitt stares in disbelief at his German Club. Picture 3, Hail Herr Gavitt!

3

The Concerned Ecologists

The Students for Environmental Action club consisted of the students concerned mainly with the environment around them. Basically, the club's funds came from recycling drives which collected glass, aluminum and tin cans and paper. This year, the S.E.A. club used the money that it collected for a Christmas Food drive for the underprivileged. The club teamed with the speech club in some of these recycling activities. The club officers were president Babs Wiley, vice president Kathy Rosenbluth, secretary Robyn Blake, and publicity was done by Barbara Murry. The sponsor who made this club possible was Mr. Ford, who took over the club upon the absence of Mrs. Emmerick.

1

Page 171: Picture 1, The choir relaxes during difficult day in practice. Picture 2, A motivating day in choir. Picture 3, Mr. Hanky directs.

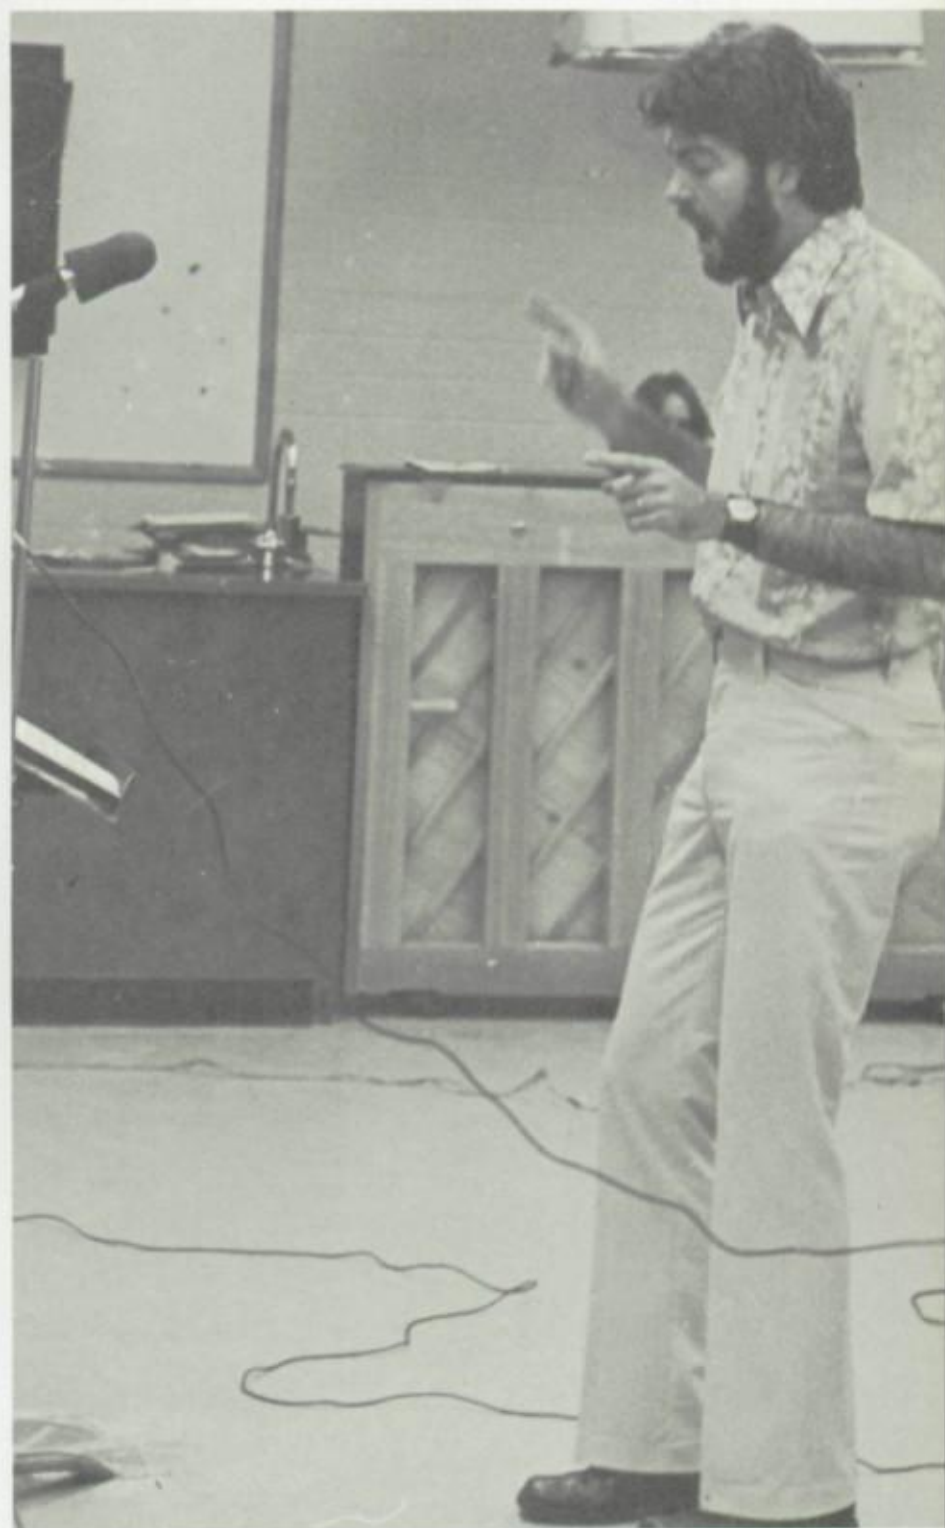

3

Voices in Harmony

The Canyon del Oro choir club consisted of four major groups. These groups were known as Ensemble or otherwise known as The Canyon Singers, the Concert Choir, Advanced girls choir, and mixed chorus. These four groups met in the classrooms but also attended many extra curricular activities. The choir director Mr. Hankey stated, "I think that joining choir club has a great value to you later on in life, and I hope the students at C.D.O. will always be able to look back at their musical experiences at C.D.O." He also mentioned that the purpose of the club would be for the students to be able to learn some of the necessary outlooks about music, and for students who are willing and interested in pursuing a career in music.

Picture 3, At conference.

2

Students in Government

The Canyon del Oro Student Government gave students representation in the functions of the school. It was made up of the Student Government and a Faculty-Administration Board. Meeting twice and often three times a week, class officers and students discussed ideas and future plans for school activities with Teacher-Administration Counselors. Their main goal was to encourage school spirit among the students and to get them involved and participating in the various activities. They sponsored many of the noon-time activity functions. The S.F.A.B. was made up of six students and six faculty members. Its purpose was to consider the old school policies and try to develop new and better ones.

Pulling Together

In it's fourth year at Canyon del Oro, the Student Faculty Administration Board, attempted to solve the problem of students renting instead of purchasing books from the bookstore. The S.F.A.B. was comprised of twelve members: six students, four faculty members, one administrator and one counselor. Generally, the board met once a week. At these meetings, which were supervised by John Ritchie, the members examined problems, complaints, and suggestions given to them by the student body. This board was the way all Canyon students could bring their complaints to the faculty.

1

2

3

4

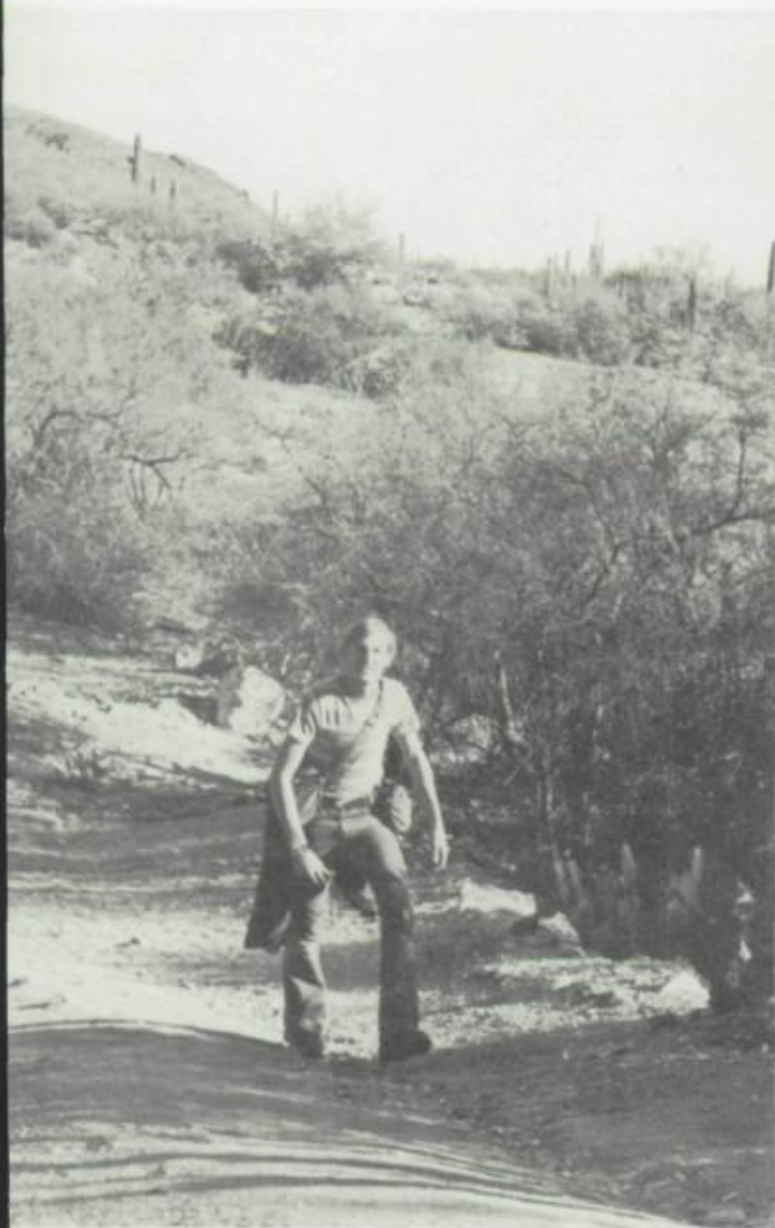

Keep on Hiking

The first hike of the year was along the Butterfly Trail on Mt. Lemmon. The Hiking Club also made numerous hikes in the Tucson Mountains, the Catalinas, and the Santa Rita Mountains. There were 18 members in the club. The members paid their own way since there were no fund raising activities. The Club's spokesman for the year was Will Spalding. During the year, the club had speakers from the Mountain Rescue Association talk about safety while hiking. The philosophy of the club was to meet other hikers and to make information available to other hikers. Meetings were held at least several times a month in Mr. Gibson's room.

Acting Is a Scene

The Drama Department was as successful as ever. Miss Rena Cook, the head of the Drama Class, did a tremendous amount of work with all her students from training them to act in plays to putting on make-up. Because 18 out of 35 students were Seniors, the class was geared to train them for future career opportunities. Many of the students were planning to go to college to look for further acting experience. Canyon's first Drama production of the year was FLOWERS FOR ALGERNON, a production based on "Charlie" a mentally retarded child. "Charlie" was played by Senior Brad Rucker.

1

2

Getting It Together

This year D.E.C.A. did many exciting things. Mrs. Greenway, the head of the D.E.C.A. department, was very active in finding part time and full time jobs for her second year students. D.E.C.A. had many different fund raising activities, one of which was selling mums during homecoming week and Valentines day. The week of C.D.O.'s 1976 Homecoming, the D.E.C.A. class sold 823 mums. The D.E.C.A. class then used the money to give Thanksgiving and Christmas parties to needy children. Students from CDO and from other D.E.C.A. conferences met for the annual D.E.C.A. conference in March. The students presented and displayed their own individual projects which they later discussed and compared with the different D.E.C.A. classes from other schools.

3

The Palantir Sees Everything

Canyon del Oro's newspaper, the Palantir, again kept up its reputation as one of the finest papers in the city. The publication, which came out once every three weeks, contained a special feature section, an editorial story, and a recap about Canyon's sporting events. The feature section, which is on a completely different topic each issue, is completely left up to the imagination of the staff. Ms. Morgan, who returned as advisor in place of Charlie Beckner, felt that working on the Palantir was a lot of work but was fun, and that taking the one year absence to study journalism made working on the Palantir that much easier.

Page 182: Picture 1, Robin Wooldridge helps Chuck Hassen to stand on his head during a meeting. Picture 2, The Honor Society.

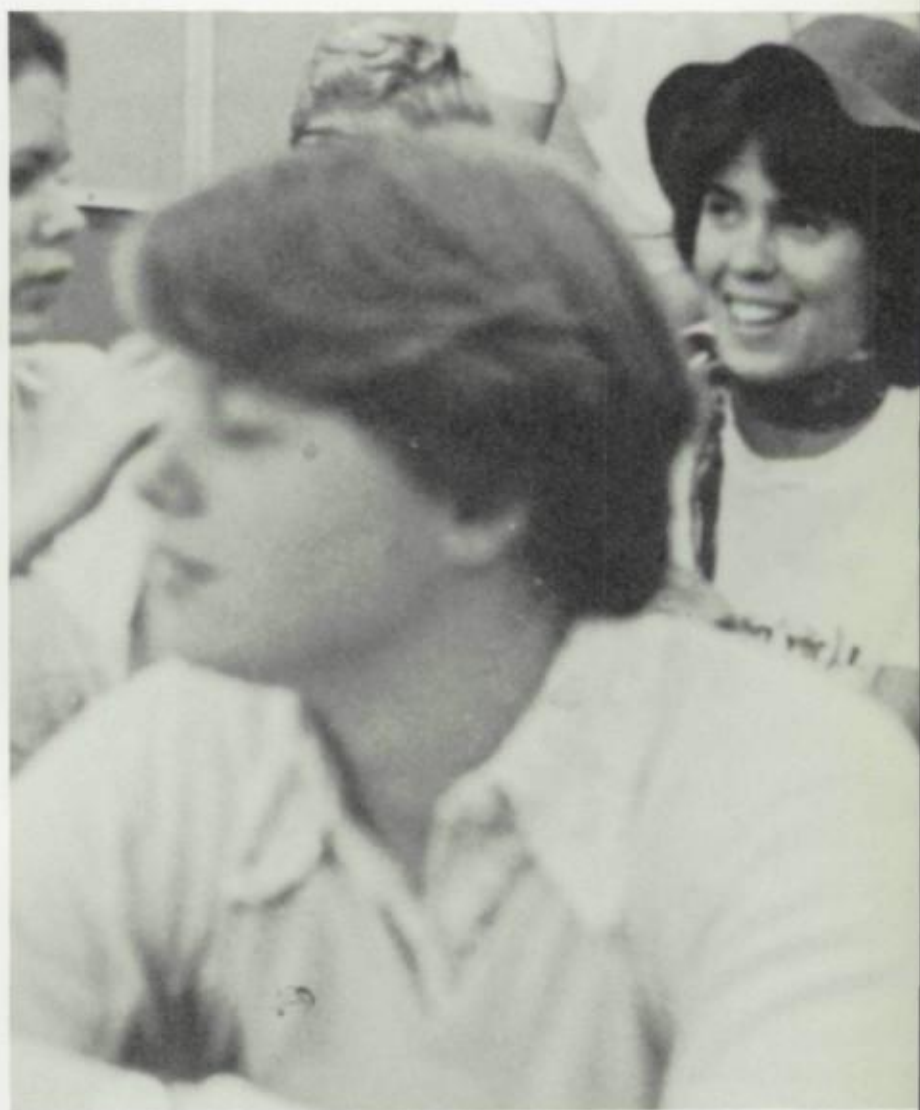

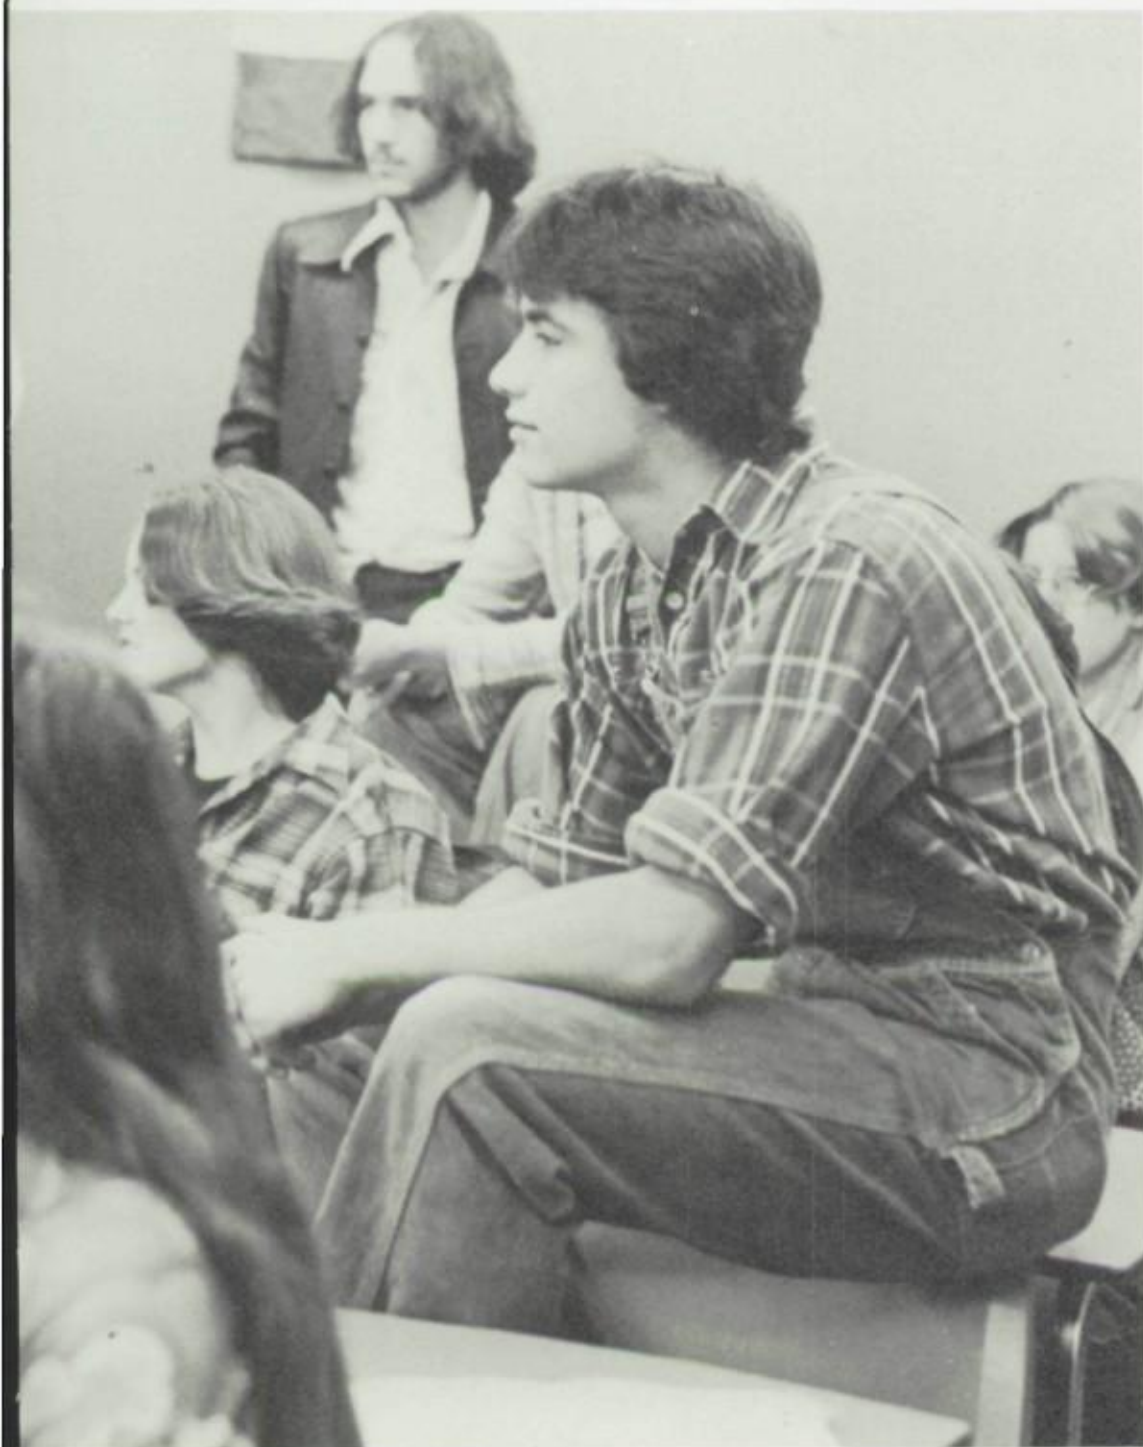

2

Scholarship, Leadership, Character

The honor society was a club for juniors and seniors who had achieved academic excellence and displayed leadership and service. The prospective members had to maintain a 3.5 grade point average in their solid subjects, be an active member of a school club, and be recommended for membership by his or her teachers. If the student had these qualities, a faculty advisory board would decide if the student could join the club. The induction ceremony for the new members was held in November. The club, sponsored by Sam LoMaglio, handled the tutoring service for Canyon students. Funds for the club were raised through carwashes, bake sales, and the sponsoring of the jail at the Carnival del Oro.

Page 185: Picture 1, Curt Wahl and Diana Boyer type final copies. Picture 2, Beth Cowles shows Diane Boyer her idea for a caption. Picture 3, Wake up, Heidi! Picture 4, Mark Morris prepares to type his final copy.

3

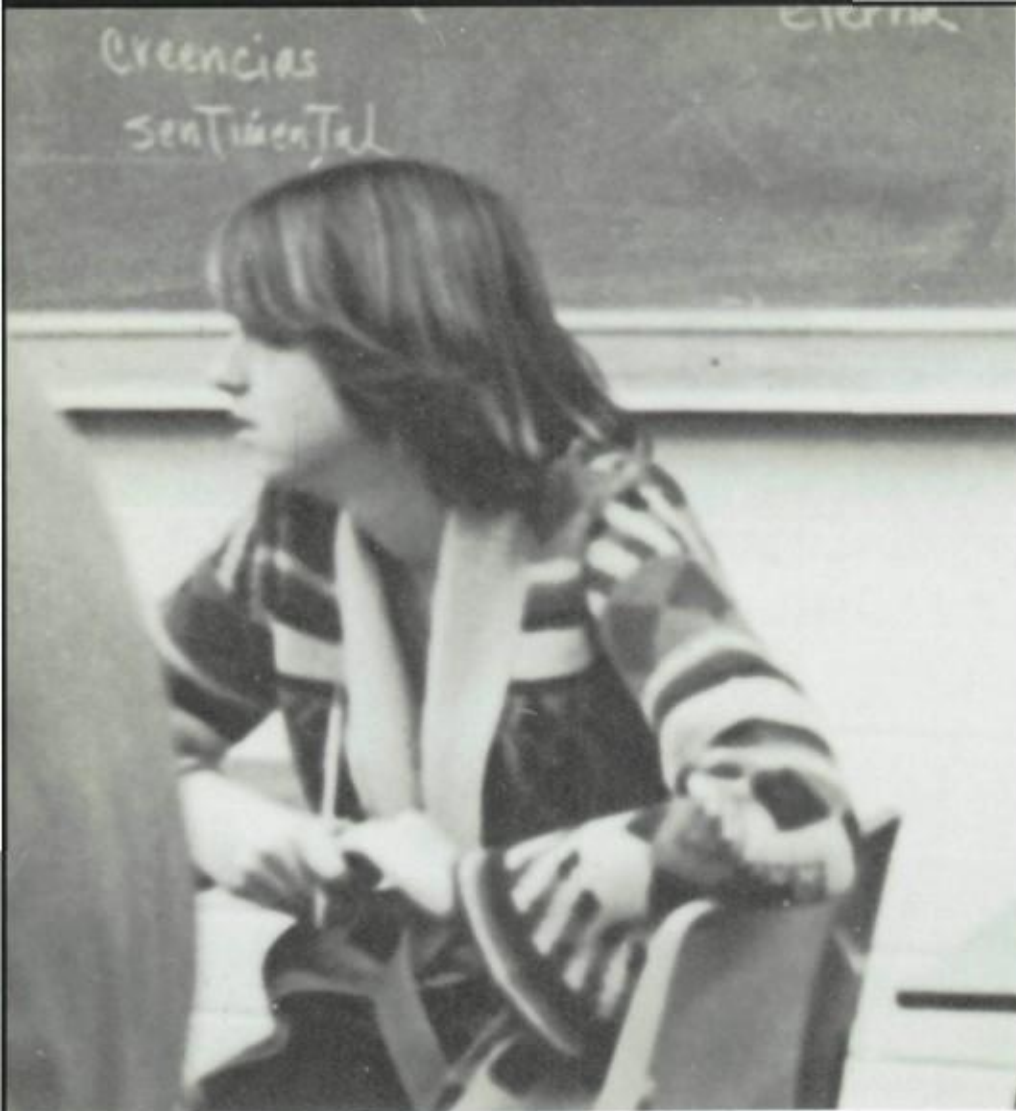

Preserving Memories

After having gone through many weekend sessions, night meetings, and two dozen bowls of popcorn, the yearbook staff managed to put together something that resembled a yearbook. The staff, under the direction of Advisor Tim Connolly and Editors Beth Cowles and Chris Tober, struggled through copywriting, layouts, headlines, and captions.

This year, the cost of one copy of the Años de Oro yearbook rose from \$8.00 to \$9.00 with the change of the publishing company and higher printing costs. The total price of the book rose from \$7100 to \$8200. So because of this, we were unable to have the Senior portraits in color, which would have cost an extra \$2000.

4

Downhill All the Way

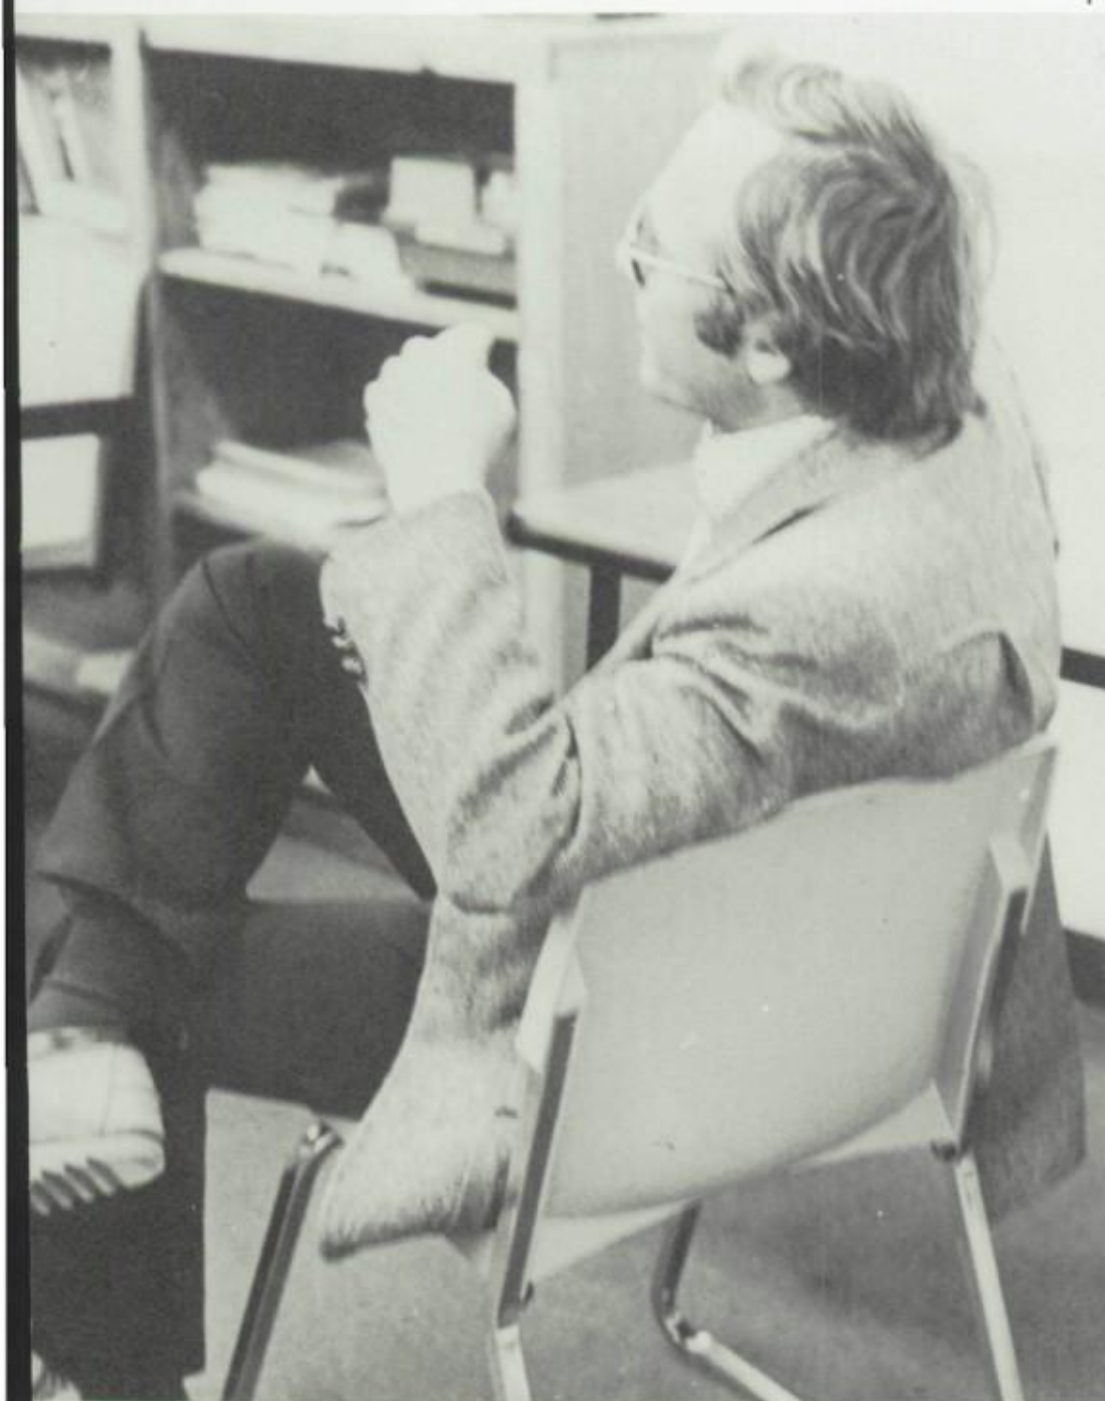

1

For anyone who loved to ski, the ski club was offered to beginning as well as advanced skiers at C.D.O. This year, the fifty two members of the ski club planned a six day ski outing to Salt Lake City, Utah during the spring break. Advisor Señor Sanchez also planned a few trips to Sunrise, located in the White Mountains.

For two dollars in dues and the expenses of the trips, anyone was welcome to join the club.

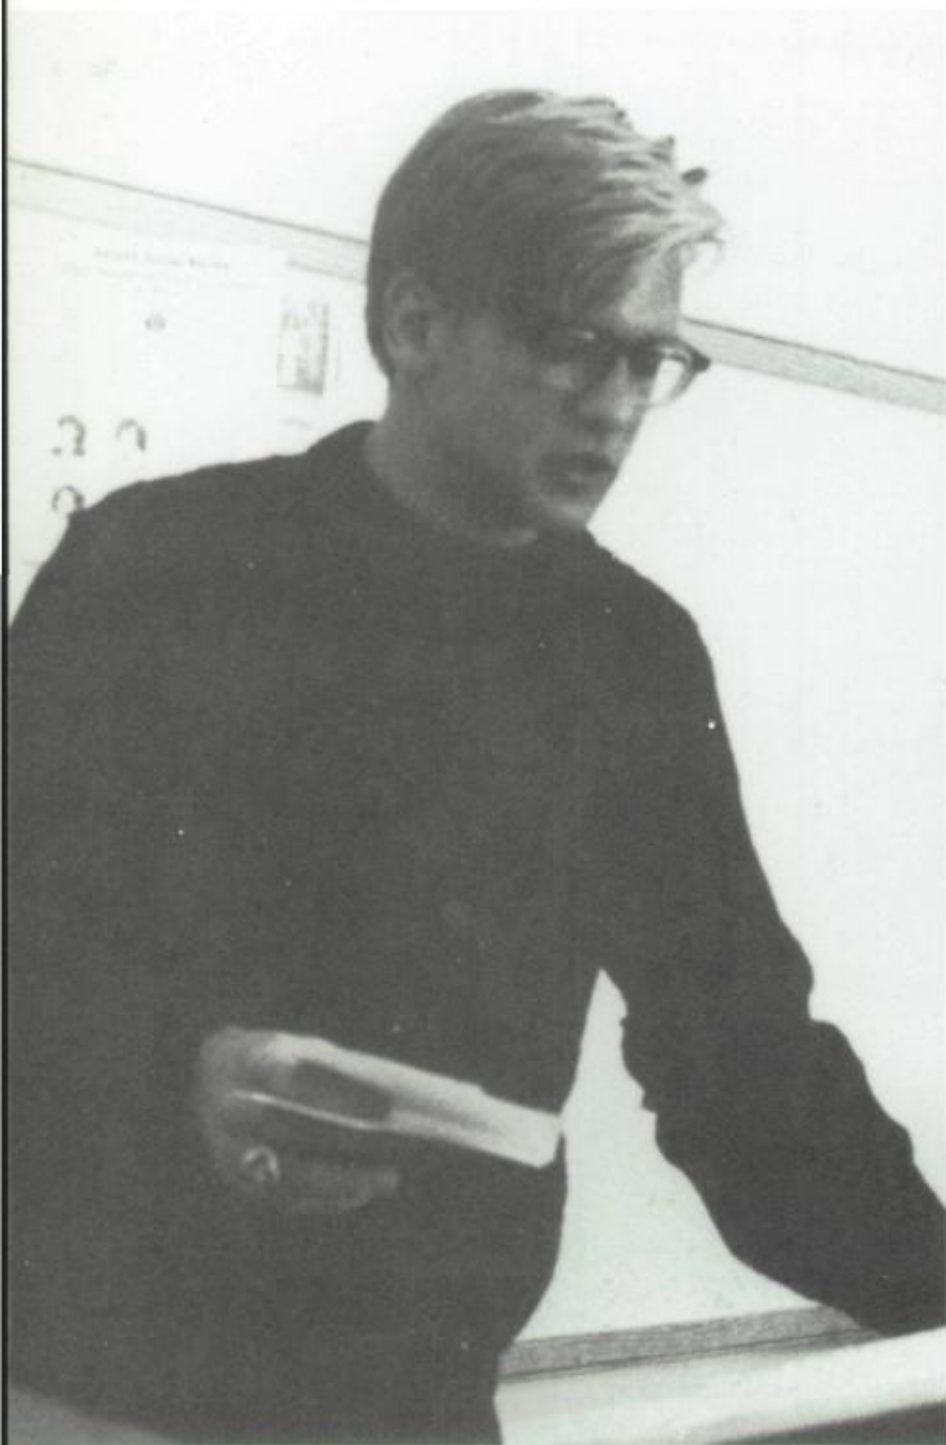

The president of the club was Steve Buchbaum. They held their meetings to discuss and prepare for the upcoming ski trips.

1

Page 188: Picture 1, Brad Kohl presents a constructive argument in his debate case. Picture 2, Bob McCrary hurriedly takes down information during a debate. Picture 3, Debaters listen and take notes during a speech by an opponent.

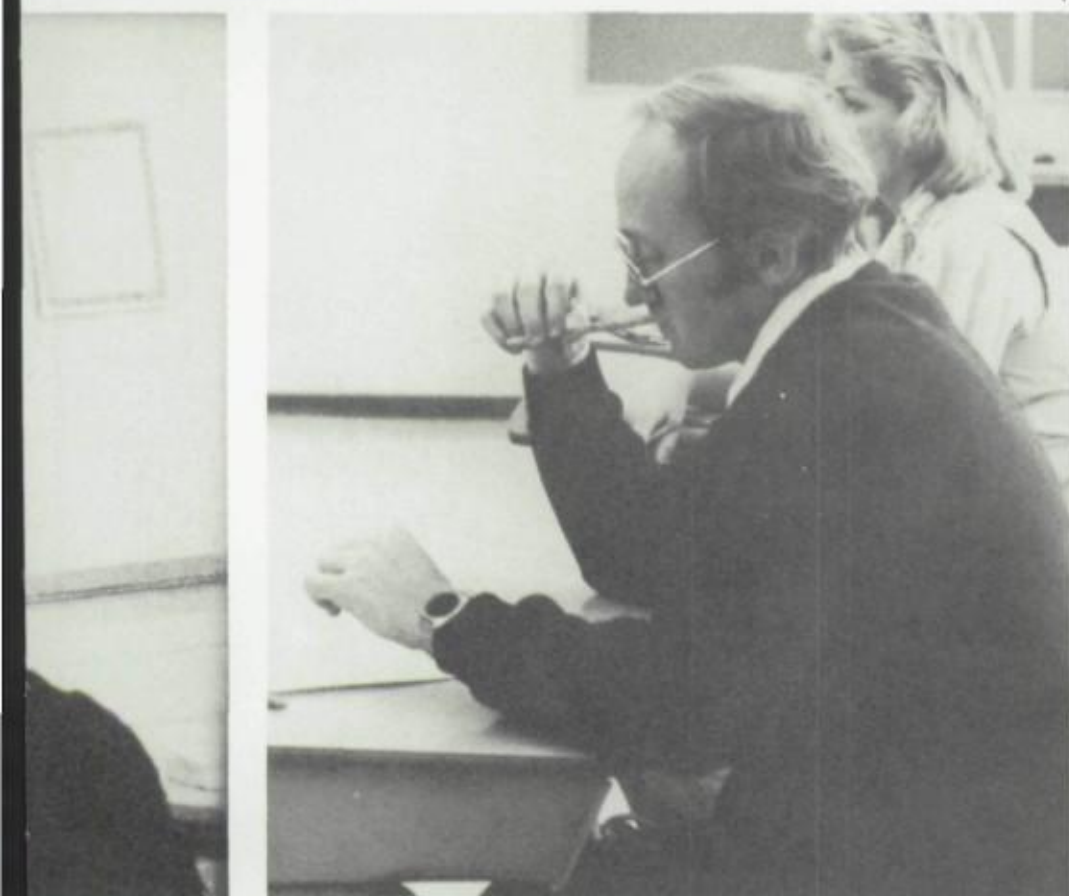

Page 189: Picture 1, Brad Khol makes final preparations for his speech. Picture 2, Student listens intently to a speech. Picture 3, Mr. Weismiller ponders on distributing points in a debate.

Debaters Head For State

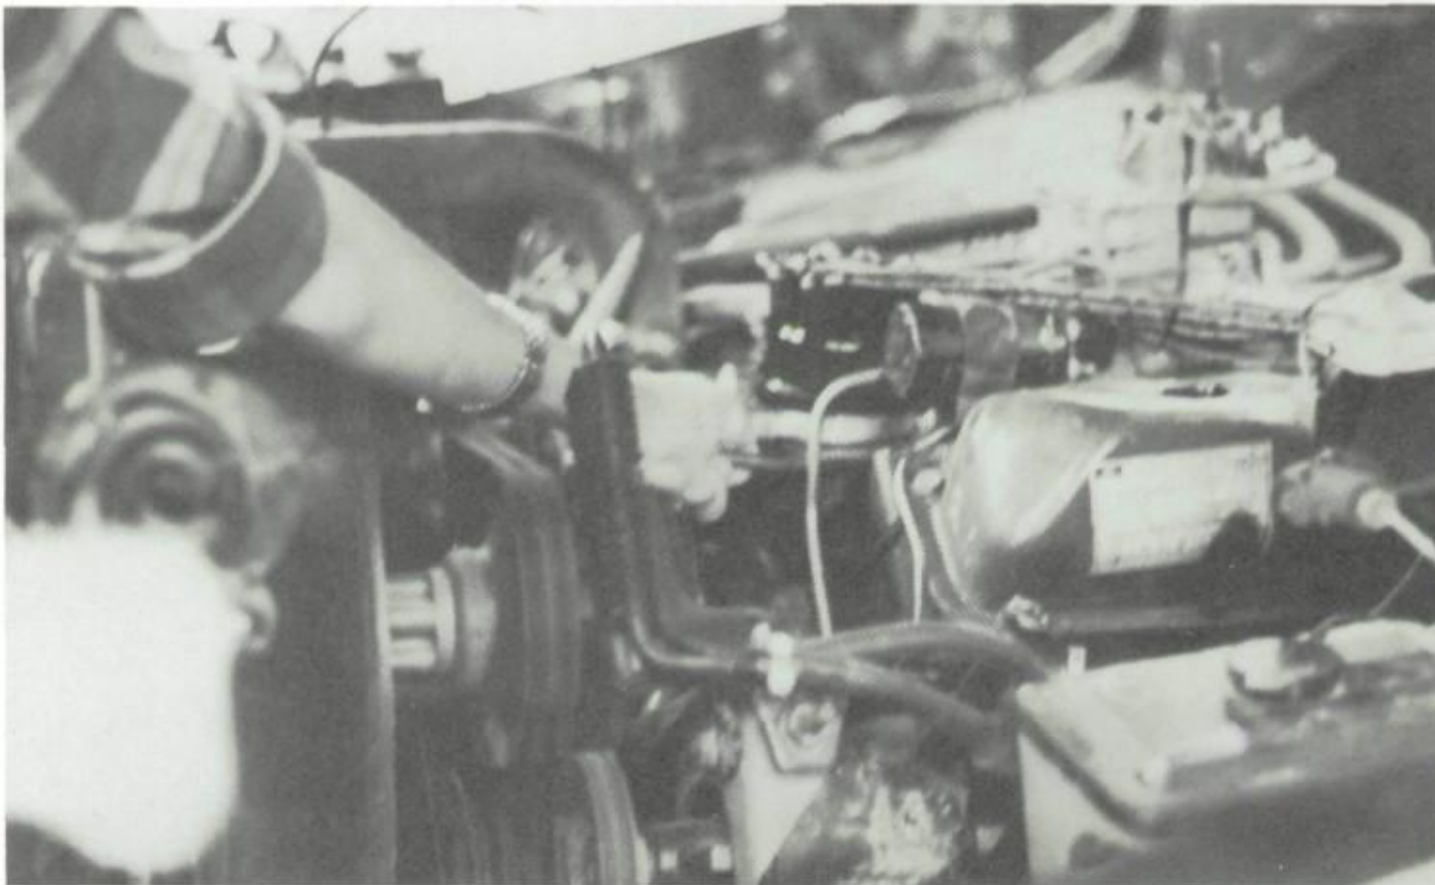

The Speech Club's main philosophy was to survive in tournaments. And this they did. The Canyon Del Oro speech team was rated first in the state of Arizona and the only speech team invited from Arizona to the prestigious UCLA invitational tournament. The club, which is a nonprofit organization, was headed by Mr. Weismiller. There were several recycling drives held throughout the course of the year which provided the club with sufficient funds for transportation. At the ASU invitational, the CDO novice team of Eric Tasso and Michelle Briere took second place. Three out of the four teams from Canyon Del Oro also made it to quarter finals at ASU.

2

3

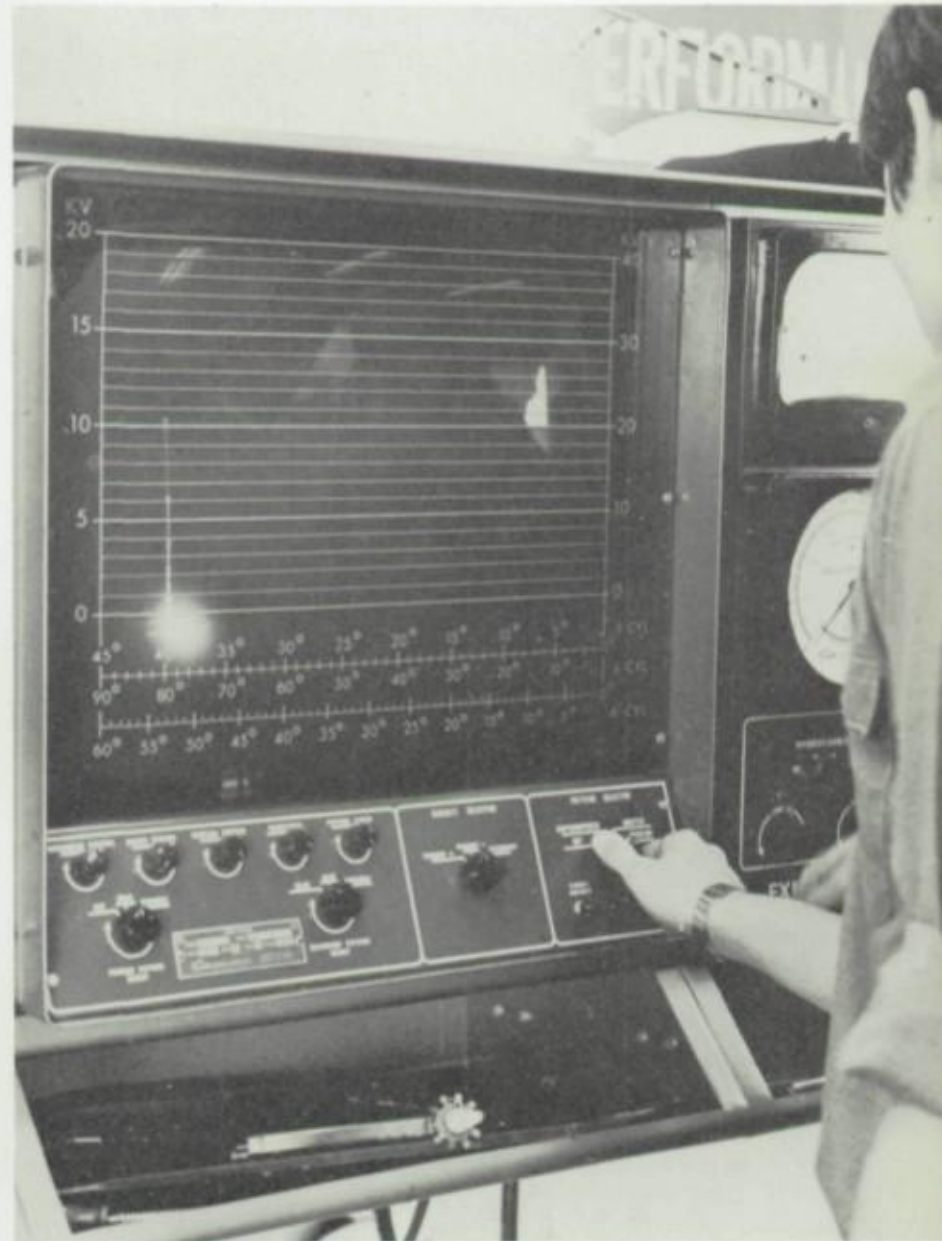

2
 Page 190: Picture 1, In the dusty desert, air filters often need to be replaced. Picture 2, Auto club member 'tuning up'.
 Page 191: Picture 1, Mr. Francom and his crew in the Auto Club.
 Picture 2, Mike Burkholder checks ignition system on a car. Picture 3, "I knew I should of have put that emergency brake on!"

Auto Tech Keeps on Rolling

The Auto Tech Club provided many students with a way to develop a useful vocational skill. According to Mr. Framcon, Auto Mechanics is a growing occupation, and the need for skilled mechanics is increasing. Many members feel that belonging to the club has helped their knowledge about automobiles. The students involved in Auto Tech Club were able to rebuild automobiles and they received the chance to experiment with different testing devices. The club is primarily made of people interested in entering the profession of Auto Mechanics. The Auto Club is growing because of the tremendous student interest and the tangible results of the industrial educational program.

Picture 3, Pam Garcia and Kristy Anderson share a secret between cheers.

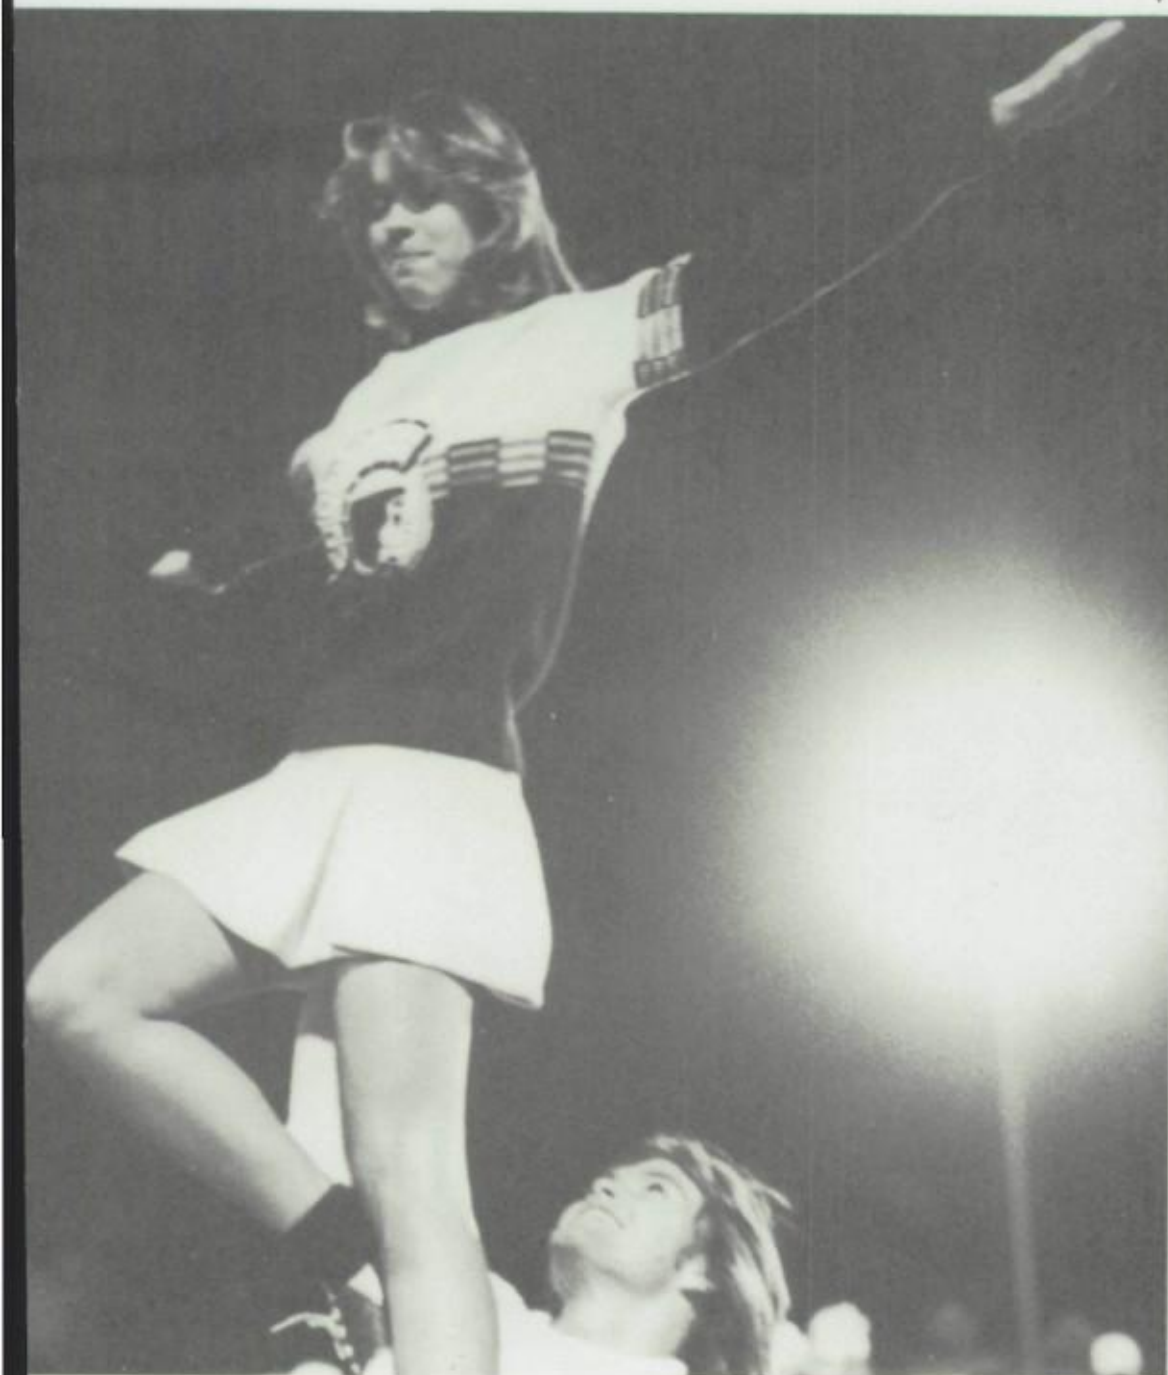

3

Spirit in Action

Making colorful favors to place on lockers and creating posters to promote spirit were all a part of the duties of the cheerleaders. In order to become a cheerleader, one had to try out during the summer, and had to be willing to put in two hours of practice every day. According to Miss Carrera, the sponsor of the cheerleaders at Canyon del Oro, "Spirit at Canyon del Oro was exceptional." She furthermore added, "Students and Faculty members have reached an all time high in spirit at Canyon del Oro." Canyon had cheerleaders in most sports, namely, in the areas of Football, Basketball, and Wrestling.

1

2

Picture 3, Dena Morris gets into the swing of it.

Page 195: Picture 1, Stepping in Starlight. Picture 2, Come on and Cheer! Picture 3, Songleaders line up the "Pep Rally".

3

Spirit and Determination

This year's Songleading squad was made up of seventeen members. To become a Songleader, each girl had to prove that she was spirited, excited, got good grades and was willing to practice long, hard hours. They put out all of their effort into raising spirit from the school by making posters and livening up assemblies. They dedicated a lot of time during class meetings and much more afterwards, too. They each made their own uniform before the season started. Together, before each game, they made locker favors for the team member's lockers. Keeping in step and smiling with the band, our Songleaders inspired the Dorados and Dorado fans with their joyous cheers.

Making the Move

Placed fourth, the Canyon del Oro chess team seemed to be one of the favorites for the state titles, with many returning members. The team competed in regional, state, and divisional tournaments. Their competing season started in September and lasted through April. Under the supervision of Al Cortez, the club met everyday after school and practiced their individual skills by competing against each other and learning new techniques and strategies. The whole club consisted of fifteen students. The Varsity Team was made up of the best five players and the Junior Varsity Team was made up of the next best five players. For the first time in C.D.O.'s history, members of the Varsity Team were eligible to letter in Varsity Chess.

Page 196: Picture 1, Back row left to right: John Cox, Peter Tims, Al Cortez, Bob McCrory. Front row: Pat Cray, Paul Gold. Picture 2, Hey! you cheated. Picture 3, Decisions, Decisions.

Rodeo

Under the direction of advisor, Rick Wilson, the rodeo club has become more active than ever before. A variety of fund raising activities provided the club with enough capital to sponsor the Rodeo club dance in February. The money was used to benefit the club and its activities.

Contributing to Football

1

The Green and Gold Club, which was composed of football players on all levels, was strictly a fund raising function. Under the sponsorship of Mr. Bob Smith and the direction of president Brian Beismeyer, the money that was made in the off season was put into an account for all the football teams. This allowed the team members to make a contribution to their sport. With the money raised, they bought film to take pictures of all teams, Varsity, J.V. and Freshman. The Varsity football games were shown to the parents for a fee. The club also held a number of team breakfasts. Other officers of the club were vice-president Jeff Carreon, secretary Dennis Martin and treasurer Hal Snider.

2

Page 198: Picture 1, Tim Abeln turns the corner and runs for good yardage. Picture 2, Canyon kicks the extra point that put the Dorados ahead of Amphi to stay. Picture 3, An Amphi player is tackled by an unidentified Canyon lineman.

3

Lights, Camera, Action

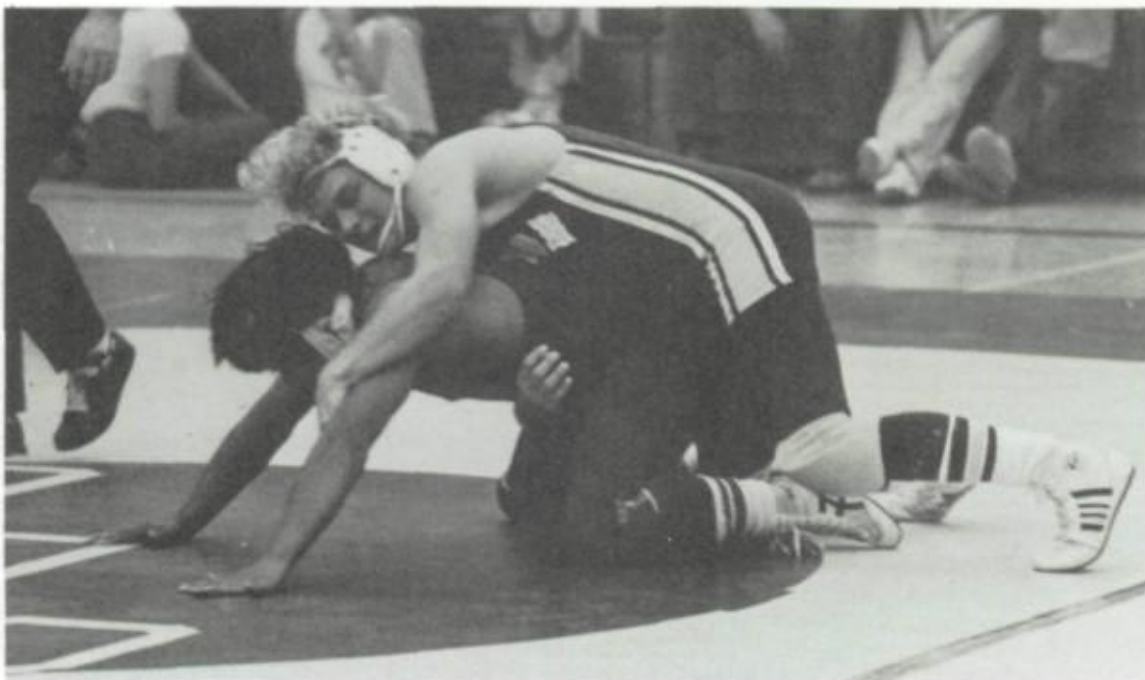

The purpose of the film club was to teach students the process and techniques of creating and shooting a film. At the film club meetings, which were usually held on Mondays, the members discussed plans for funding the club's activities. The money was raised by car washes and other fund raising functions. The money raised was used to purchase film and pay for processing and development. The major project by the club this year was the making of an adventure film based on Ian Fleming's novel about James Bond. The two club officers were Bob Weismiller and David Cummings and the club was sponsored by Pete Seidel. Creativity and self expression through film were obviously beneficial for all club members.

Page 199: Picture 1, Pete Seidel sponsor of Film Club. Picture 2, Film Club members.

Raising Money for Wrestling

The Grapplers Club, which was formed five years ago, made up all high school wrestlers at Canyon del Oro. The main objective was to raise money for extras, such as T-shirts, additional meal money for trips, and also to travel to wrestling clinics. Money for the club was raised by the wrestlers themselves. Since there was no Lettermens Club at C.D.O., each sport had their own clubs. Last year, the Grapplers purchased four banners pertaining to the seasons in which the wrestlers have won divisionals or state tournaments. The club usually met during the wrestling season, and they elected officers from the three classes of wrestlers: Freshmen, Junior Varsity and Varsity.

Page 200: Picture 1, Scott Clifford attempts to flip over an opponent. Picture 2, The Dorados placed second in Divisionals. Picture 3, Clayton Martin goes for the pin.

Dorados Raise Money for Roundballers

The Dorados Club was made up of all the basketball players at Canyon del Oro. The main objective of the club was to raise money for trips, better meals on away matches, improvements on the basketball uniforms, and for the purchasing of banners pertaining to the seasons in which the basketball team won divisional or state tournaments. Officers were appointed for the club, and the club met every day after school during the basketball season. Since there was no Letterman's Club at C.D.O., each sport had their own club. The money was raised by the basketball players themselves, with the devoted help of Mr. Tissaw.
